List of Abbreviations

CFVS – Commercial Fishing Vessel Safety	HSDN – High Seas Drift Net
FBS - Russian Federal Border Service	MBL – US/Russian Maritime Boundary
FF/V – Foreign Fishing Vessel	NPSC – North Pacific SAR Coordinator
GOA – Gulf of Alaska	SAR – Search and Rescue
HC-130 – USCG Fixed-Wing Aircraft	UMIB –Urgent Marine Info Broadcast
HEC/MEC – High/Medium Endurance Cutters	WLB –225ft Buoy Tender
HH65/60 – CG helicopter	WPB – 110ft Patrol Boat
MARB – Marine Assistance Request Broadcast	POB – Persons on board
CGC – Coast Guard Cutter	IVO – In the vicinity of
SMC – SAR Mission Coordinator	MEDEVAC – Medical Evacuation
NVG – Night Vision Goggles	AVDET – Aviation Detachment
FOL – Forward Operating Location	

I. High Seas Drift Net (HSDN) Enforcement

There was no HSDN enforcement activity conducted over the reporting period. The next HSDN enforcement patrol is scheduled to last 90 days, with a month of supporting flights by USCG HC-130 aircraft and a month of support by a Canadian Air Force aircraft. In addition, a major high endurance cutter, CGC MELLON, will be on patrol in the area for approximately 80 days.

II. U.S./Russian Maritime Boundary Line (MBL) Enforcement

Activity along the MBL was light over the reporting period with an average of three fishing vessels operating within 20 miles of the MBL in December 2014 and no activity within 20 miles of the MBL during January through March 2015. There were no surface or air patrols of the MBL for the purpose of incursion detection during December 2014 through March 2015, due to the low levels of fishing vessels operating near the line. However, there were three surface patrols and six air patrols in the vicinity of the MBL in response to the sinking of the South Korean F/V 501 ORYONG and the subsequent search and rescue (SAR) activities. CGC MUNRO patrolled from 03-05 December 2014 and reported a total of 12 sightings of foreign F/Vs (FFVs), all located within the RS EEZ. CGC ALEX HALEY patrolled from 05-07 and 11-13 December 2014 and reported no sightings of FFVs. There was one HC-130 flight per day from 01-06 December 2014 in support of the SAR case, with no incursions detected.

III. U.S./Canadian EEZ Boundary (Dixon Entrance) Enforcement

There were three suspected incursions detected by AIS along the southern U.S./Canadian EEZ boundary, west of Dixon Entrance in January 2015. These three suspected incursions were by the F/V OCEAN PEARL (CA) between 06-08 January. A USCG HC-130 was diverted to investigate the F/V OCEAN PEARL, however the vessel was in the Canadian EEZ at the time it was sighted. Notifications were made to the Canadian Department of Fisheries and Oceans (DFO), with a request for their assistance and investigation. DFO agents opened an investigation and met the OCEAN PEARL at their next offload in Port Edward, BC on 14 January. Based on preliminary results of the investigation, DFO directed that 10 percent of the landed value of OCEAN PEARL's catch be seized, to approximate what appears to have been harvested illegally in the U.S. EEZ. The total value of the seizure is still being determined by DFO.

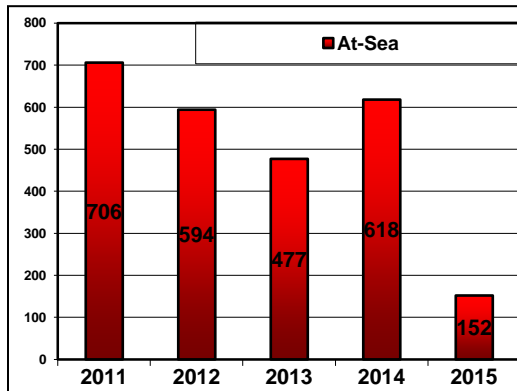

IV. Steller Sea Lions (SSL) and Critical Habitat Enforcement

The Coast Guard monitors more than 151 critical habitat areas around the state each month as part of routine cutter and aircraft patrol activity. One violation of SSL critical habitat was detected north of Kodiak Island by CGC SPAR during the reporting period.

V. Fishing Vessel Boarding Statistics

There were 180 domestic fisheries and fishing vessel safety boardings conducted by the U.S. Coast Guard during the reporting period. These boardings resulted in a total of 27 safety violations onboard twenty vessels and one federal fisheries violation onboard one vessel. Figures 1 and 2 show the historic trends for boardings and violations.

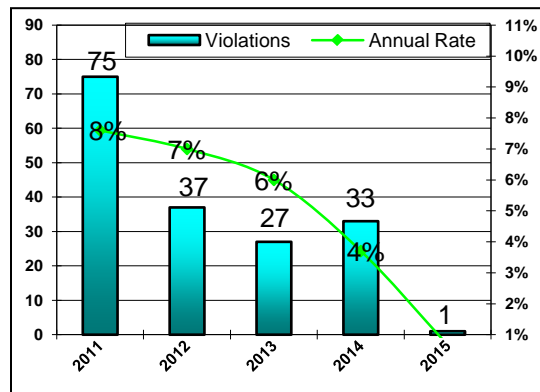

Figure 1. Fisheries Boardings By Year

Dec 2013 – Mar 2014 Boardings

F/V Boardings (at sea):169
 Boardings w/fisheries violations:15
 Violation Rate:8.87%

Figure 2. Fisheries Violations by Year

Dec 2014 – Mar 2015 Boardings

F/V Boardings (at sea):180
 Boardings w/fisheries violations:01
 Violation Rate:0.5%

VI. Halibut and Sablefish Enforcement

The IFQ halibut and sablefish fisheries opened at 1200 local time on 14 March. The Seventeenth District focused enforcement efforts around the region on monitoring the season opener. Air Station Kodiak and Air Station Sitka flew two MH-60 flights and two patrol boats patrolled Southeast Alaska during the weekend of the opener. There were twelve boardings of vessels targeting halibut over the reporting period. There were no fisheries violations during any of the IFQ halibut or sablefish boardings.

There were eight boardings of vessels fishing recreational or subsistence halibut during the reporting period. There was one fisheries violation on one vessel for harvesting halibut while the season was closed.

VII. Crab Fisheries

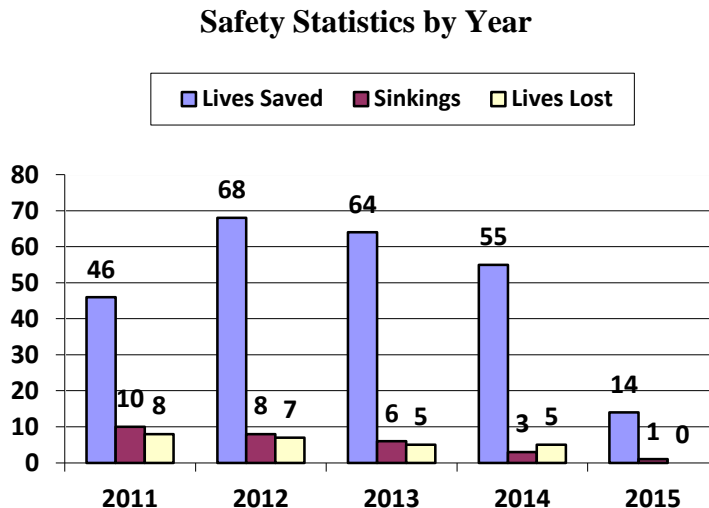

The Coast Guard focused commercial vessel safety enforcement activities on the Bering Sea crab fisheries, with CGC ALEX HALEY and CGC MUNRO conducting twelve boardings on vessels targeting Bering Sea Snow Crab and three boardings on vessels targeting Eastern Bering Sea Tanner Crab. There were two safety violations found during these boardings, one for lack of proper lifesaving equipment markings and one for unserviceable lifering buoys. In addition, a Coast Guard helicopter was forward deployed to Cold Bay for search and rescue standby.

VIII. Commercial Fishing Vessel Safety/Search and Rescue Cases

During the reporting period, 27 safety violations were detected on twenty vessels. There were two voyage terminations during the reporting period. A comprehensive list of violations can be found in Appendix C.

There were 17 SAR cases involving fishing vessels in U.S. waters, resulting in fourteen lives saved, no lives lost, and one vessel sinking. Appendix A provides a comprehensive list of search and rescue cases involving fishing vessels over the reporting period.

Figure 3. Historical Overview of CFVS Statistics

IX. Coast Guard Resource Summary

Figures 4 and 5 show the *annual* HC-130 aircraft law enforcement hours and Medium and High Endurance Cutter days used in the Seventeenth District. Figures 6 and 7 show the same information over the last three years for the *reporting period only*.

December 2014 - March 2015
Search and Rescue Cases

Date	Vessel	Case Specifics
14-Nov-14	POT LUCK	D17 Command Center received a report of F/V POT LUCK taking on water and sinking. Sector assumed SMC, issued an UMIB and CGC ANACAPA arrived O/S. ANACAPA assisted with repairs and escorted the vessel to Petersburg, AK.
27-Nov-14	INGRID ELAINE	Sector Juneau received a report of F/V INGRID ELAINE hard aground on a beach north of Sitka. A MARB was broadcast and M/V SURVEYOR responded and assisted in successfully refloating the vessel.
28-Nov-14	SOLOUR	Sector Juneau received a report of F/V SOLOUR aground and taking on water. Sector assumed SMC, issued an UMIB, and launched CG-6032. F/V CARPE DIEM assisted with repairs and SOLOUR crew chose to remain onboard once vessel regained power.
04-Dec-14	ELEON	Sector Anchorage received a report of F/V ELEON suffering a steering casualty and subsequently lost communication with vessel. CGC MUSTANG and CG-6044 launched to locate the vessel hard aground. MUSTANG towed vessel to nearest safe anchorage.
10-Dec-14	STAR DUST	Sector Juneau received a report of F/V STAR DUST taking on water. Sector assumed SMC, issued an UMIB, CG-38116 (Sitka ANT) and CG-6034 responded. 3 CG crew members and two pumps were transferred to STAR DUST to assist in stemming flooding. Vessel was successfully dewatered and F/V CORAL SEA towed STAR DUST to Sitka Harbor.
11-Dec-14	TRAIL BLAZER	D17 Command Center received a MEDEVAC request from F/V TRAIL BLAZER for 23 YOM who pinched hand in a pot launcher. Case evaluated and SMC recommended MEDEVAC. Air Station Kodiak CG-6006 launched from Cold Bay and completed MEDEVAC to Cold Bay clinic.
02-Jan-15	MJ	Sector Juneau received a report of an overdue mariner aboard F/V MJ. Sector assumed SMC, issued an UMIB, and launched Air Station Sitka MH-60 and CG-45764 in response. Vessel was located taking shelter from poor weather. No further Coast Guard assistance was requested.
13-Jan-15	IRENE H	D17 Command Center received a MEDEVAC request from F/V IRENE H for a 20 YOM suffering an abdominal condition. Case evaluated and SMC recommended MEDEVAC. Air Station Kodiak responded and transported the patient to Kodiak.
17-Jan-15	SEAFREEZE	D17 Command Center received a report of a crewman on board F/V SEAFREEZE with possible appendicitis. Case evaluated and SMC recommended vessel transport patient to Dutch Harbor for care.

Appendix A
 December 2014 - March 2015
 Search and Rescue Cases

Date	Vessel	Case Specifics
19-Jan-15	EYAK	Sector Juneau received a distress call from F/V EYAK who had run aground and was taking on water. Sector assumed SMC and launched Air Station Sitka. Air Station Sitka MH-60, Sitka Fire Boat, and Alaska State Troopers responded. Vessel was evacuated and subsequently capsized.
04-Feb-14	NORTHERN LEADER	D17 Command Center received a request for a MEDEVAC of a crewmember onboard F/V NORTHERN LEADER with a serious medical condition. Case evaluated and SMC recommended MEDEVAC. Air Station Kodiak launched from Cold Bay and transferred patient to St. Paul.
10-Feb-15	FOXY LADY	Sector Juneau received a distress call from F/V FOXY LADY taking on water. Sector assumed SMC, issued an UMIB, and Station Juneau responded with dewatering pump. Vessel successfully dewatered and Station Juneau completed tow to Last Chance Harbor.
12-Feb-15	AMERICAN TRIUMPH	D17 Command Center received a MEDEVAC request for F/V AMERICAN TRIUMPH. Case evaluated and SMC recommended MEDEVAC. Air Station Kodiak launched from Cold Bay and transferred patient to Cold Bay clinic.
16-Feb-15	SAVANNAH RAY	D17 Command Center received EPIRB alert from F/V SAVANNAH RAY. Sector Anchorage assumed SMC, conducted radio hails and determined the nature of distress was vessel grounding. Air Station Kodiak responded and evacuated 04 people, transferring them to Kodiak.
01-Mar-15	NORTHERN VICTOR	D17 Command Center received a MEDEVAC request from F/V NORTHERN VICTOR for ill crewmember. Case evaluated and SMC recommended MEDEVAC. CGC MUNRO responded and transported crewmember to Dutch Harbor
06-Mar-15	UNIMAK	D17 Command Center received MEDEVAC request from Health Force Partners for an ill crewmember onboard F/V UNIMAK. Case evaluated and SMC recommended MEDEVAC. Air Station Kodiak launched from Cold Bay and transported crewmember to Cold Bay clinic.
12-Mar-15	ALASKAN PRIDE	Sector Anchorage received a report of F/V ALASKAN PRIDE taking on water following bow strike on rocks. Sector assumed SMC and directed Air Station Kodiak to launch. MH-60 helicopter delivered dewatering pump. Vessel successfully dewatered and ALASKAN PRIDE returned to Kodiak for haul out.
