

Appendix D: Combined Adult EFH maps for the Bering Sea and Aleutian Islands Groundfish

Combined maps of adult EFH for Bering Sea and Aleutian Island groundfish for all seasons.

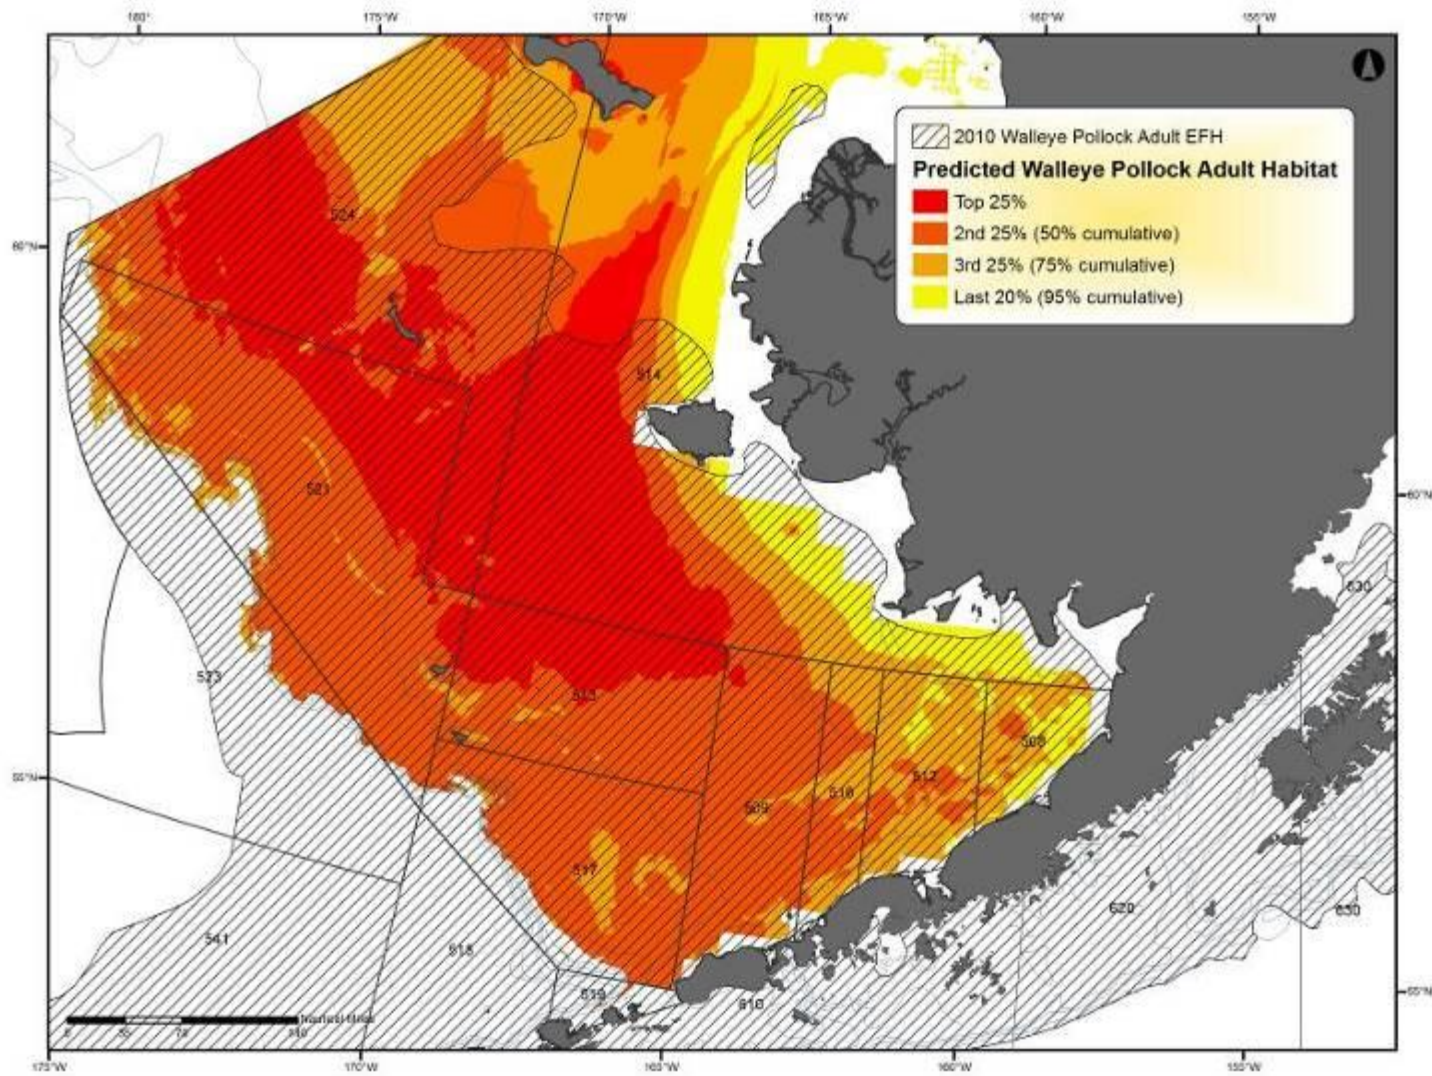

Figure D - 1 Predicted Walleye Pollock adult EFH in the Bering Sea

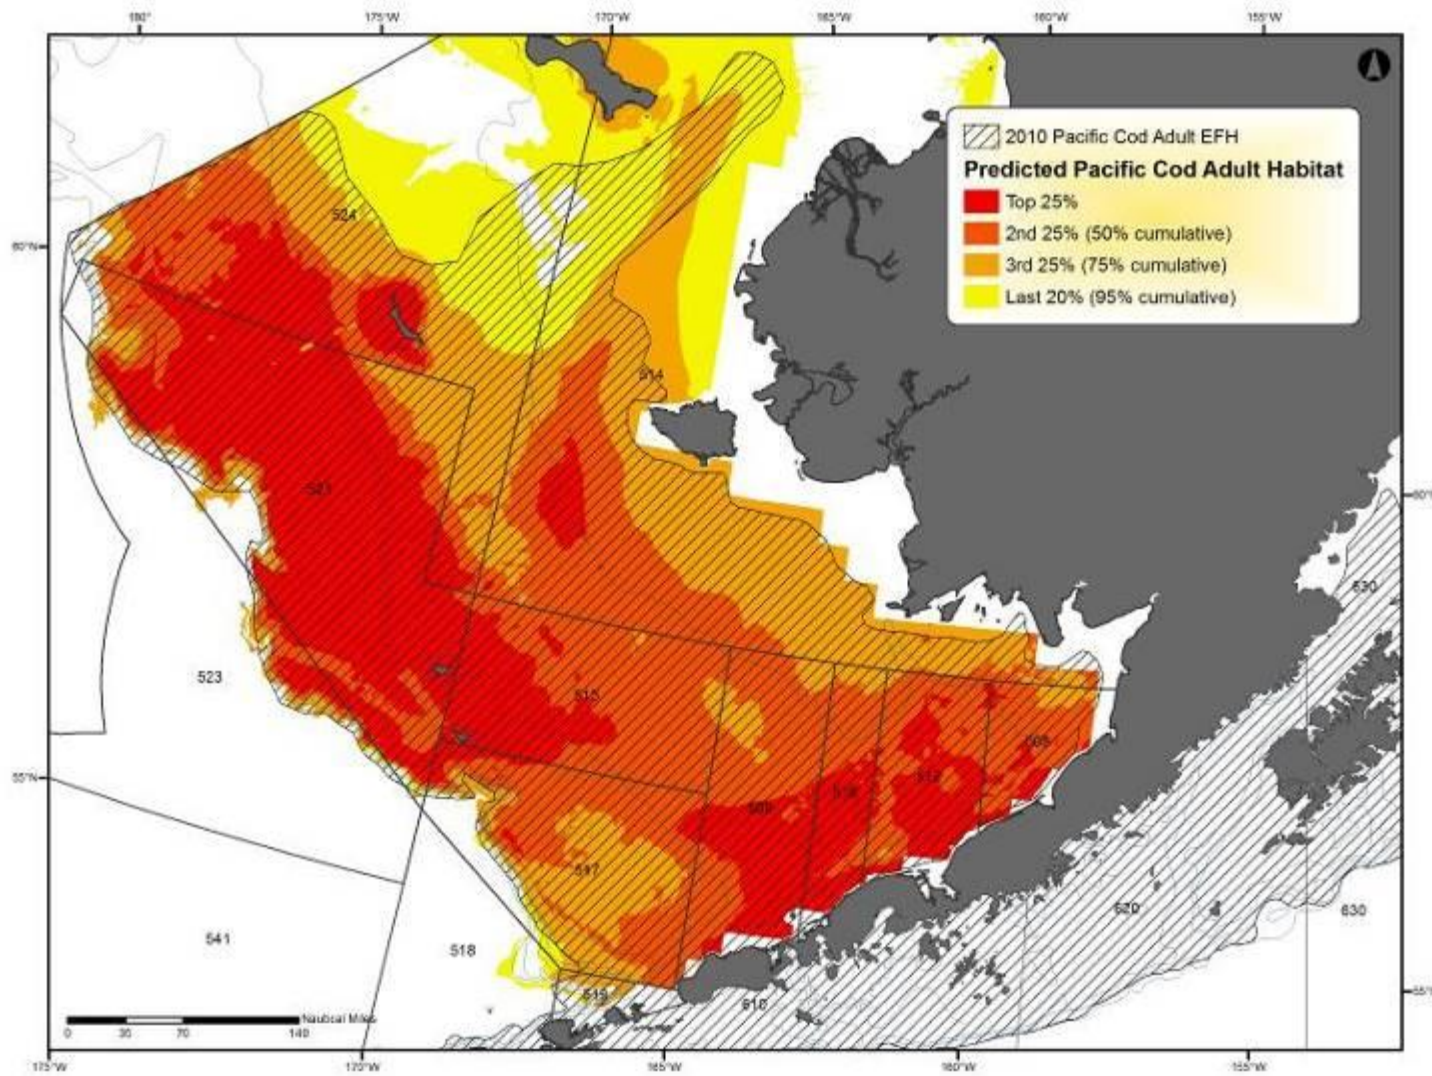

Figure D - 2 Predicted Pacific cod adult EFH in the Bering Sea

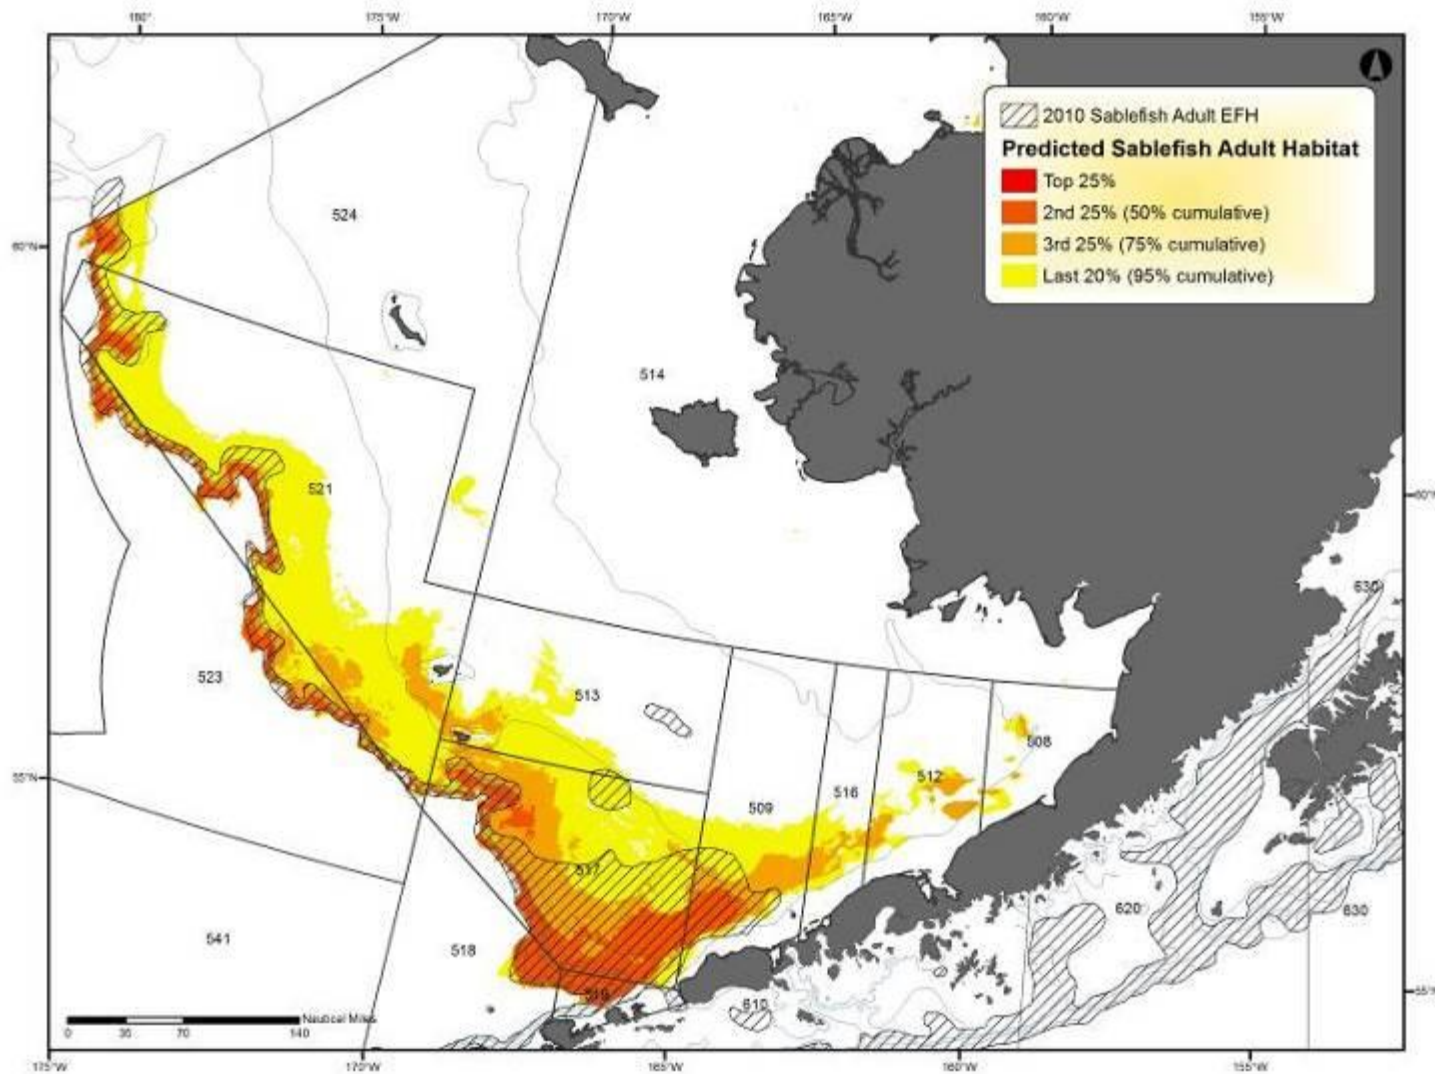

Figure D - 3 Predicted sablefish adult EFH in the Bering Sea

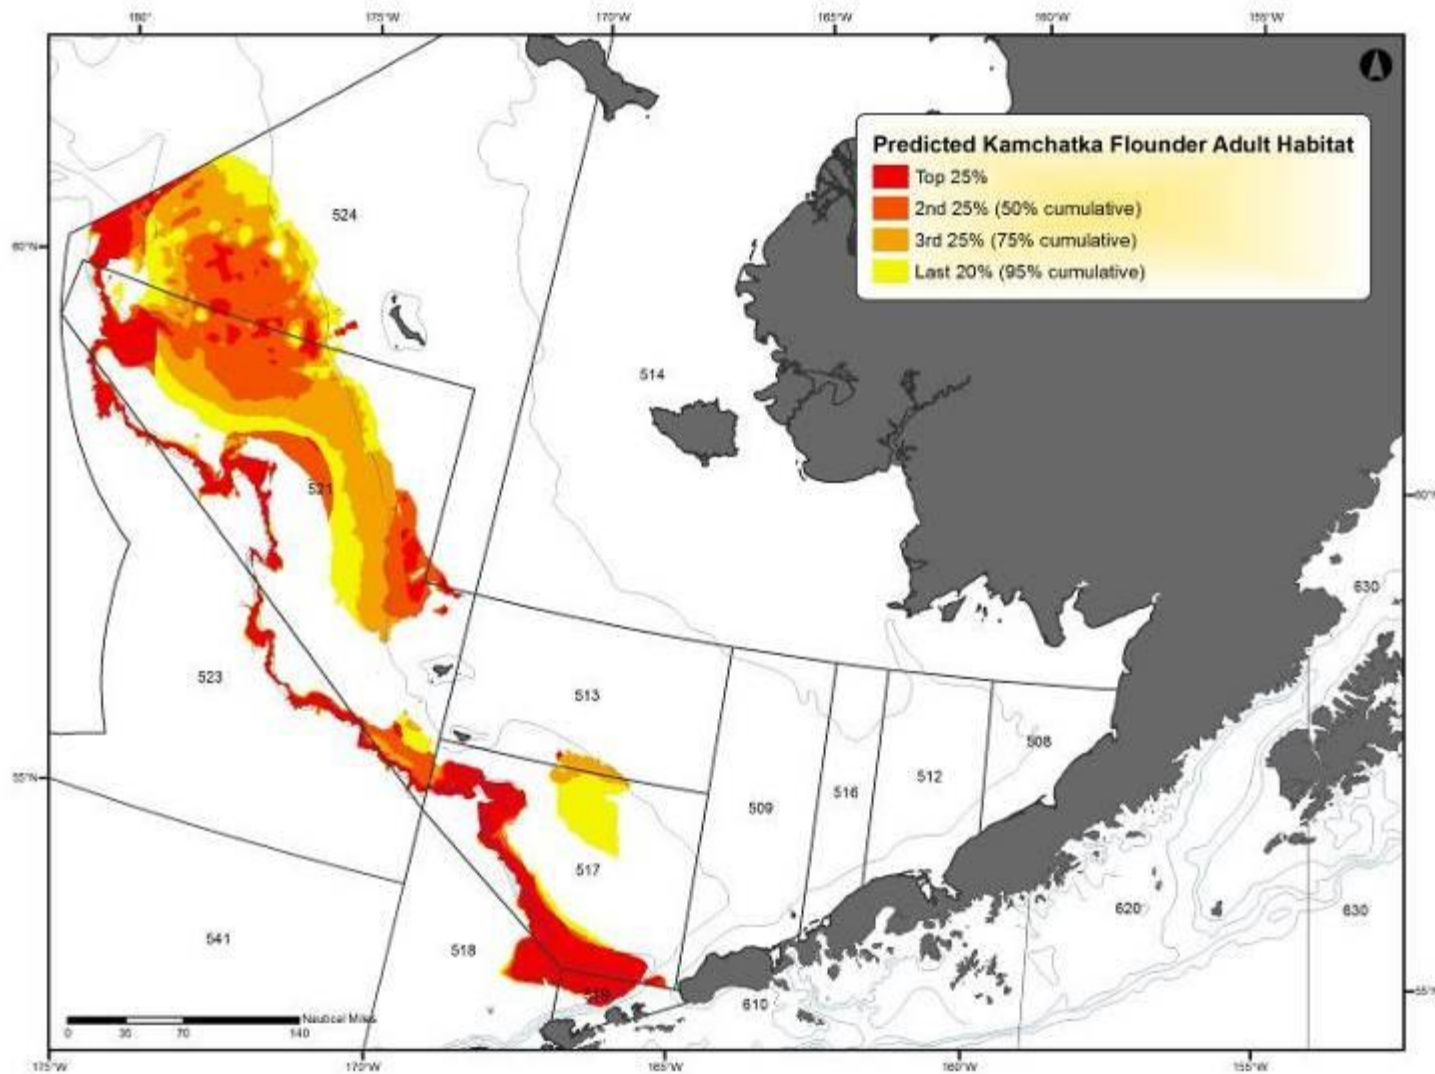

Figure D - 5 Predicted Kamchatka flounder adult EFH in the Bering Sea

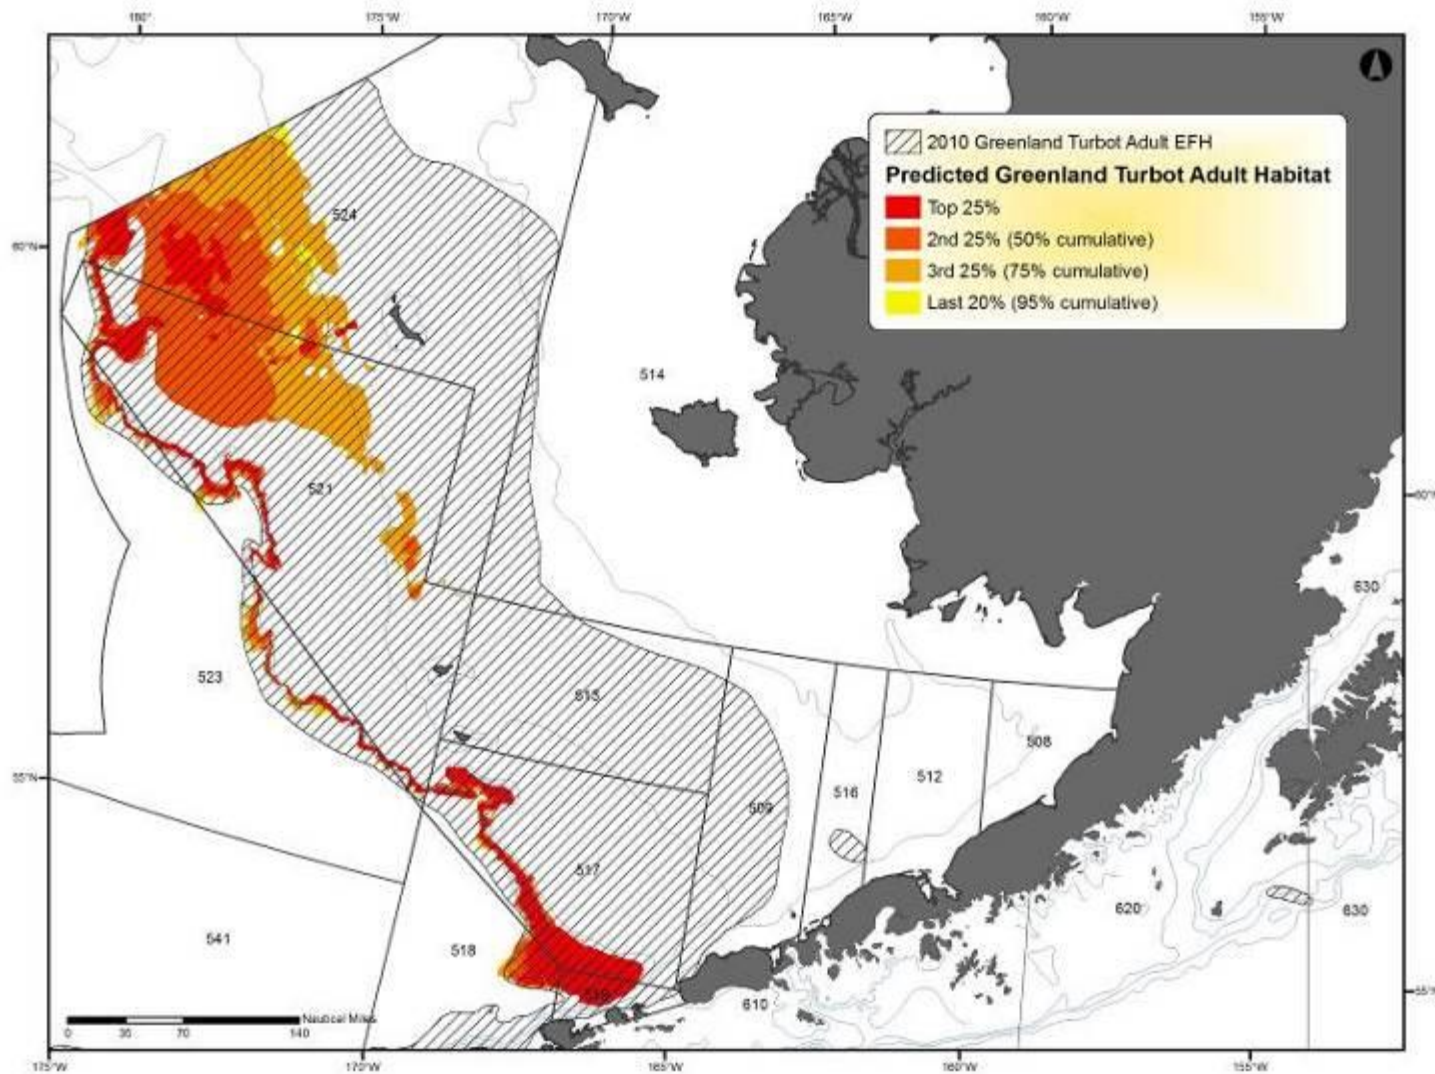

Figure D - 6 Predicted Greenland turbot adult EFH in the Bering Sea

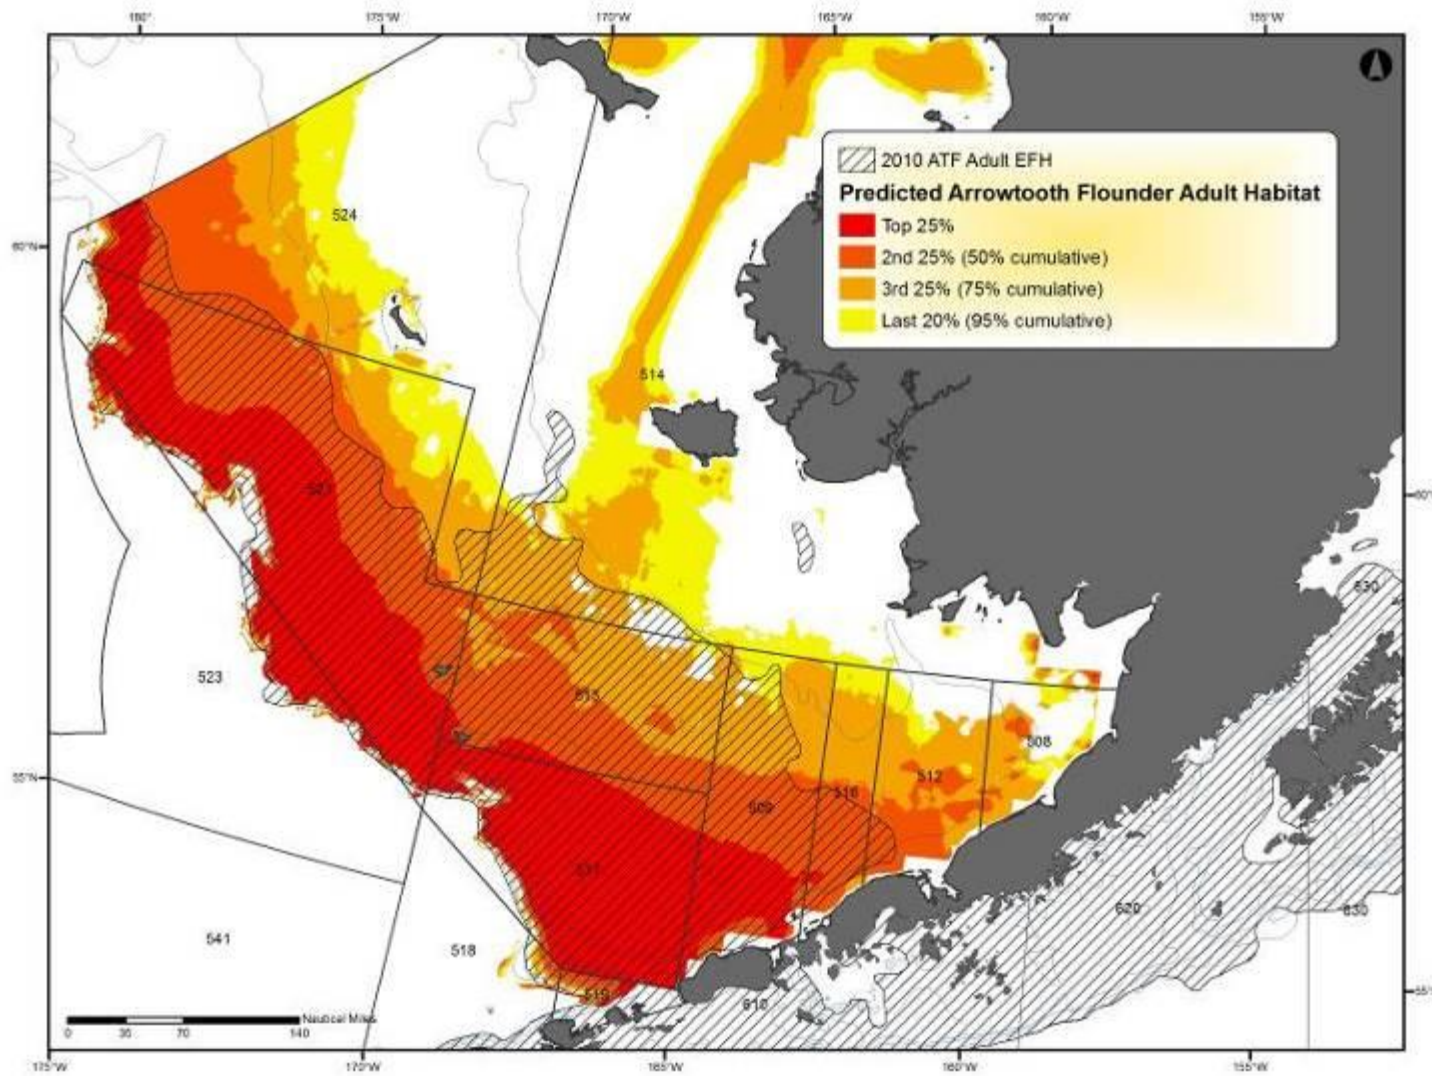

Figure D - 7 Predicted arrowtooth flounder adult EFH in the Bering Sea

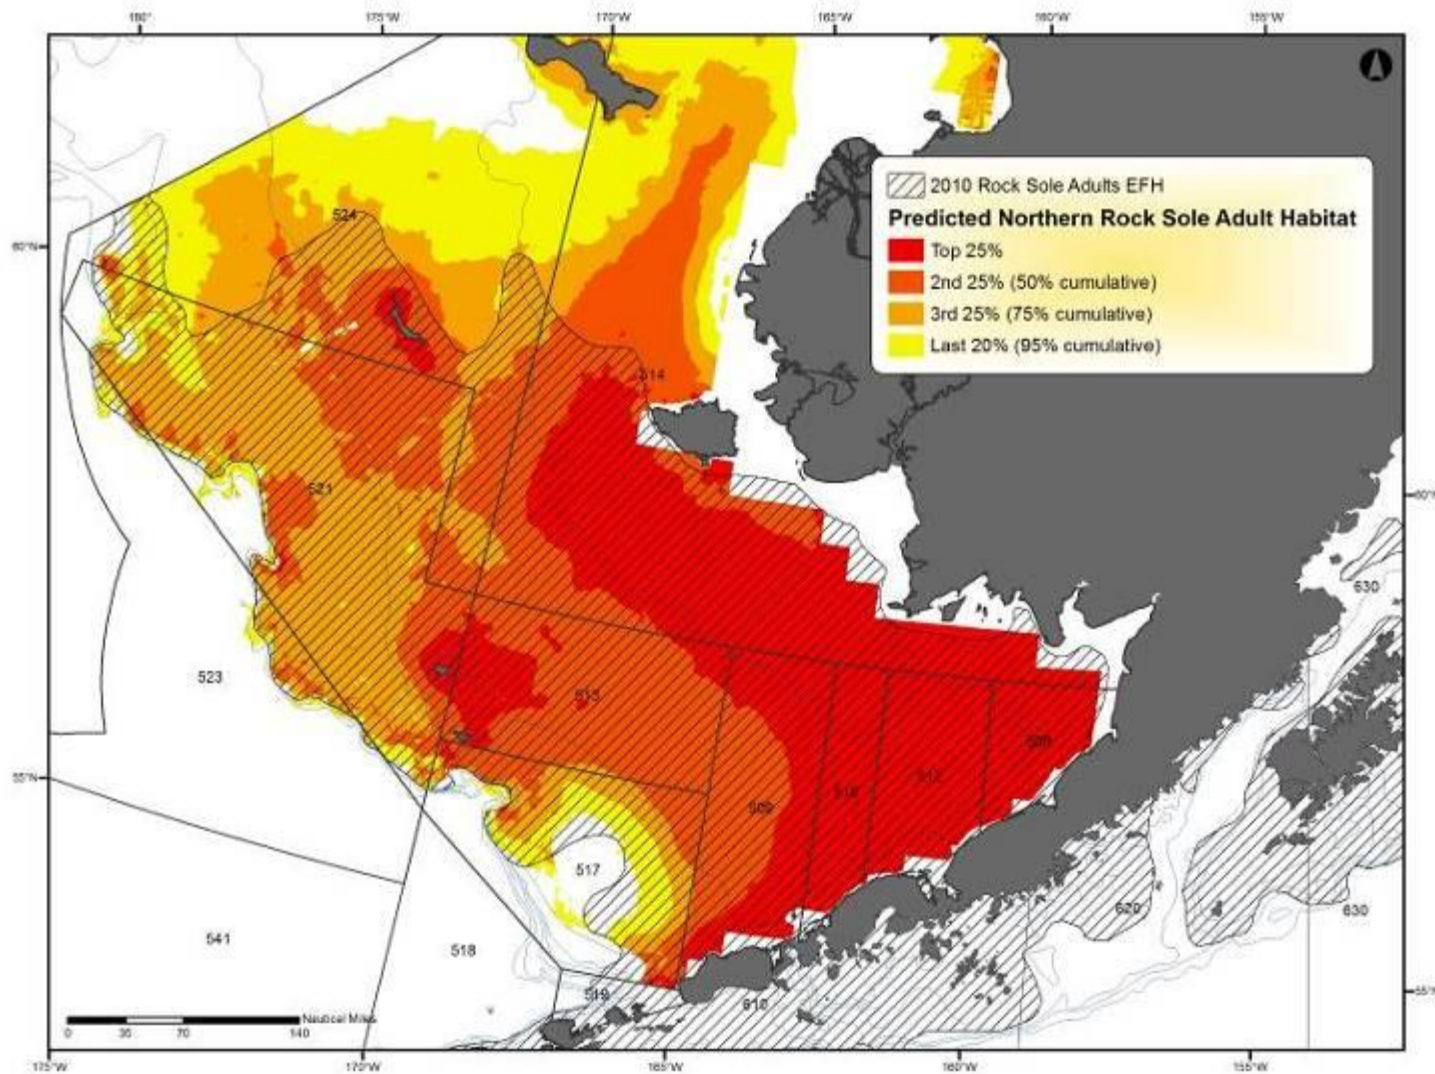

Figure D - 8 Predicted northern rock sole adult EFH in the Bering Sea

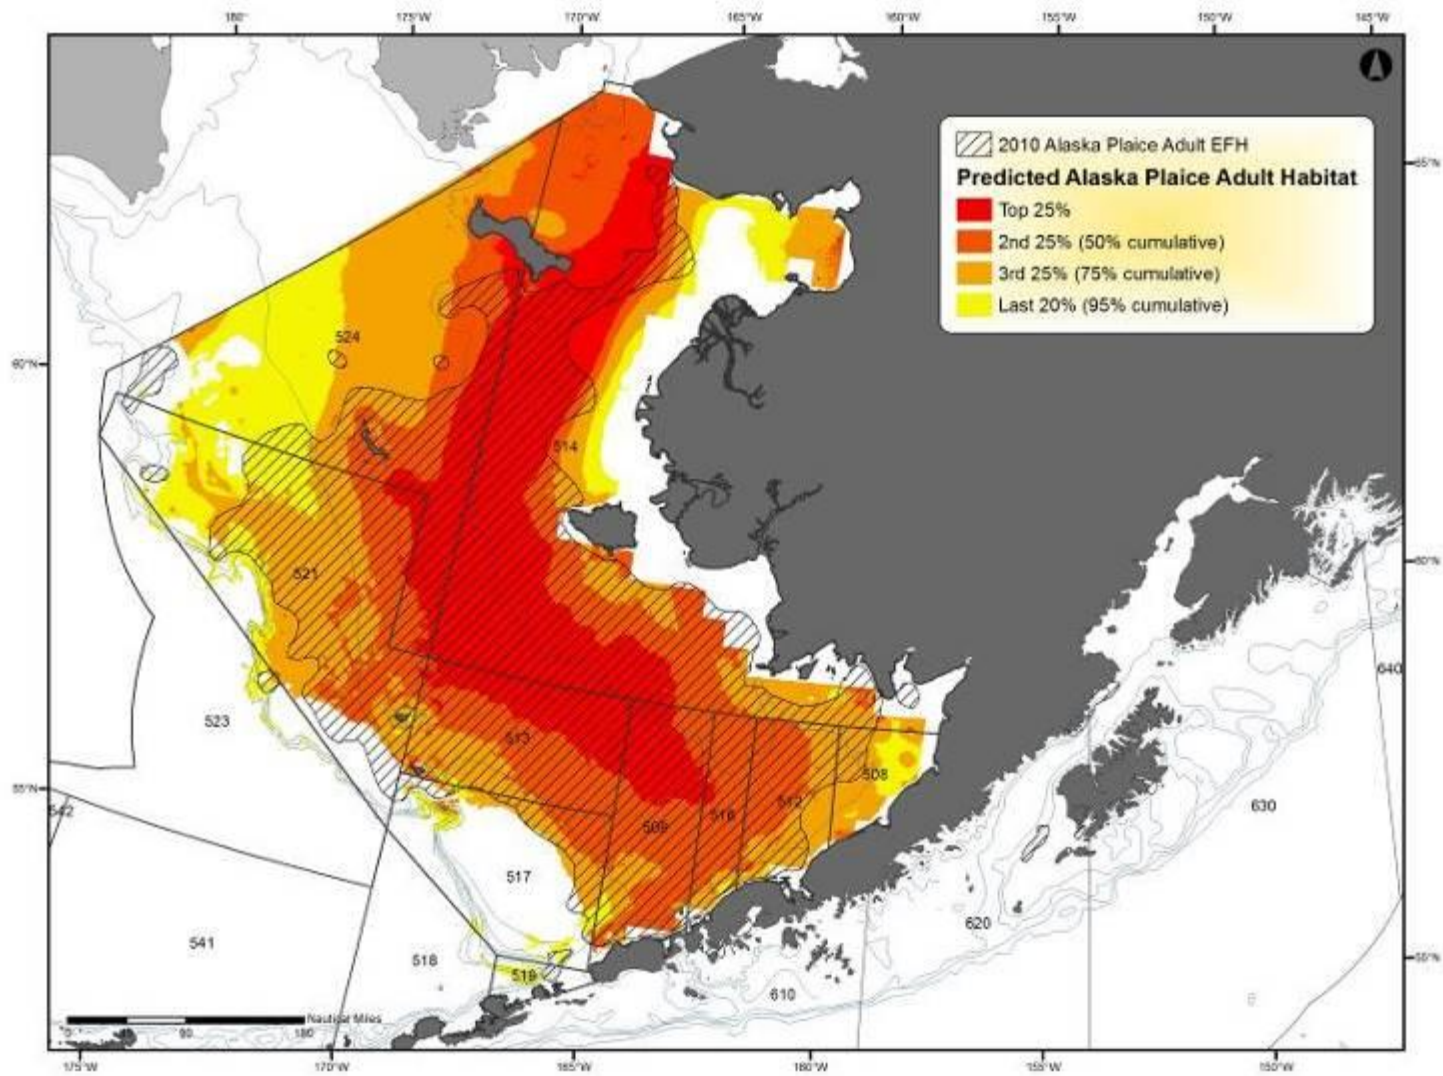

Figure D - 9 Predicted Alaska plaice adult EFH in the Bering Sea

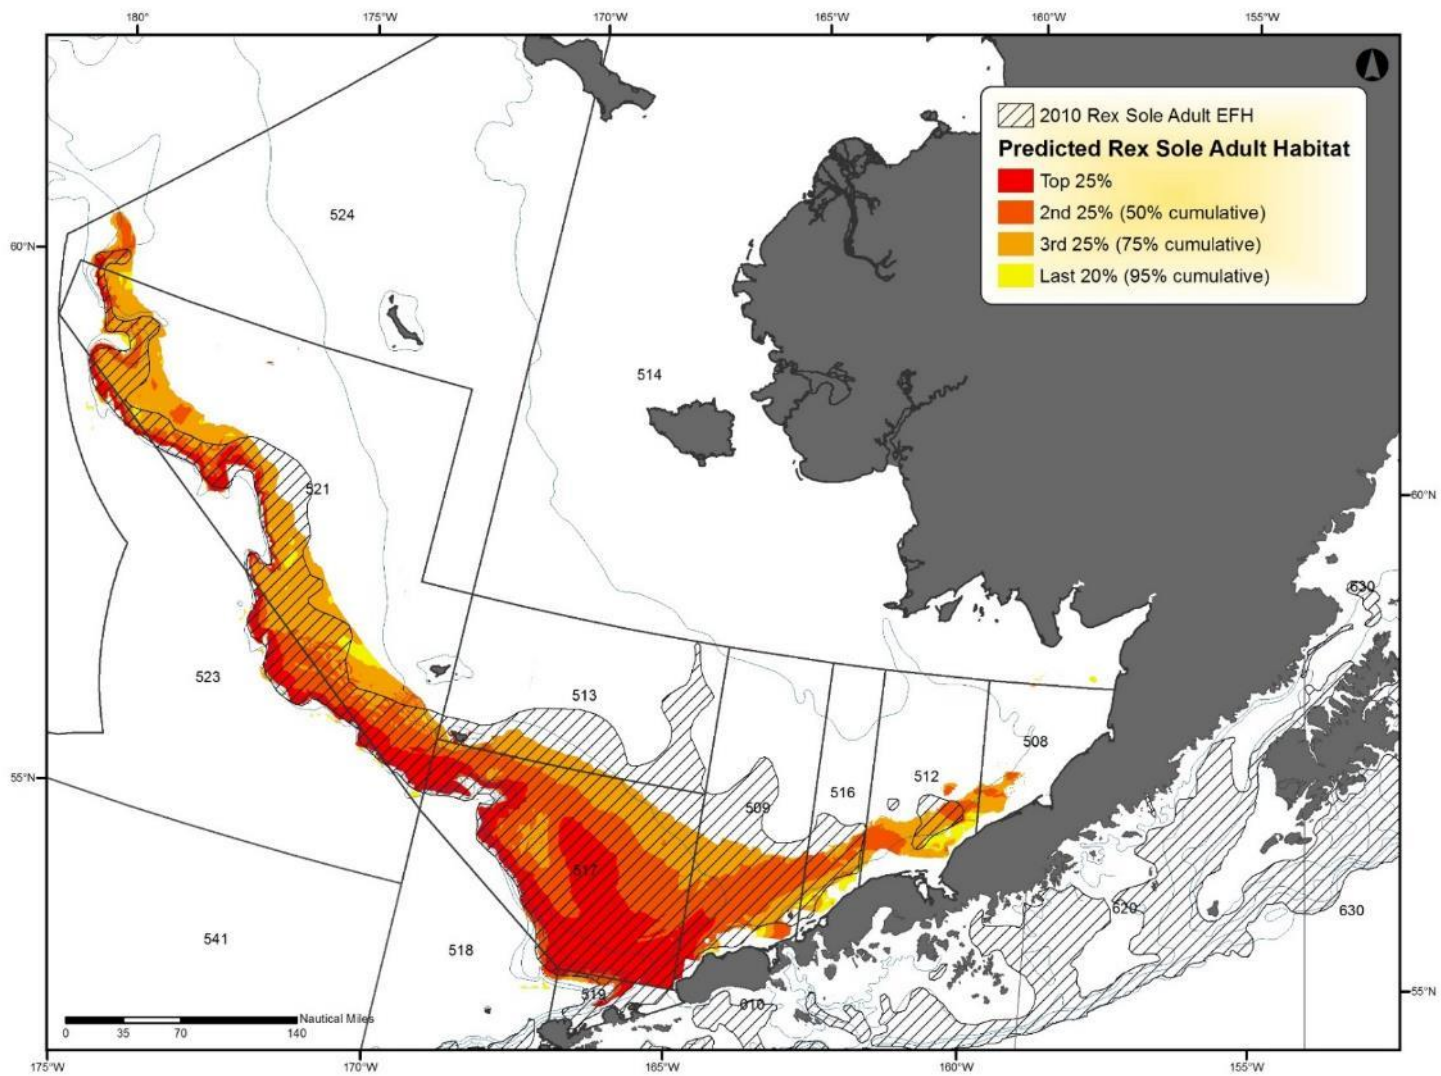

Figure D - 10 Predicted rex sole adult EFH in the Bering Sea

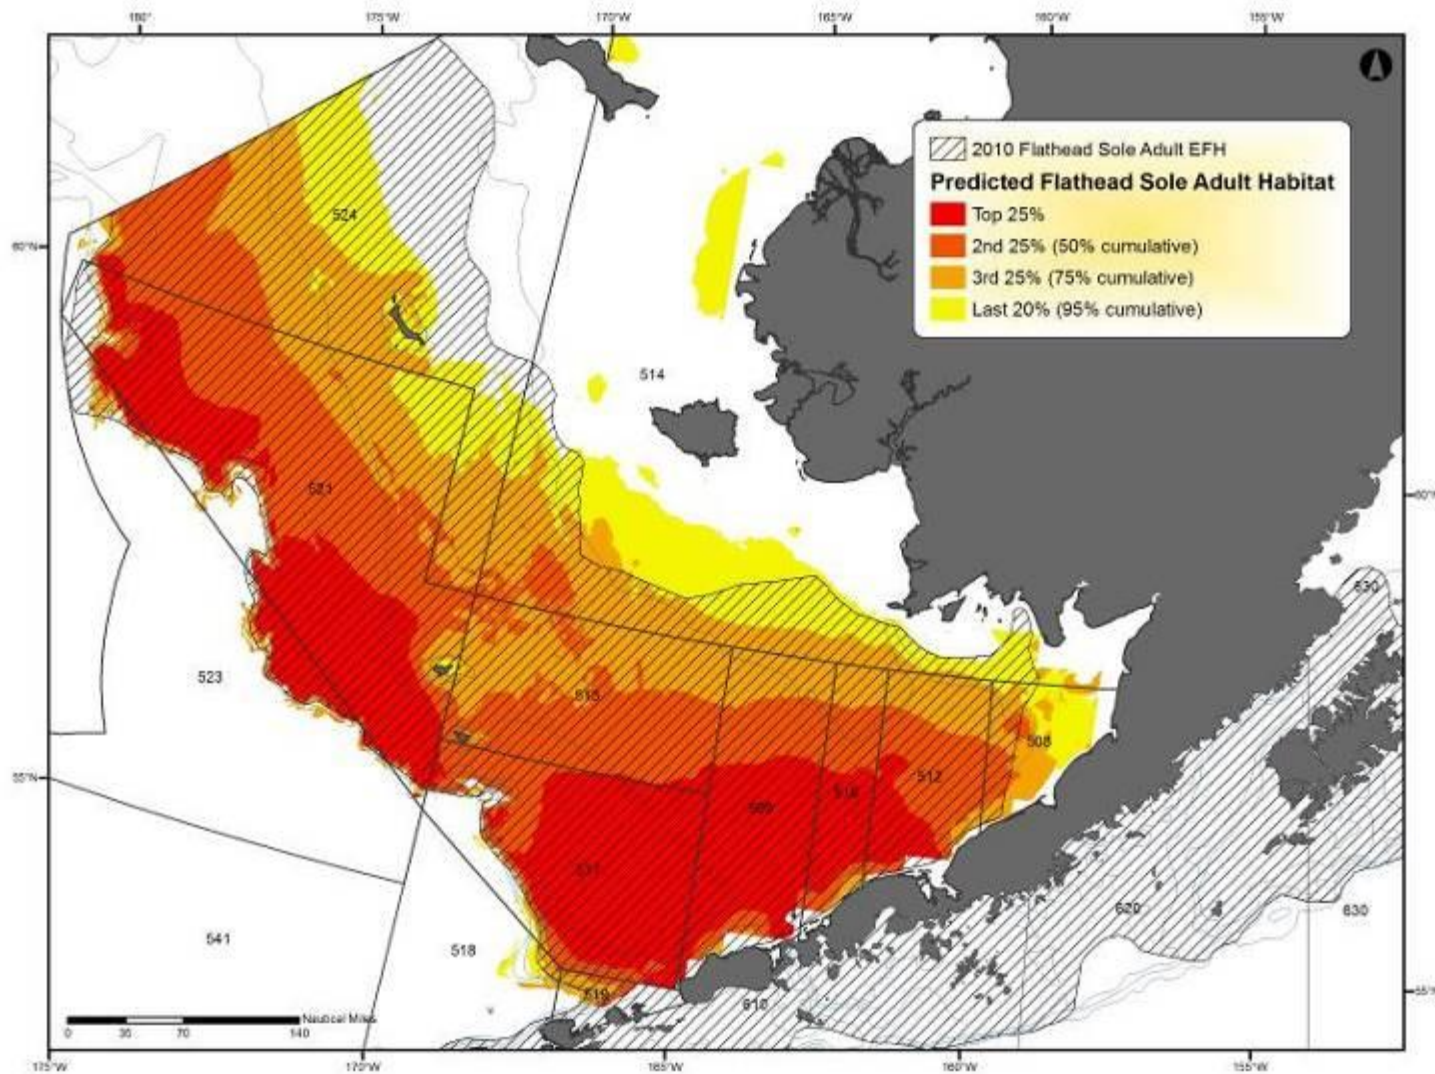

Figure D - 11 Predicted flathead sole adult EFH in the Bering Sea

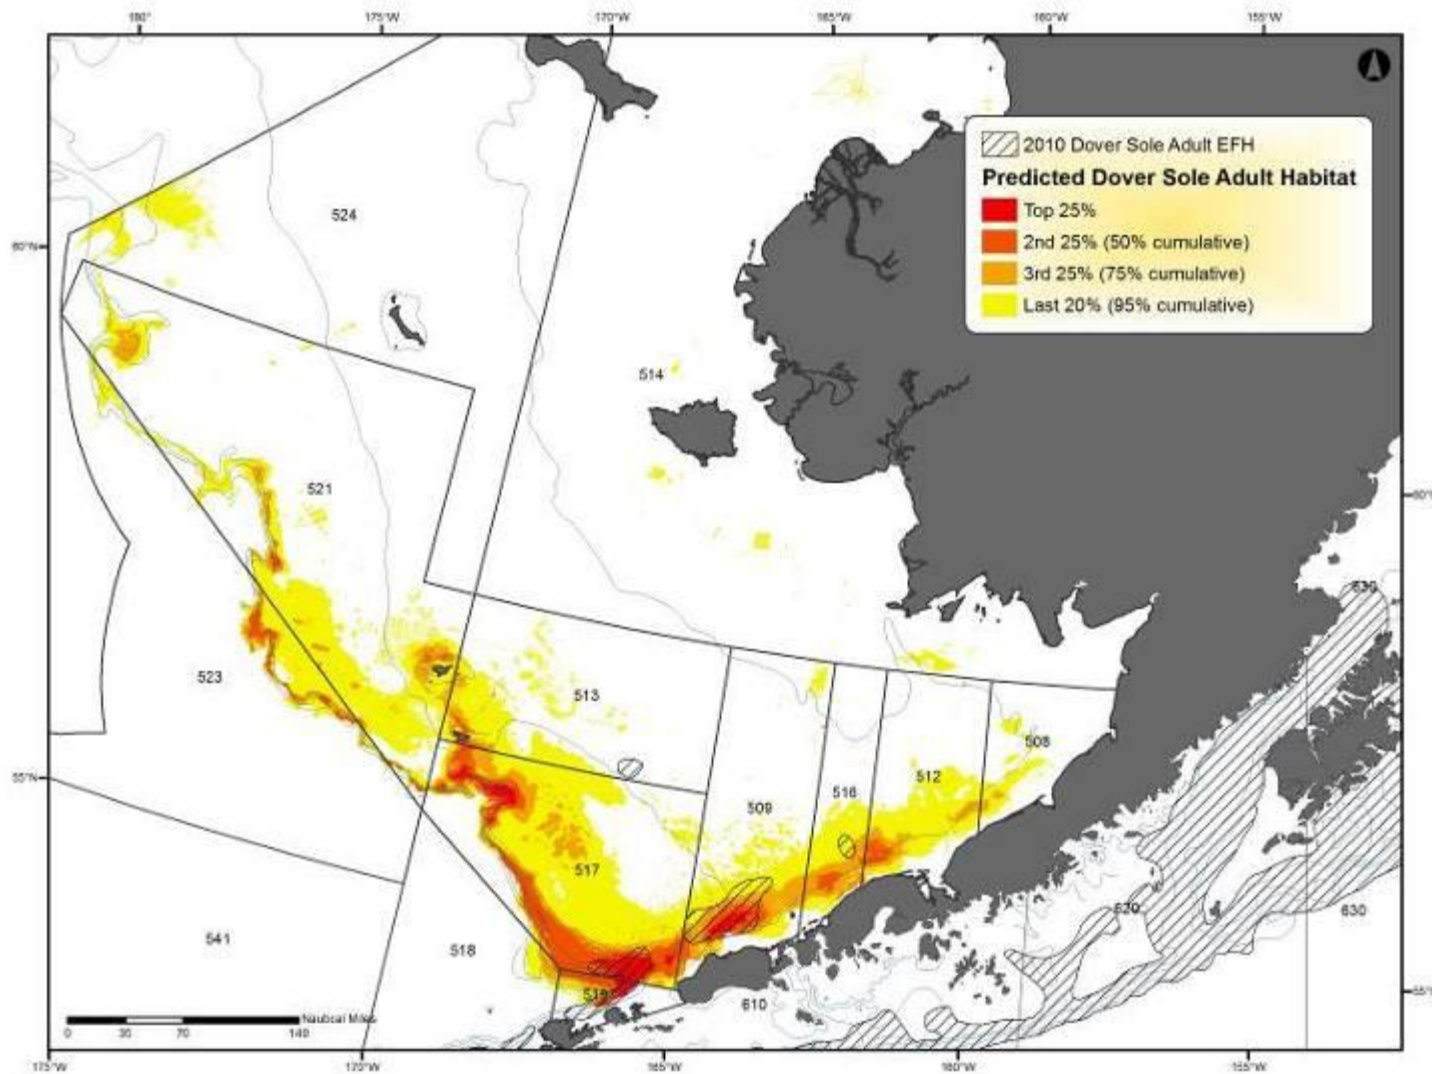

Figure D - 12 Predicted dover sole adult EFH in the Bering Sea

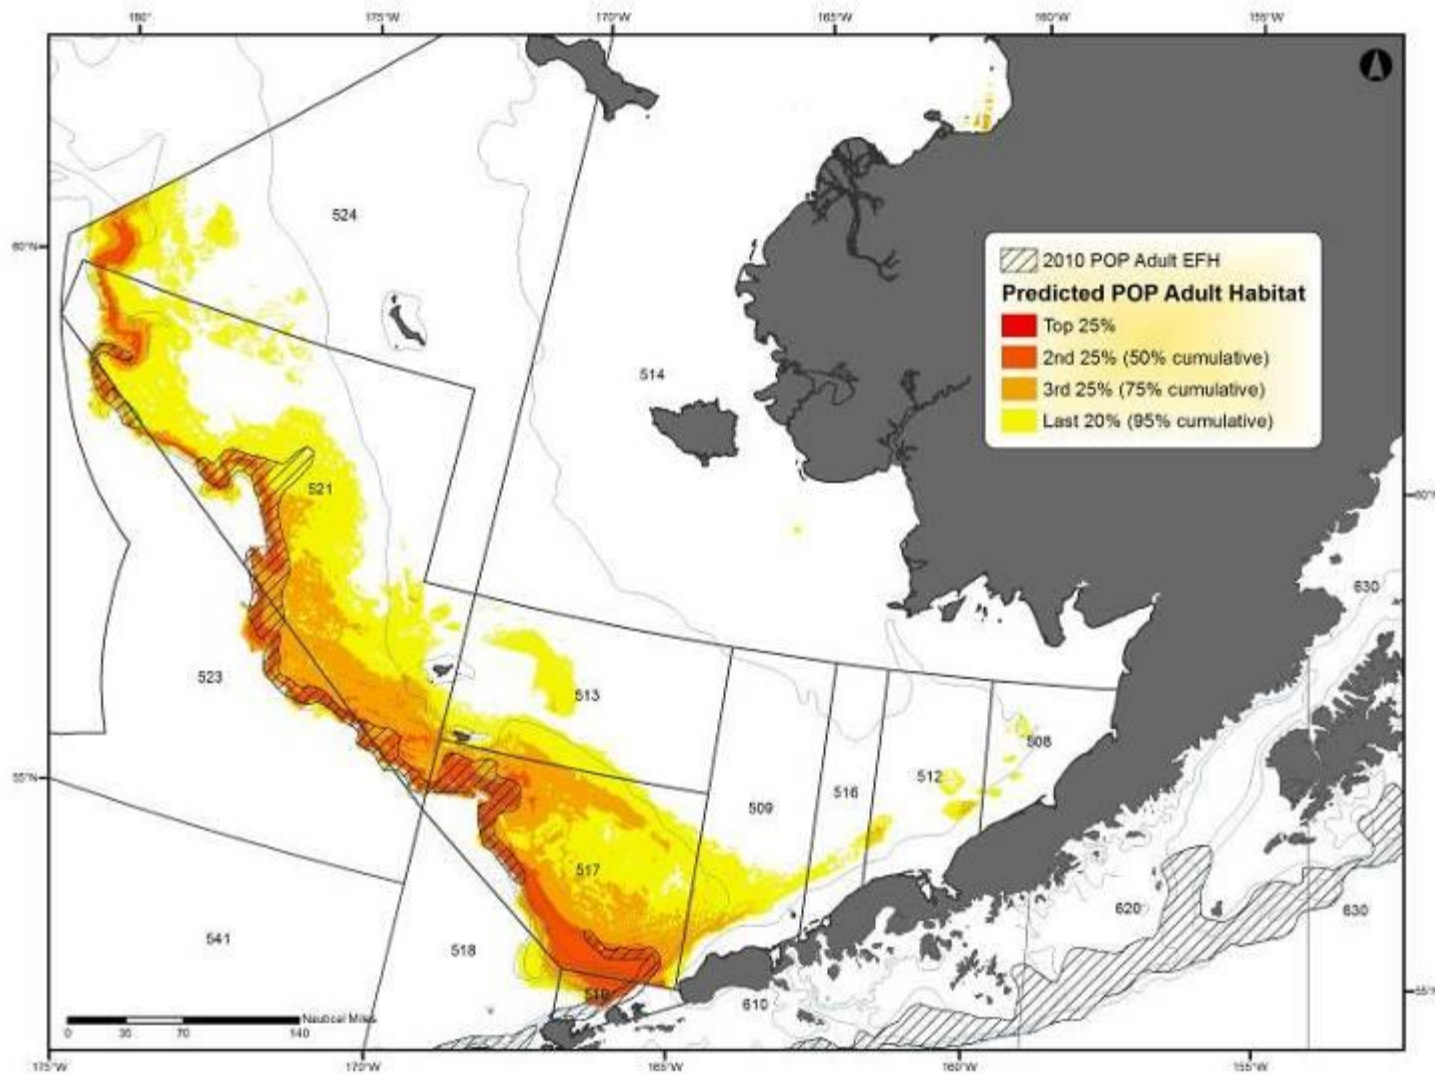

Figure D - 13 Predicted Pacific ocean perch adult EFH in the Bering Sea

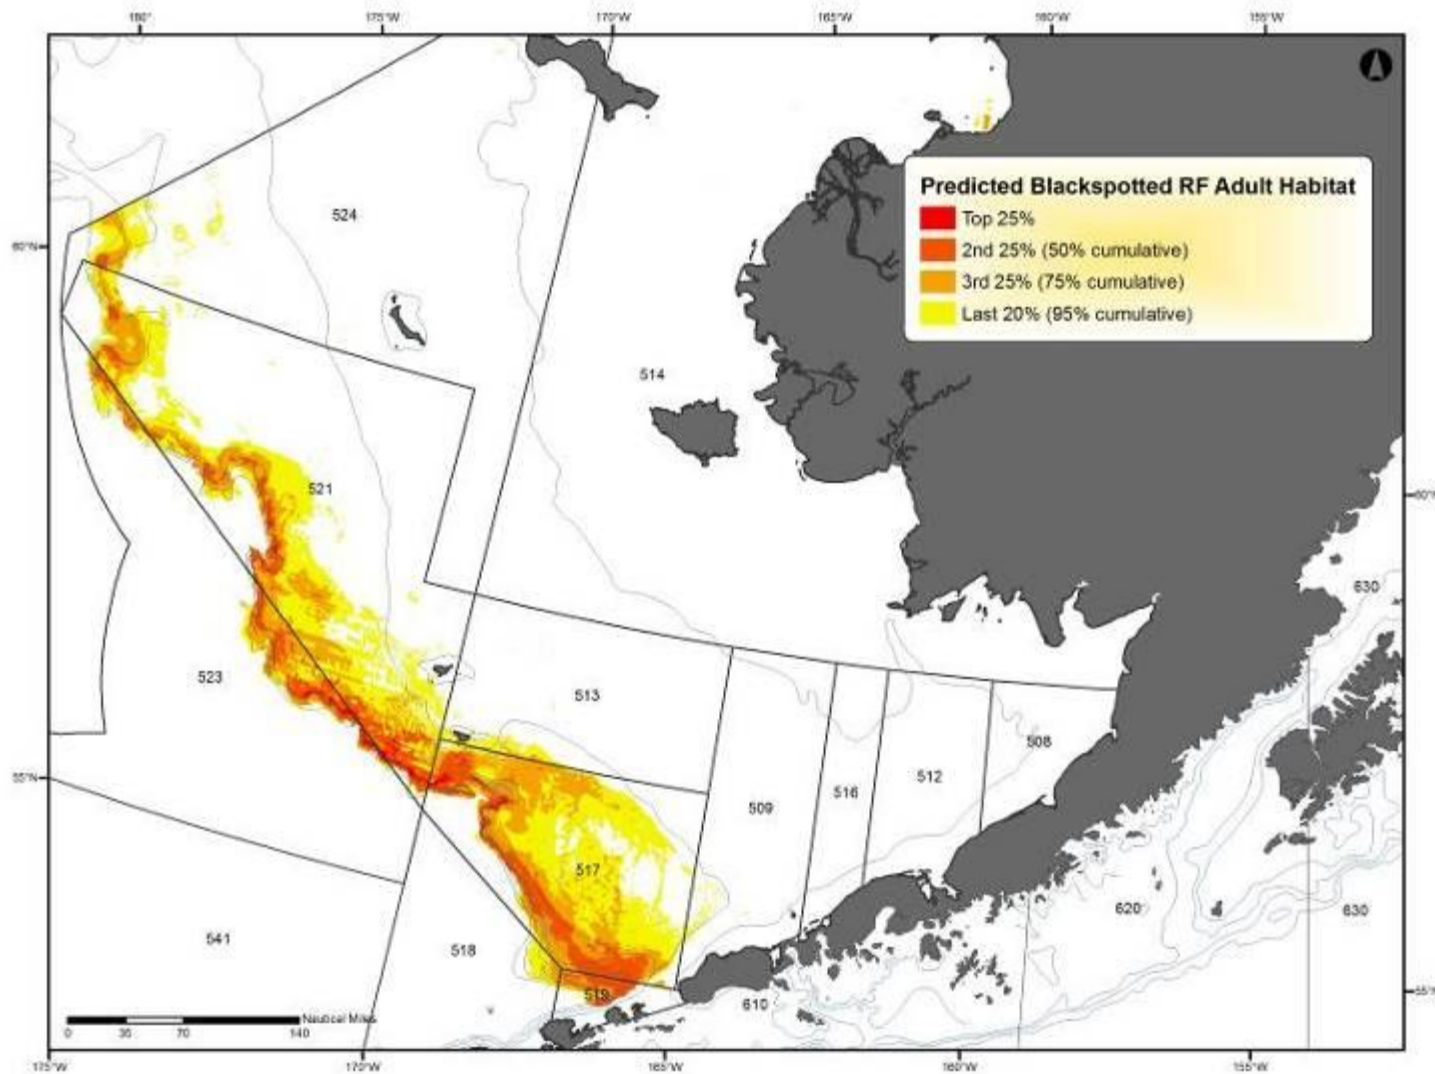

Figure D - 14 Predicted blackspotted rockfish adult EFH in the Bering Sea

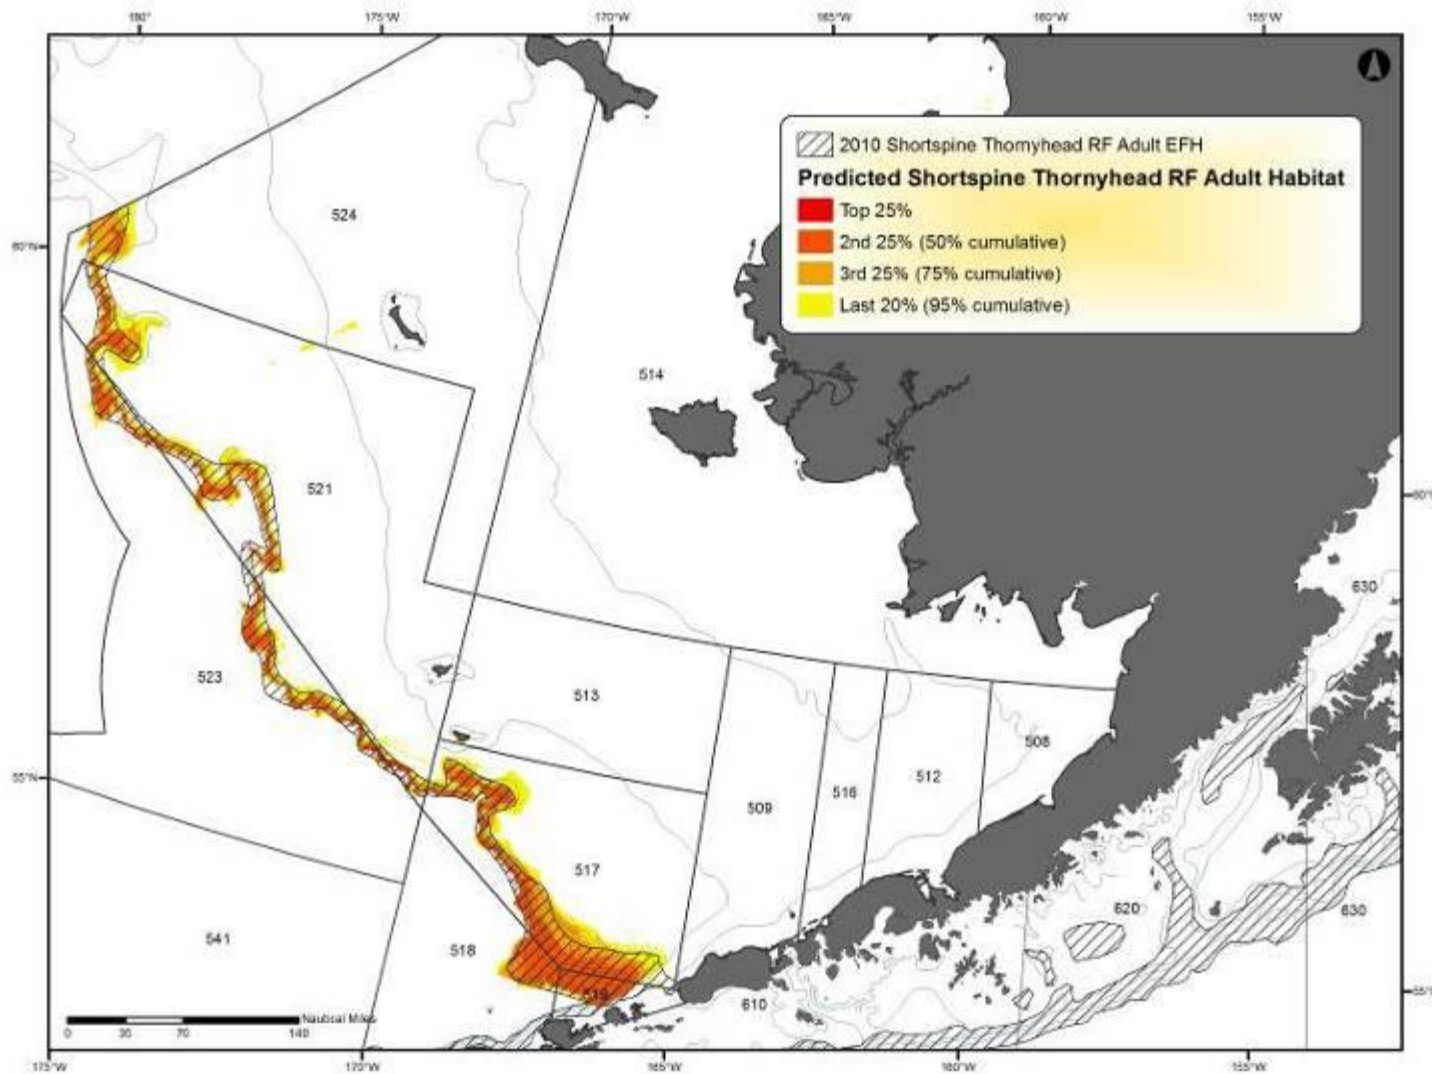

Figure D - 15 Predicted shortspine thornyhead rockfish adult EFH in the Bering Sea

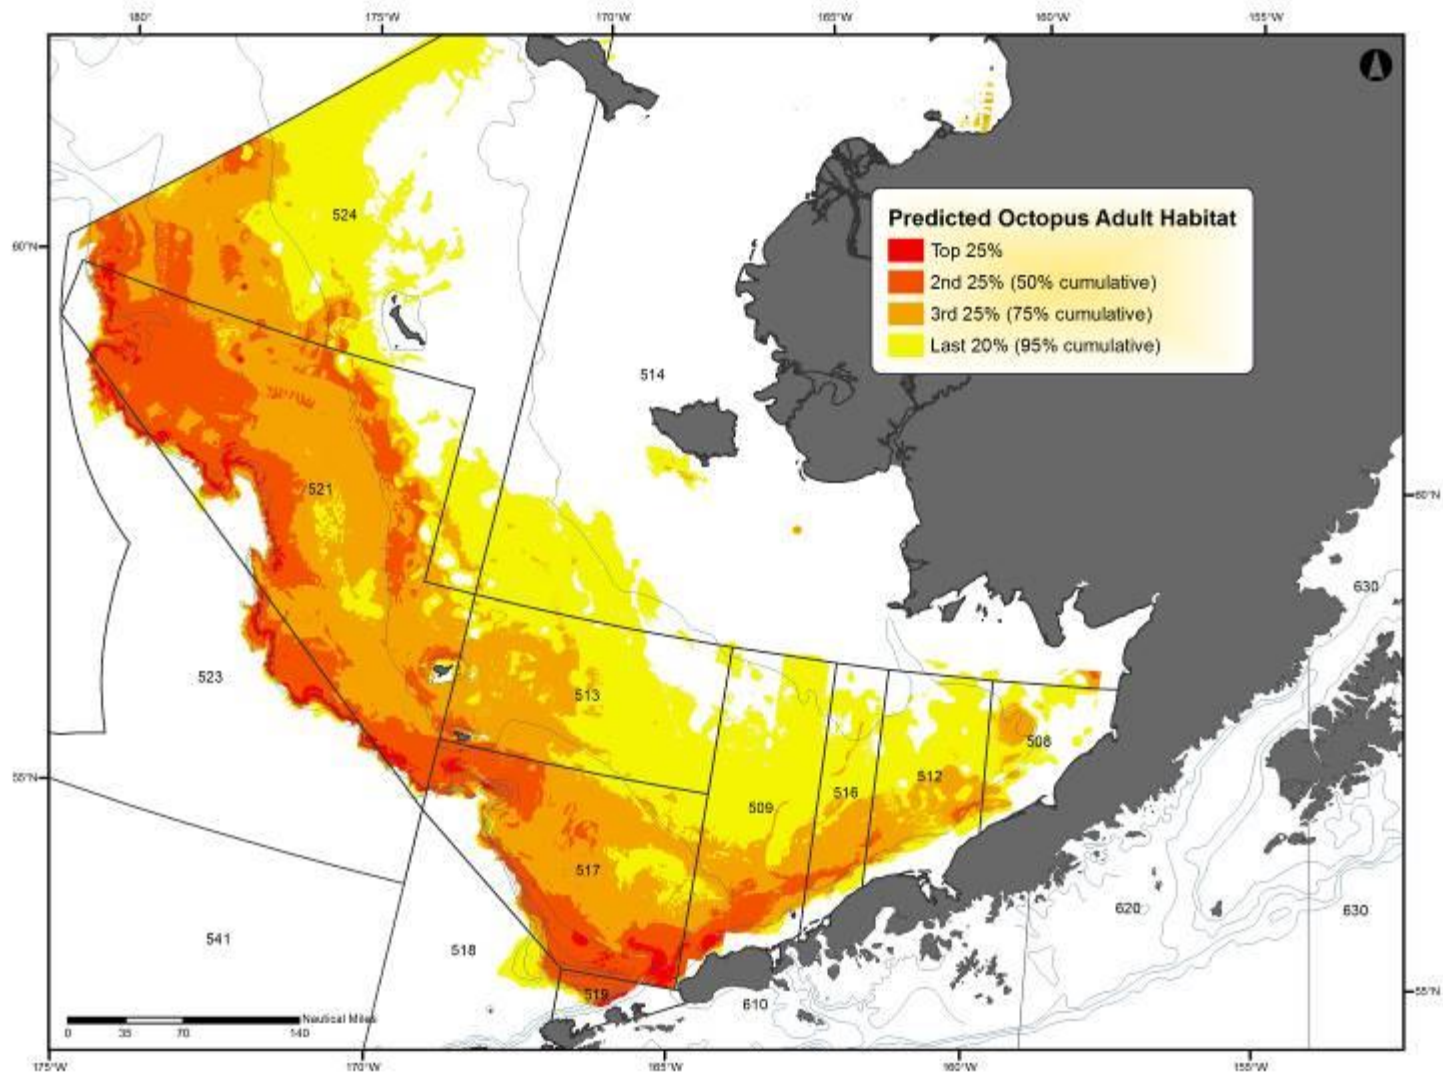

Figure D - 16 Predicted octopus adult EFH in the Bering Sea

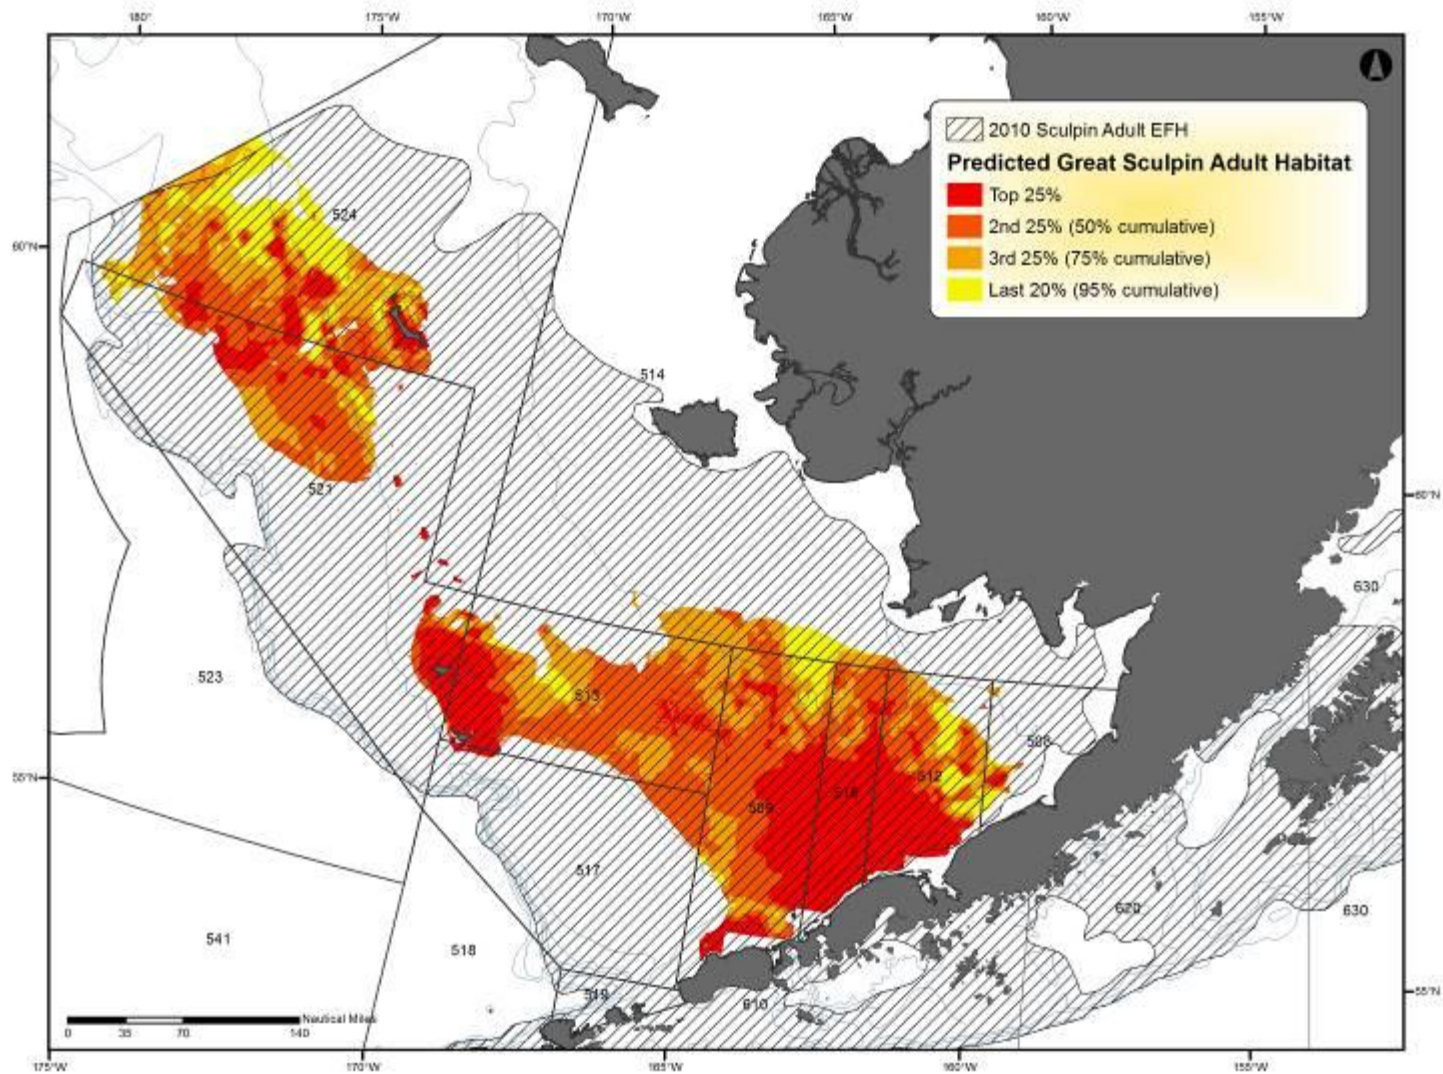

Figure D - 17 Predicted great sculpin adult EFH in the Bering Sea

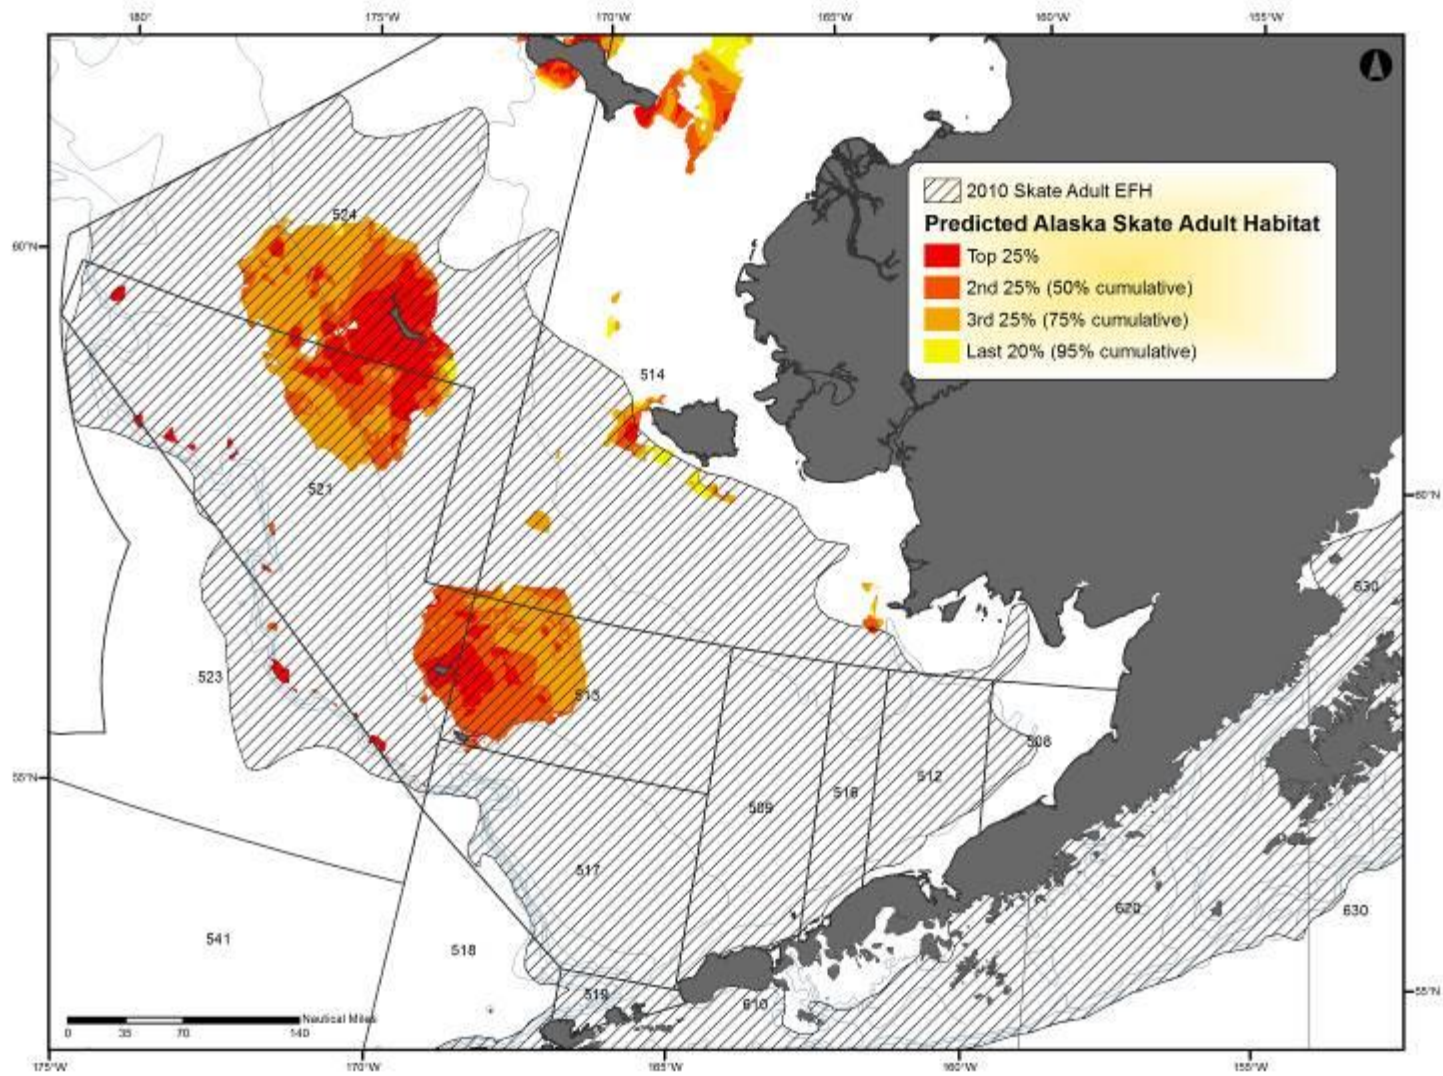

Figure D - 18 Predicted Alaska skate adult EFH in the Bering Sea

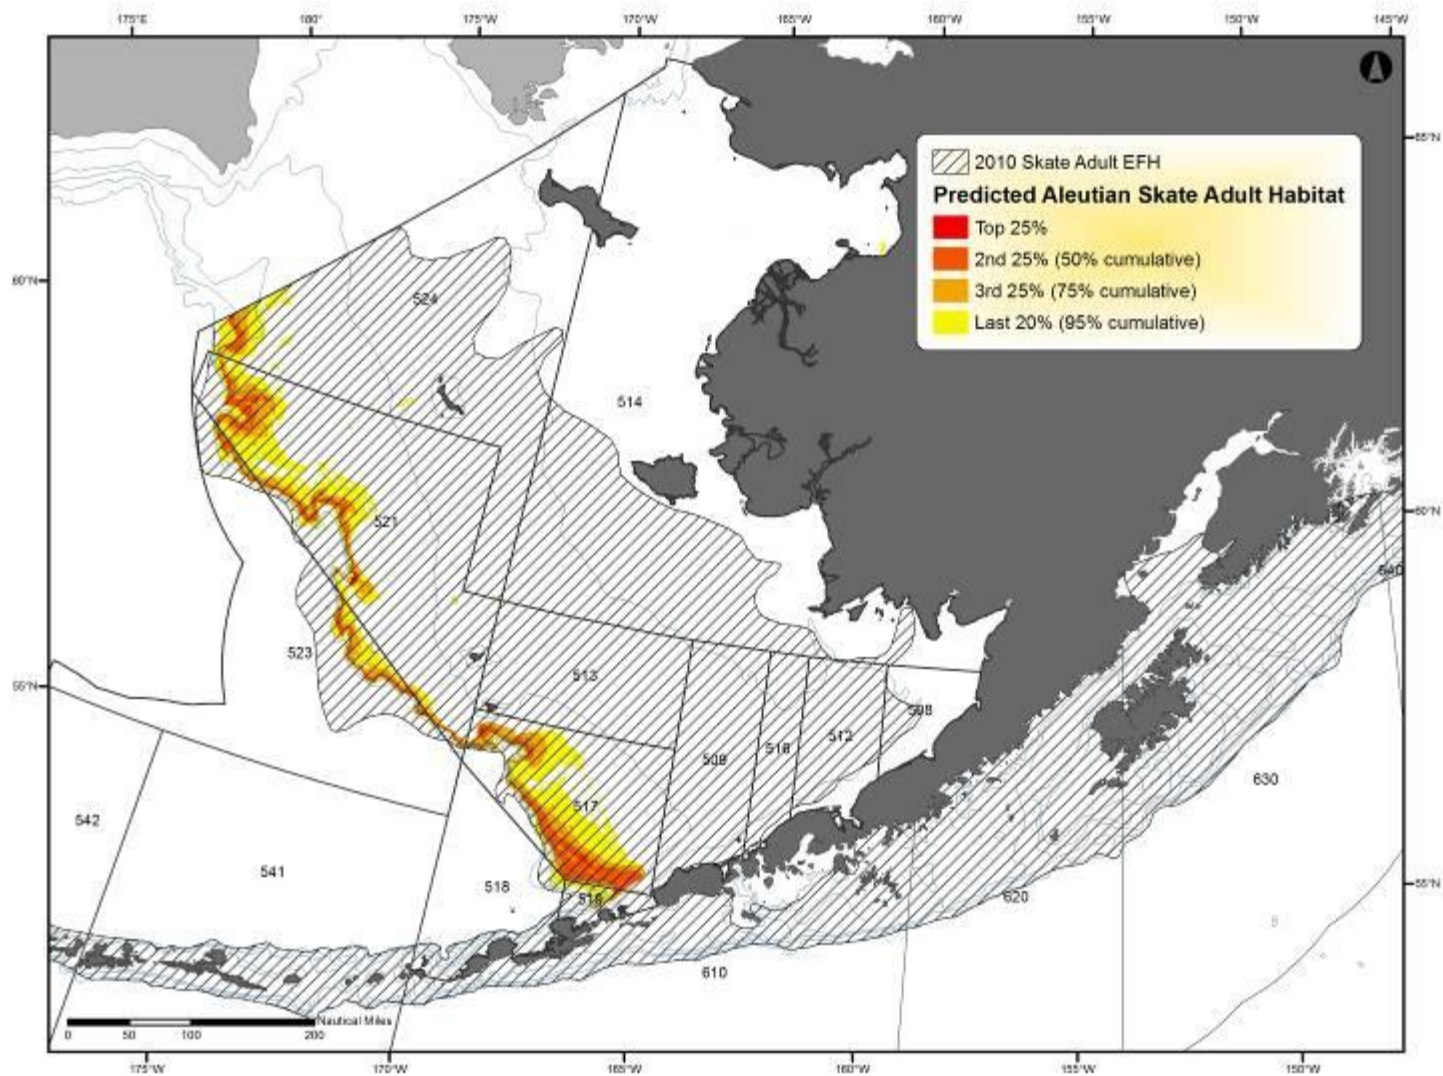

Figure D - 19 Predicted Aleutian skate adult EFH in the Bering Sea

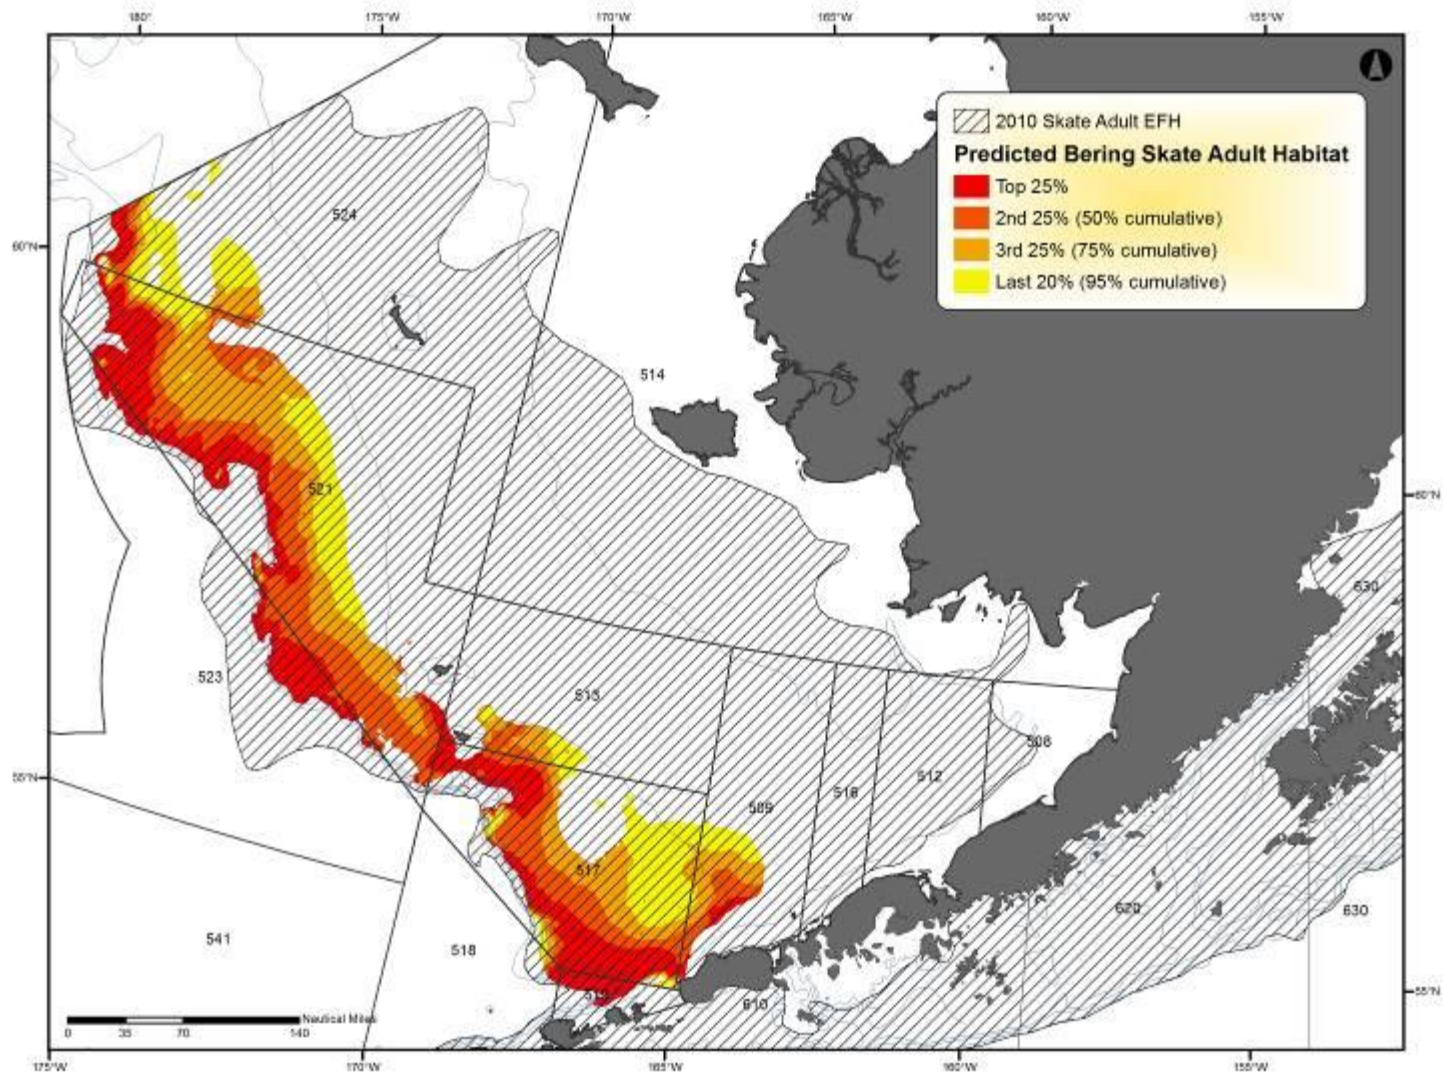

Figure D - 20 Predicted Bering skate adult EFH in the Bering Sea

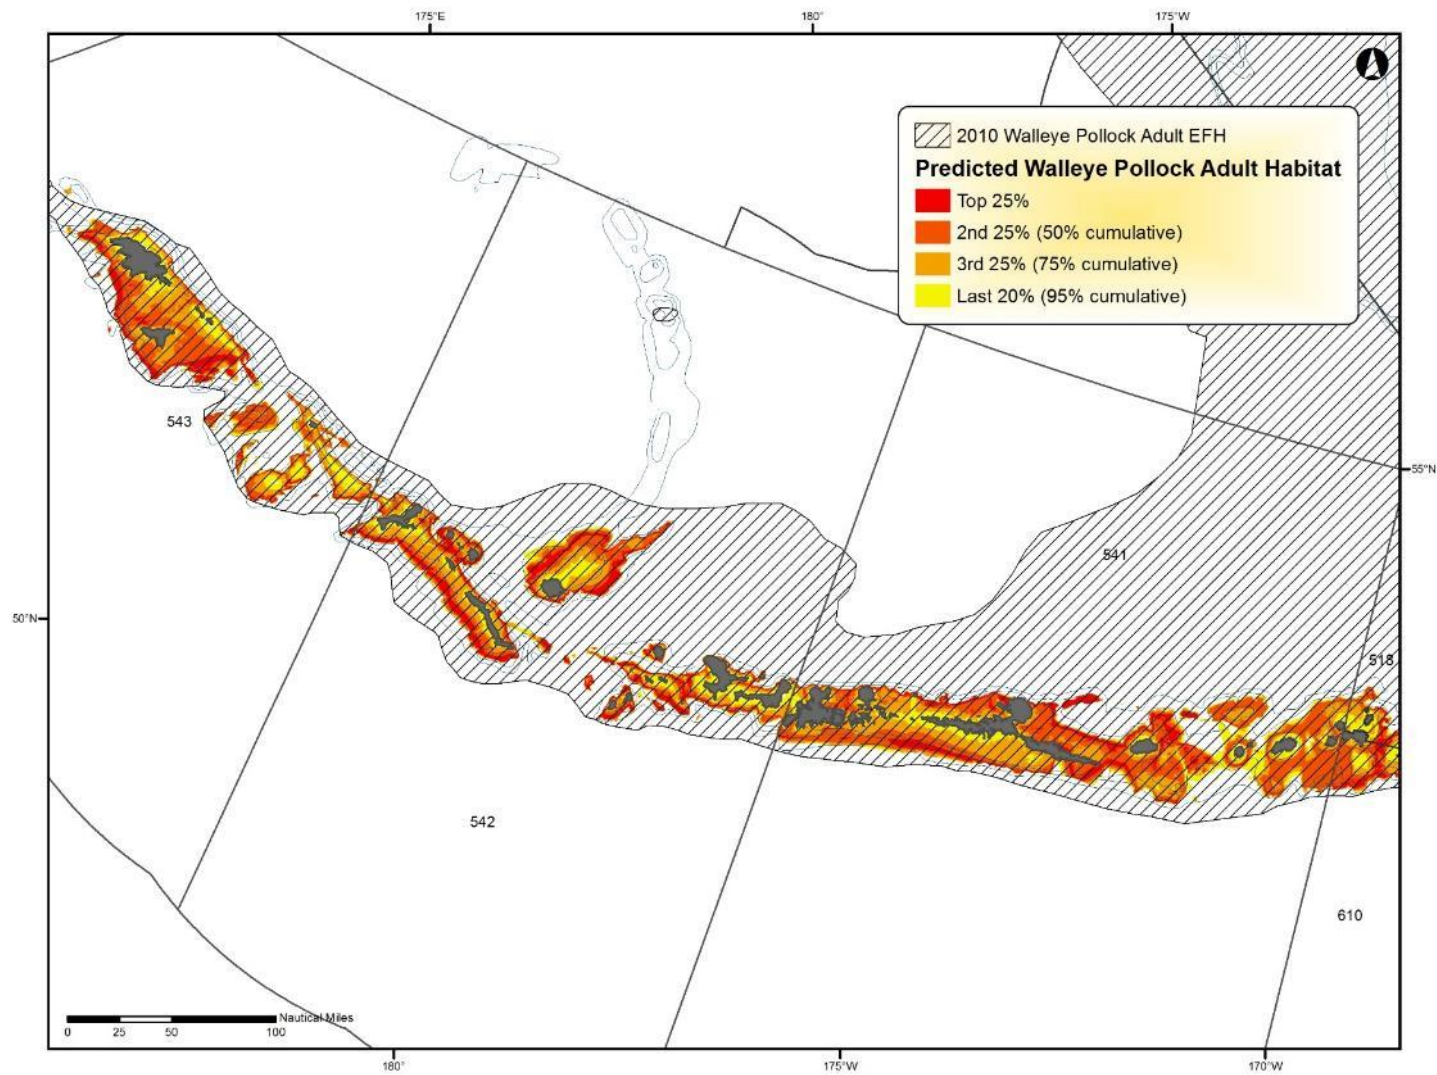

Figure D - 21 Predicted walleye pollock adult EFH in the Aleutian Islands

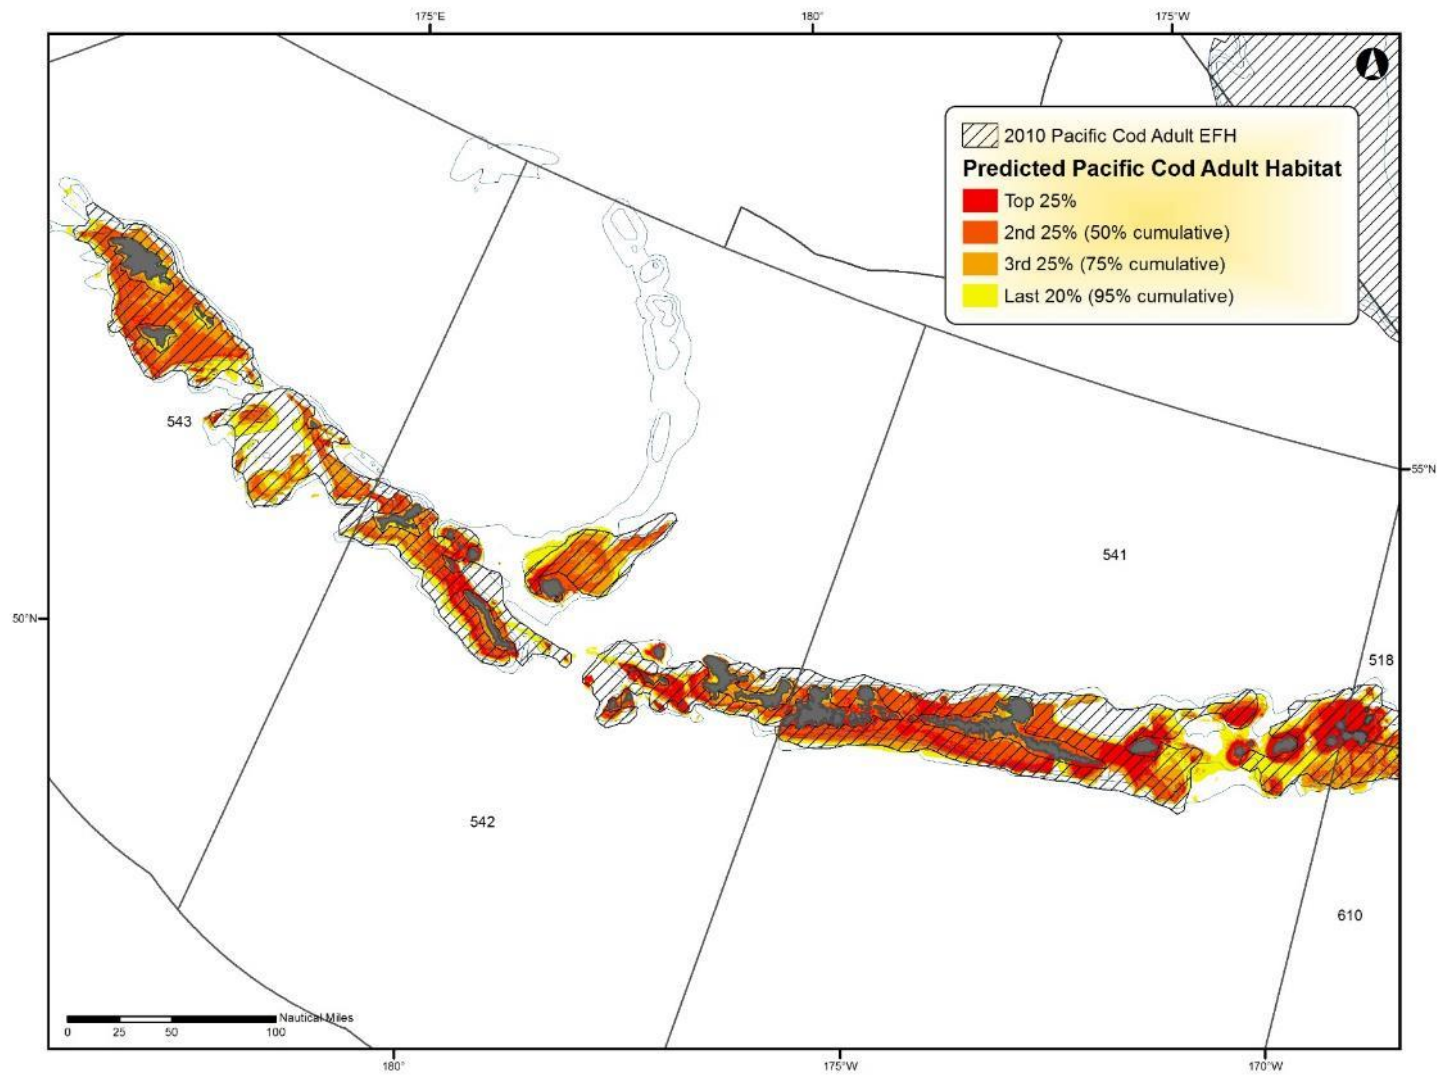

Figure D - 22 Predicted Pacific cod adult EFH in the Aleutian Islands

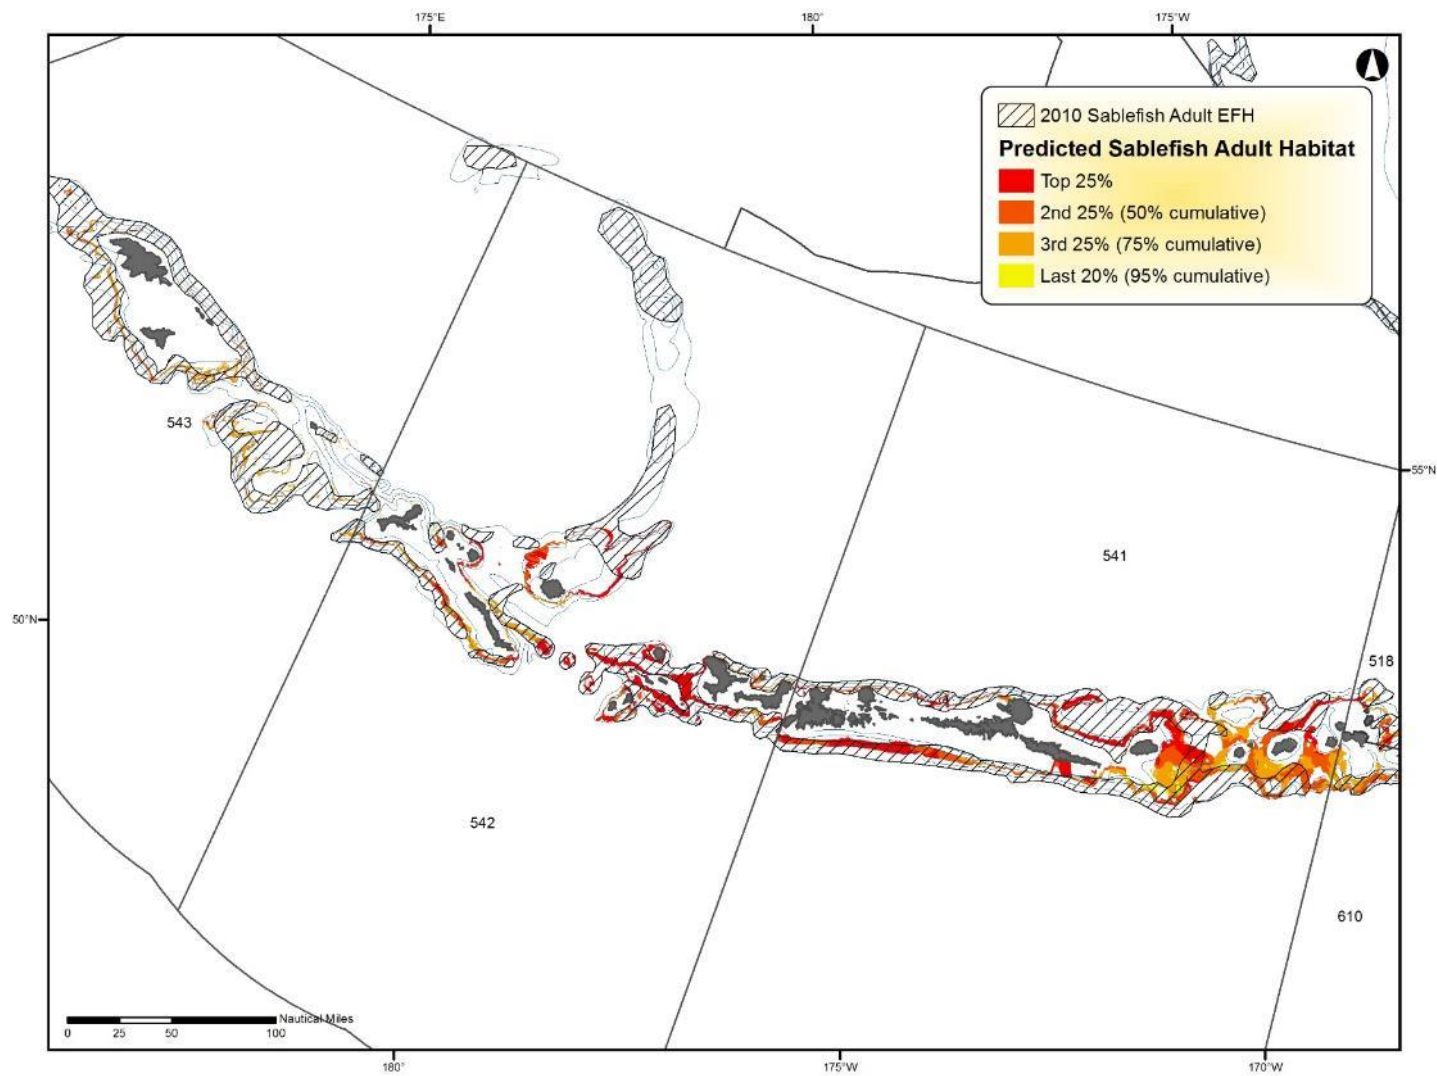

Figure D - 23 Predicted sablefish adult EFH in the Aleutian Islands

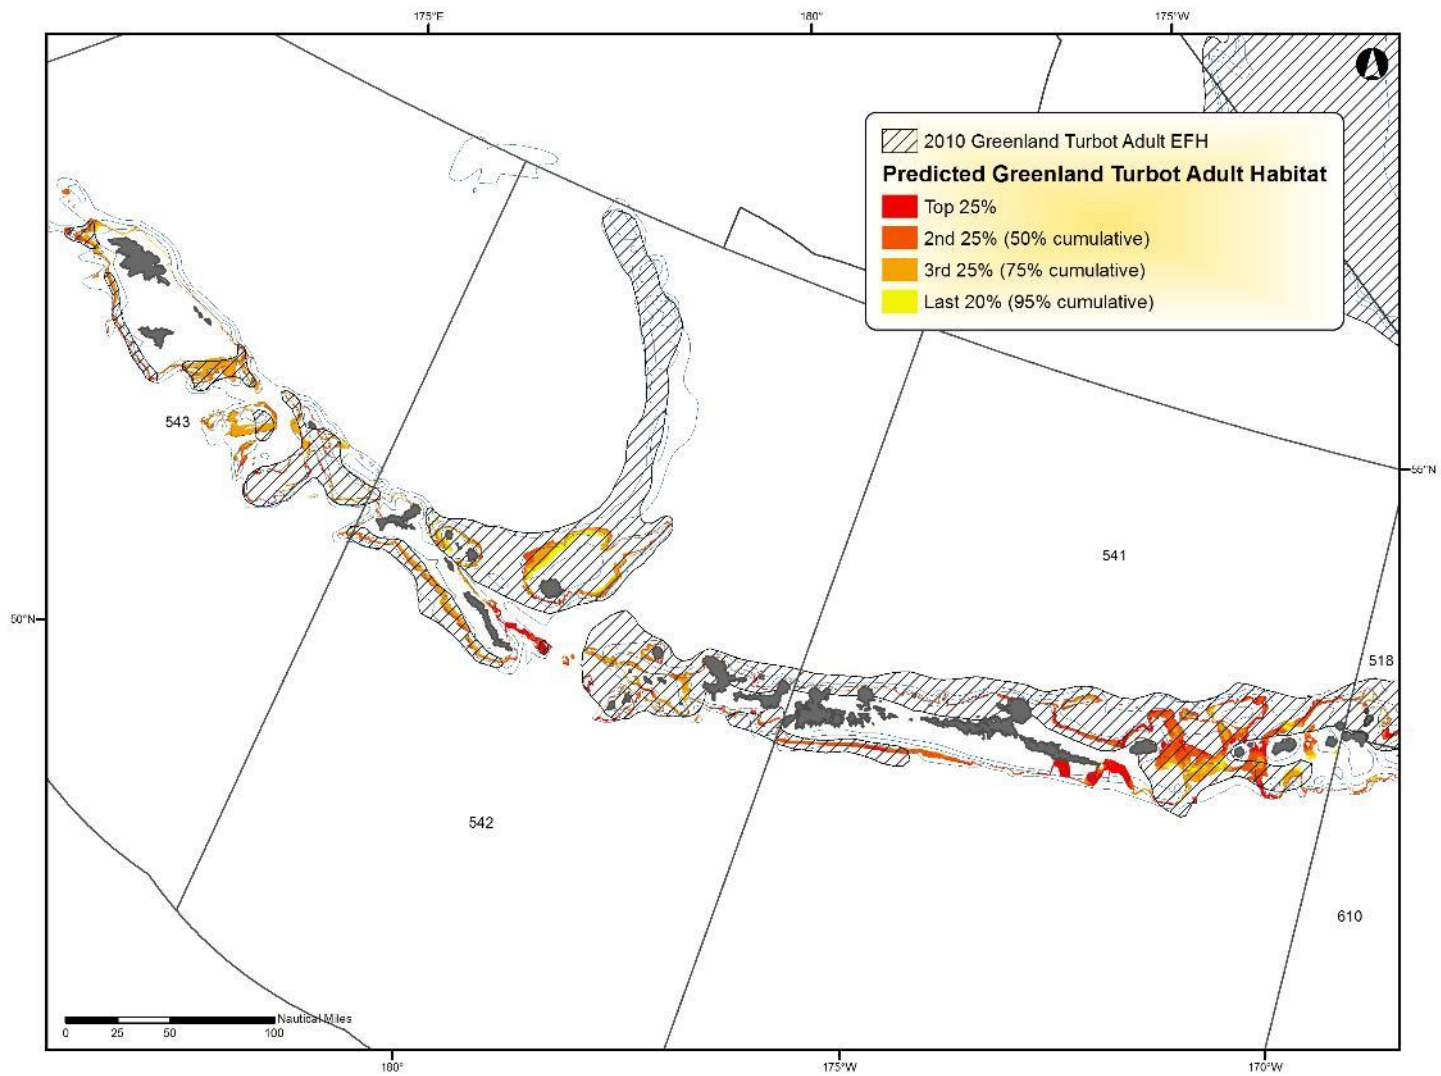

Figure D - 24 Predicted Greenland turbot adult EFH in the Aleutian Islands

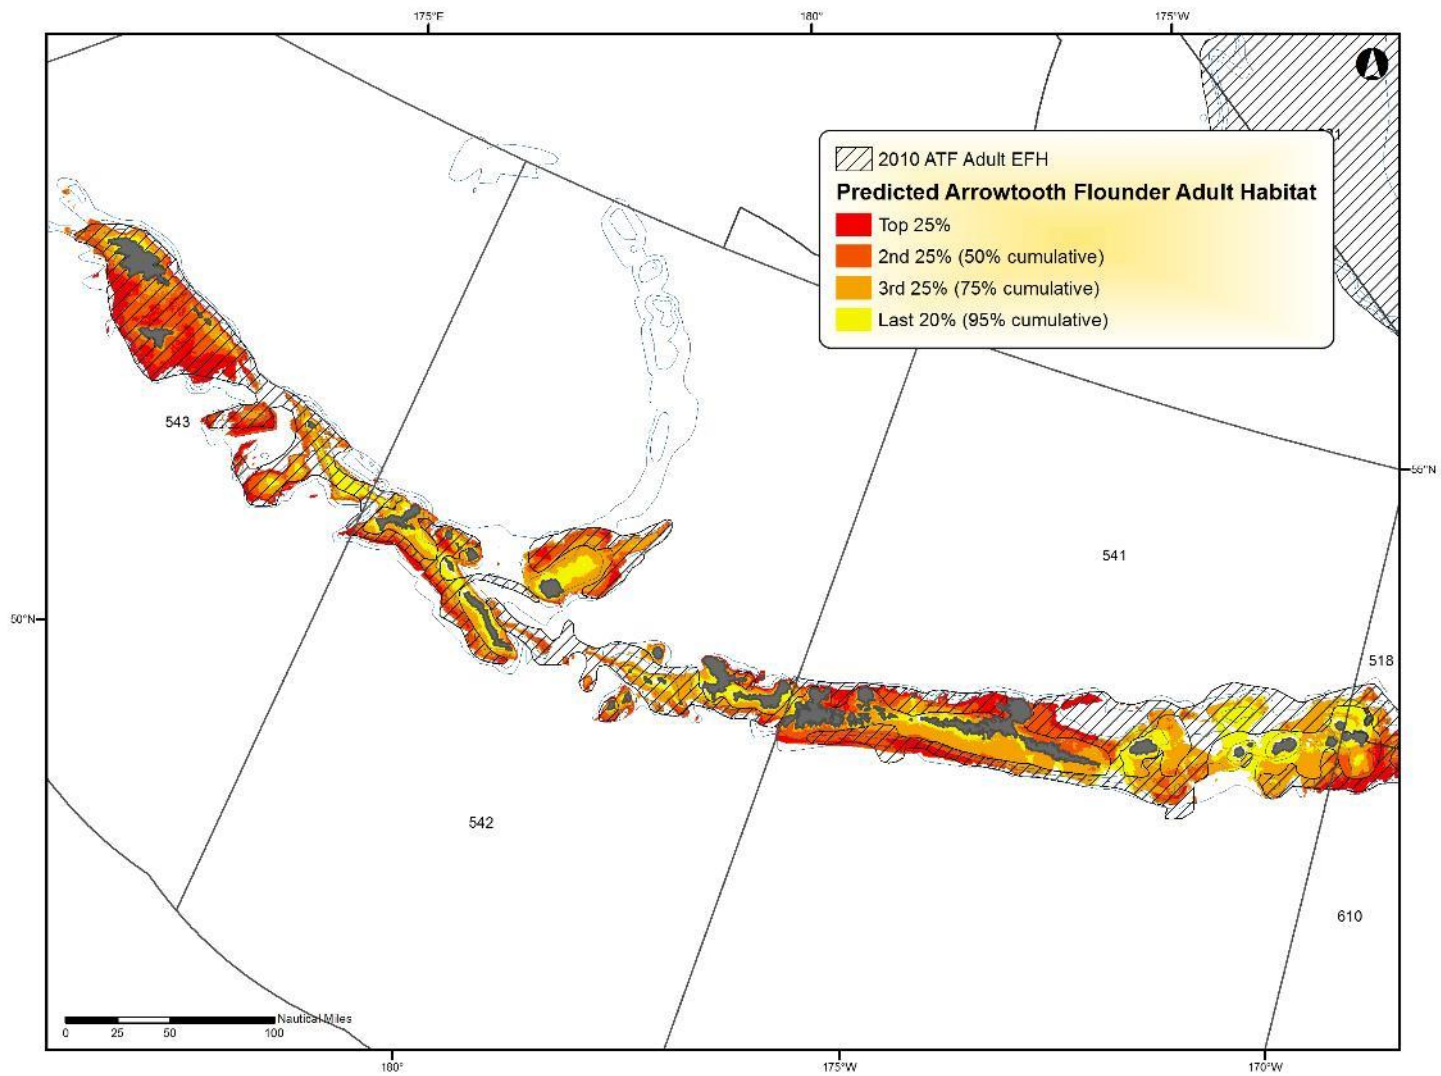

Figure D - 25 Predicted arrowtooth flounder adult EFH in the Aleutian Islands

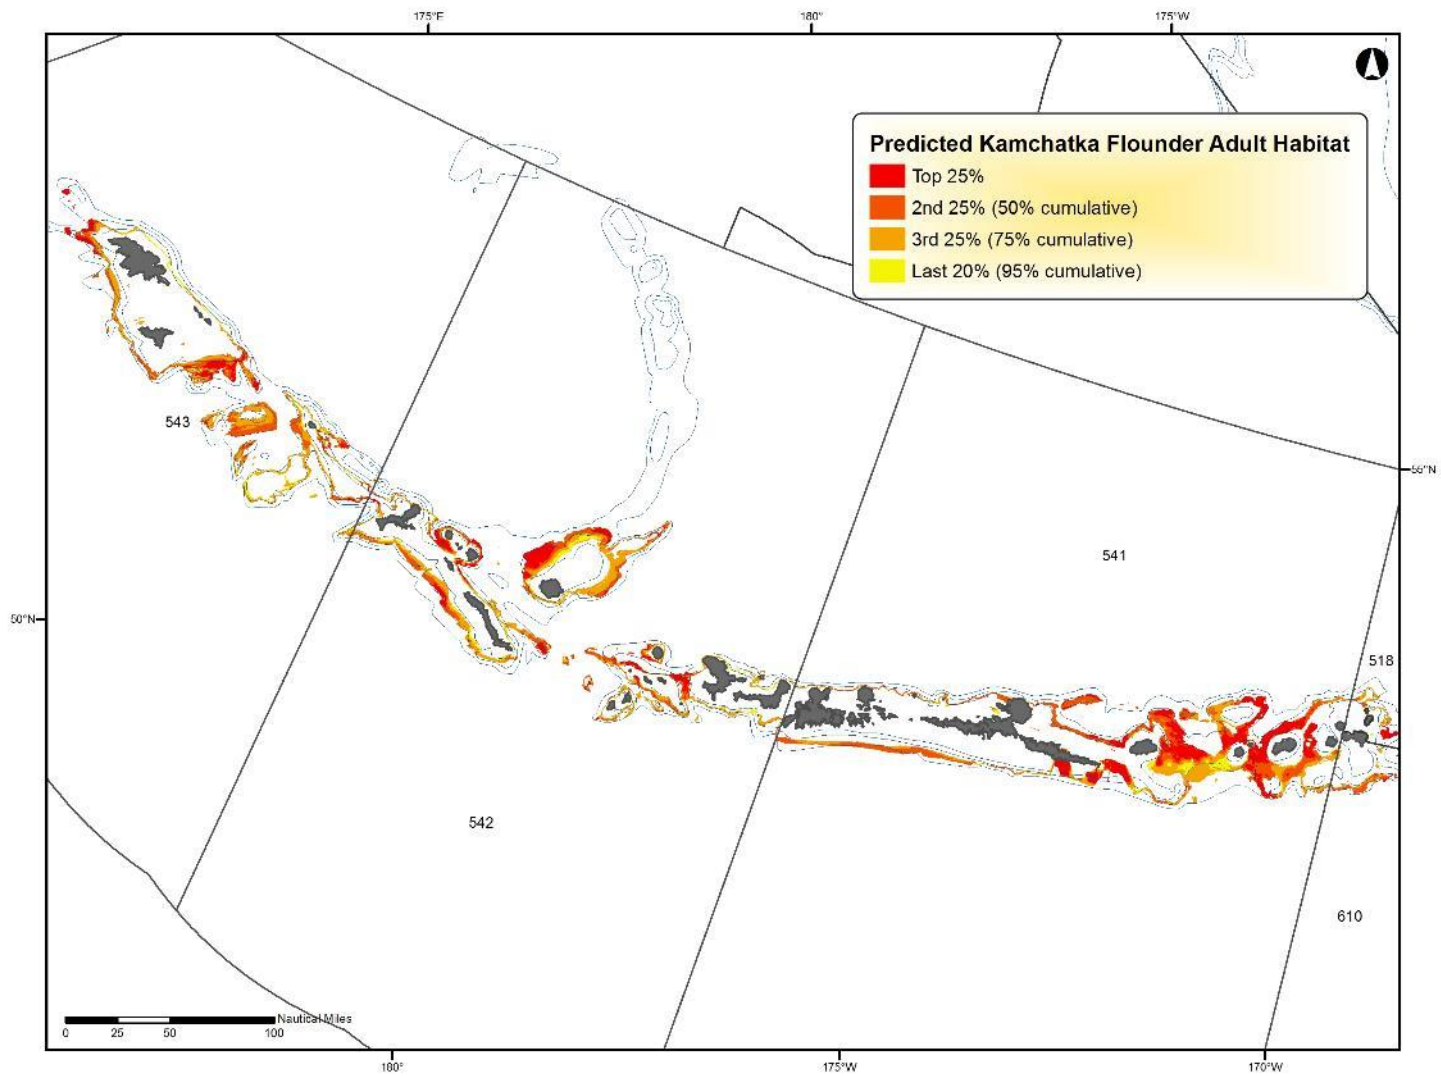

Figure D - 26 Predicted Kamchatka flounder adult EFH in the Aleutian Islands

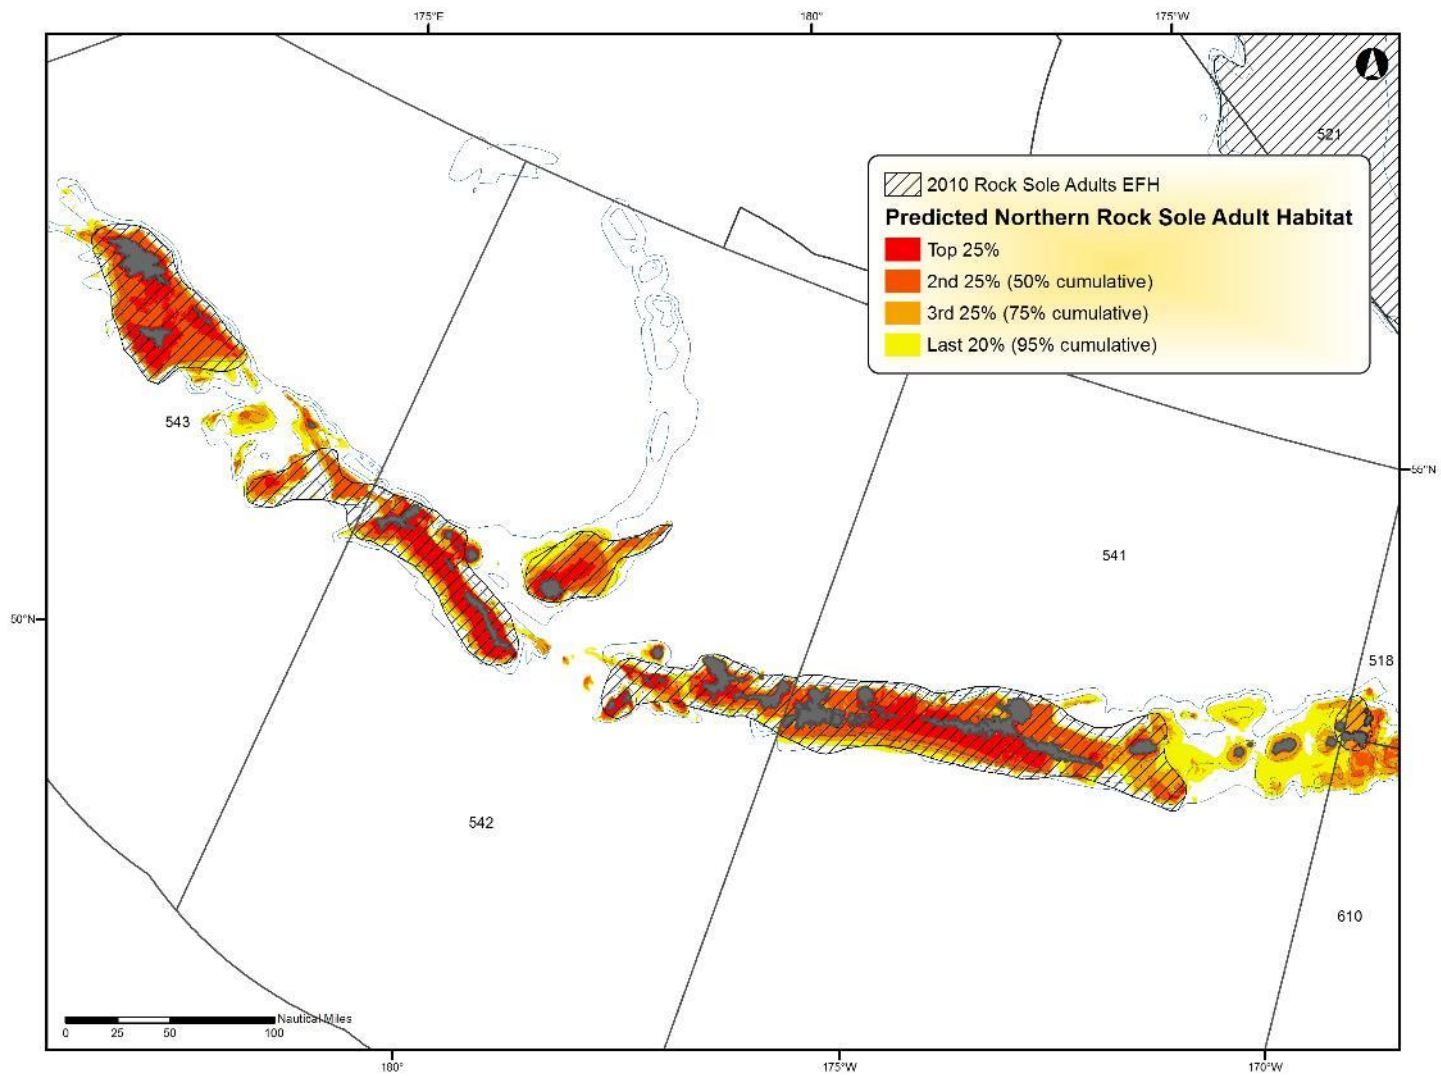

Figure D - 27 Predicted northern rock sole adult EFH in the Aleutian Islands

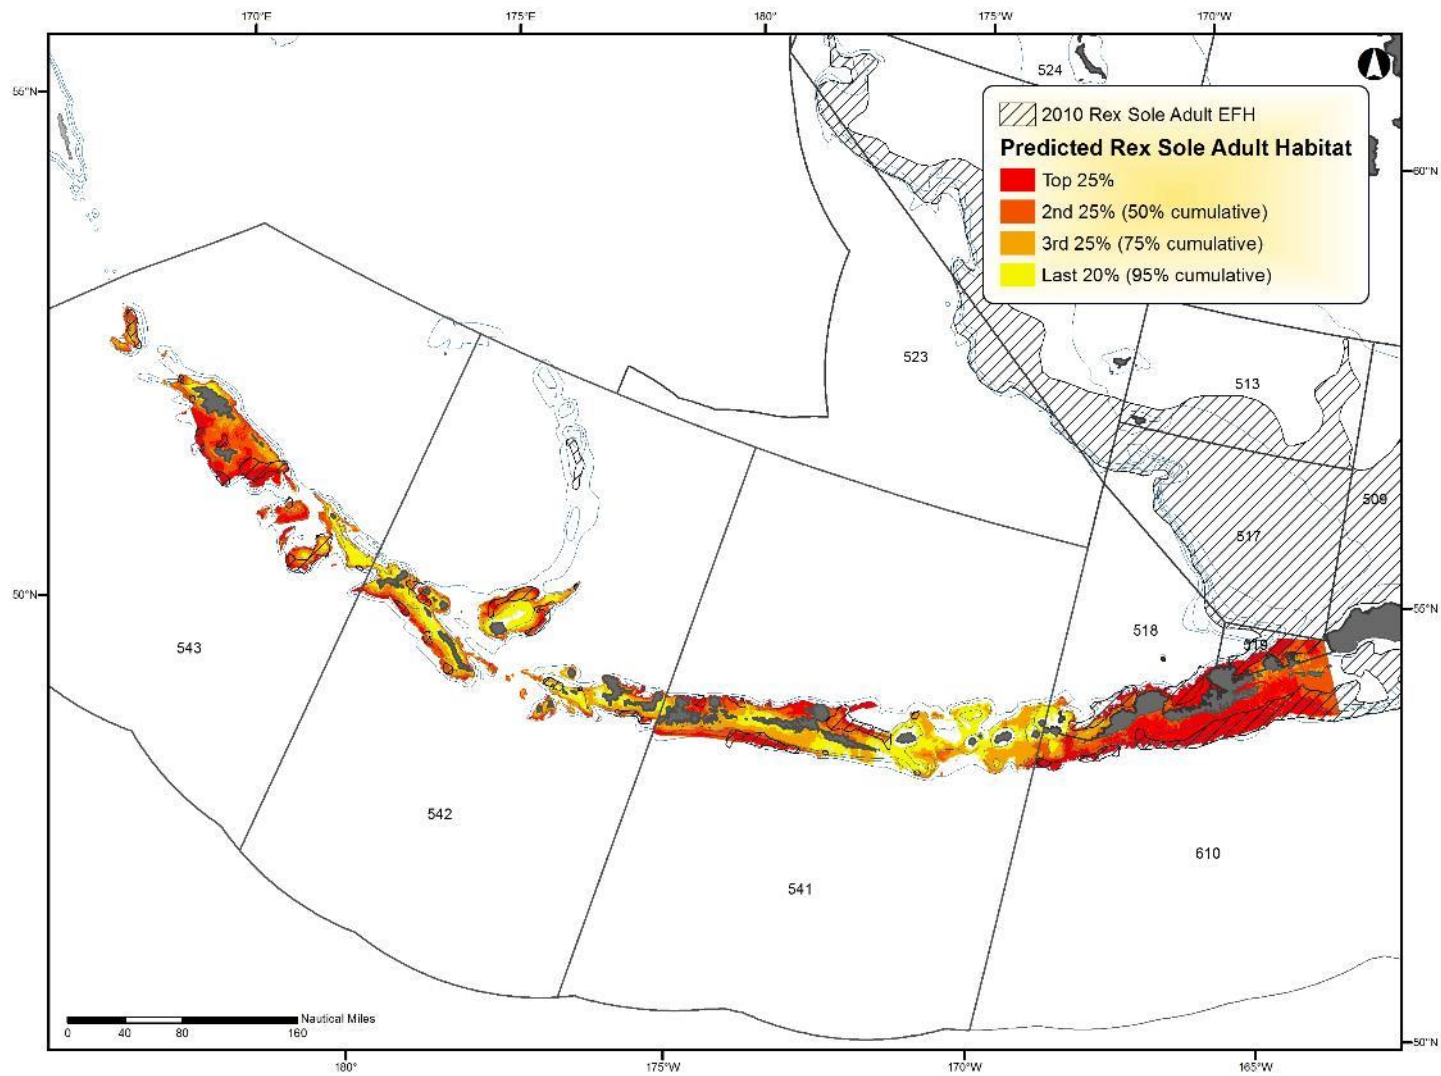

Figure D - 28 Predicted rex sole adult EFH in the Aleutian Islands

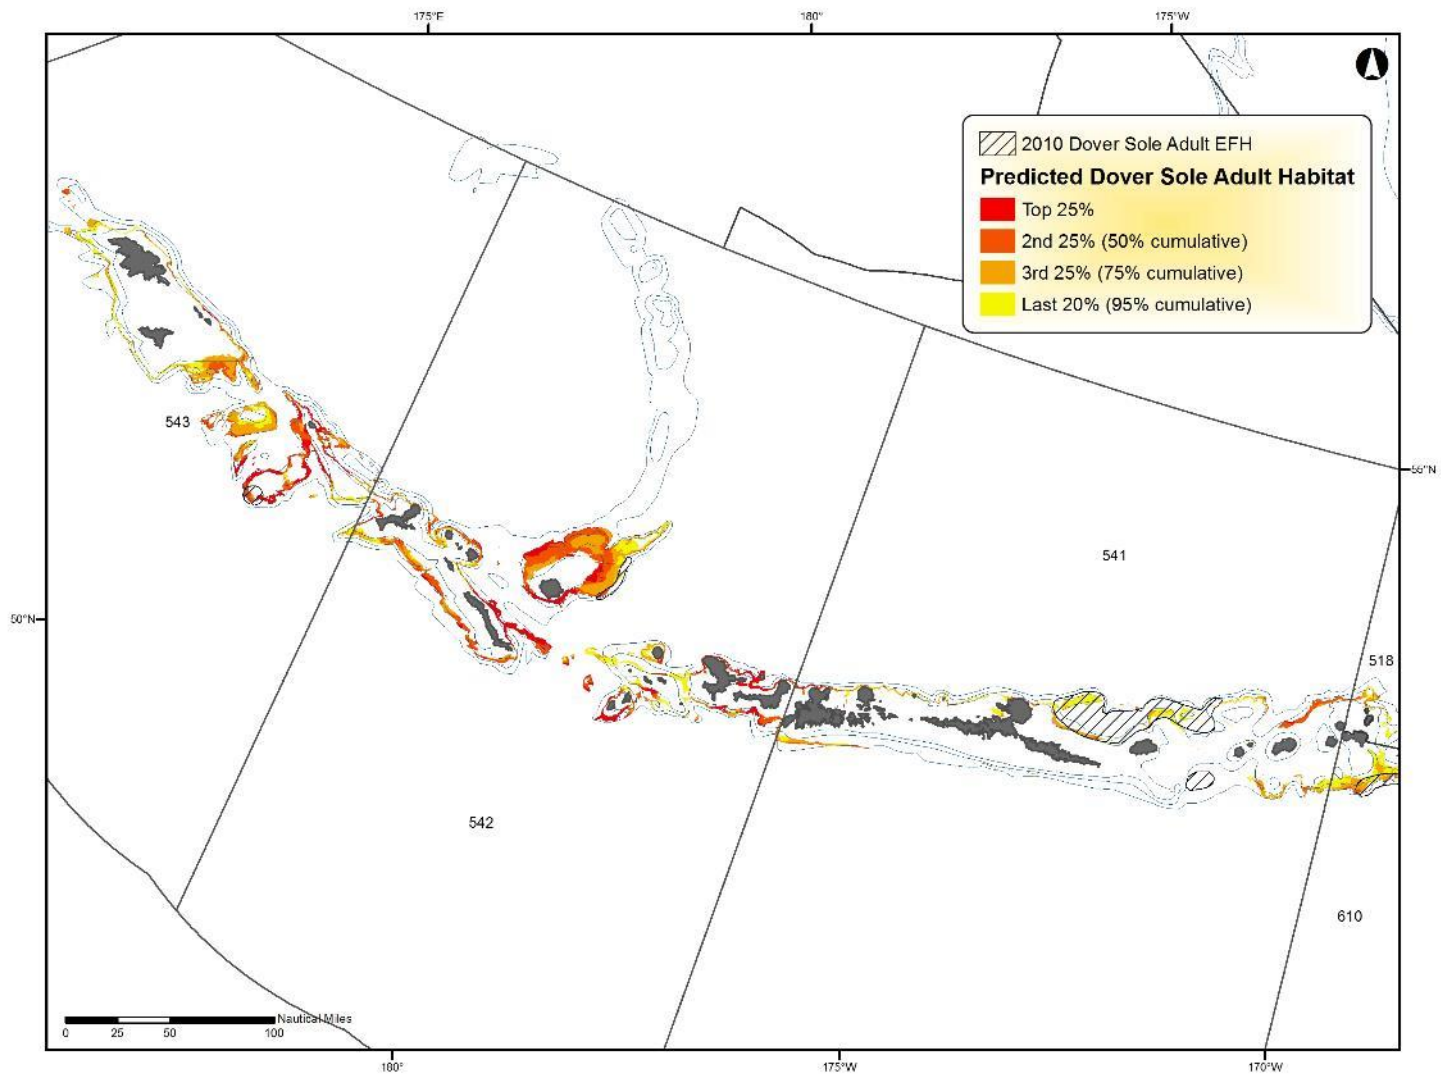

Figure D - 29 Predicted dover sole adult EFH in the Aleutian Islands

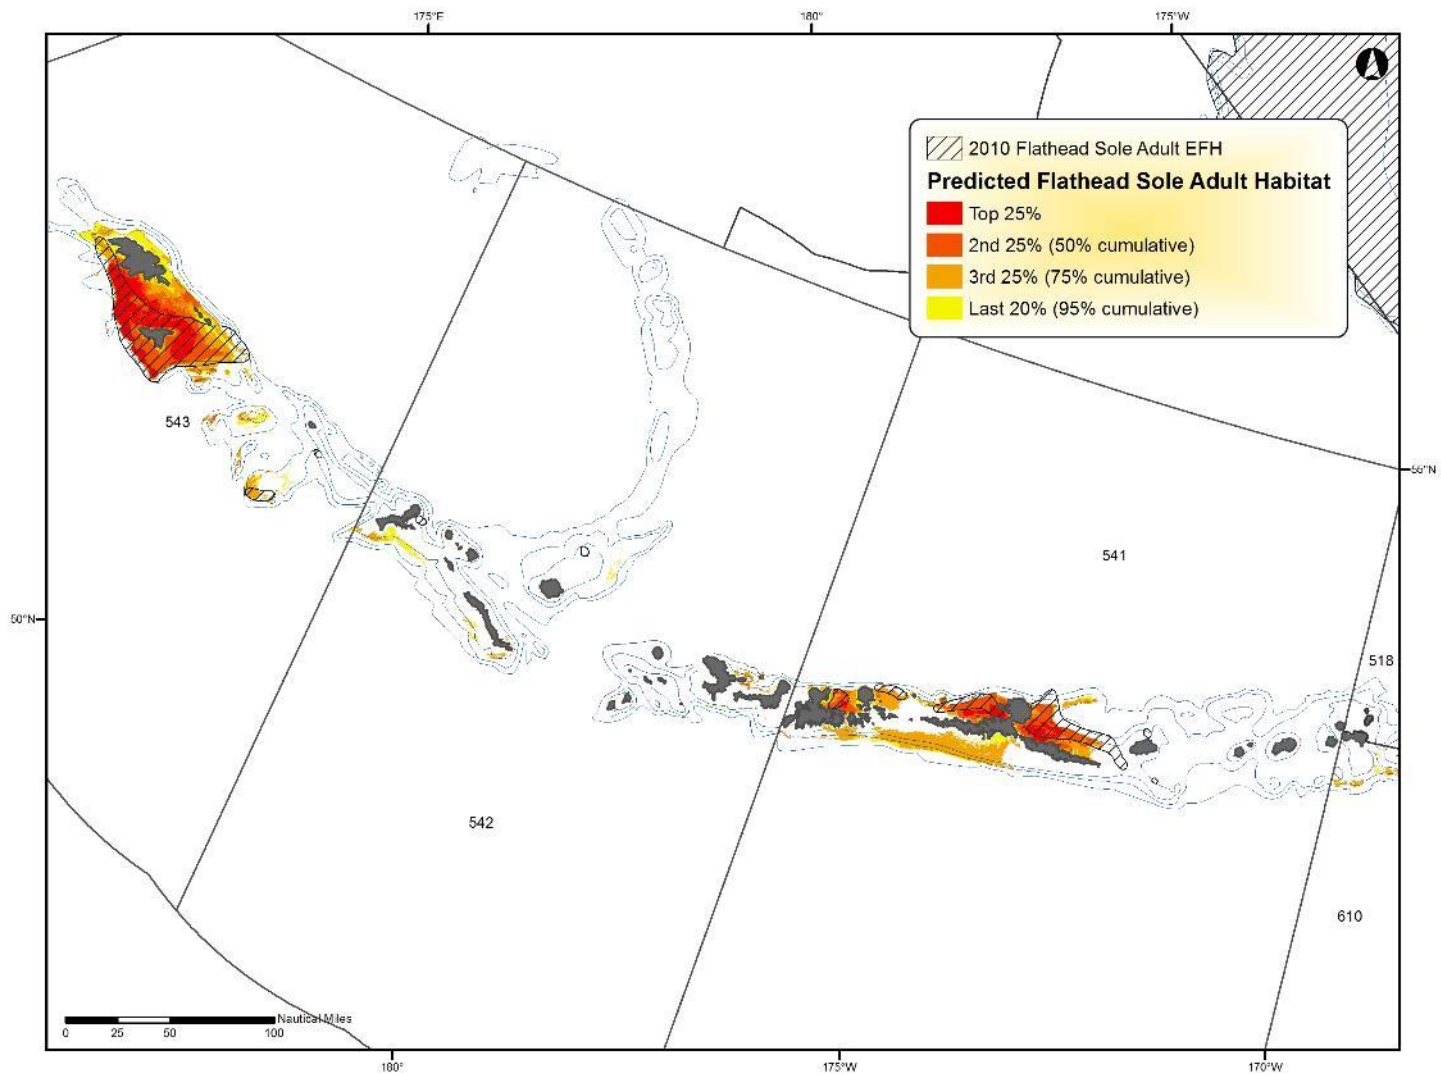

Figure D - 30 Predicted flathead sole adult EFH in the Aleutian Islands

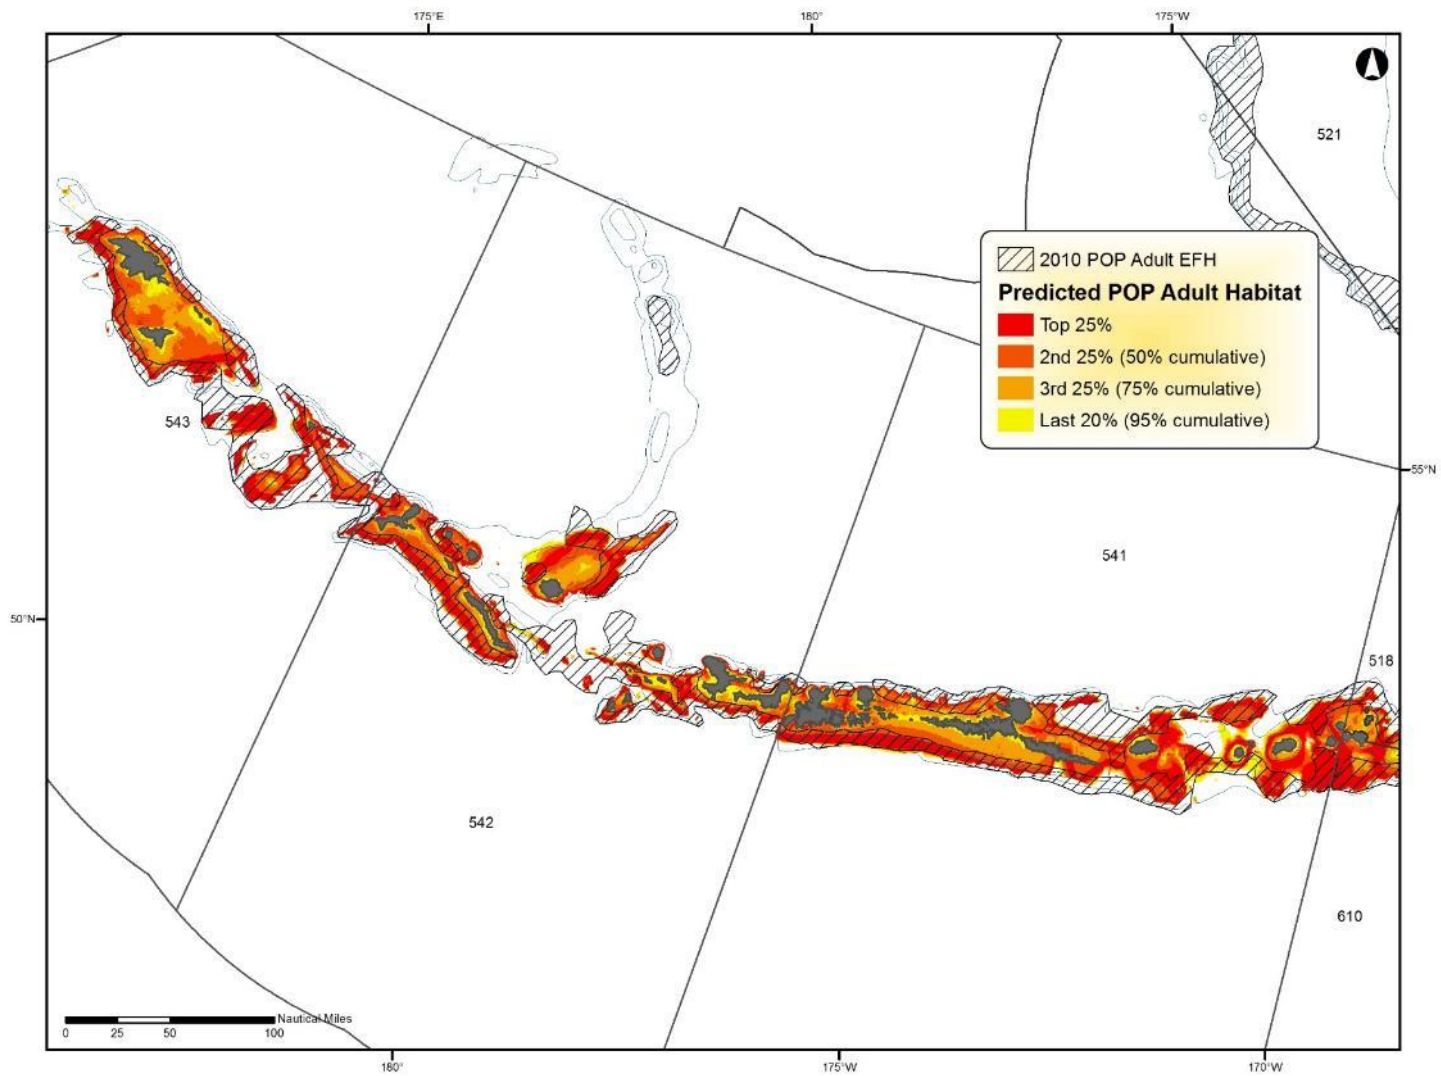

Figure D - 31 Predicted Pacific ocean perch adult EFH in the Aleutian Islands

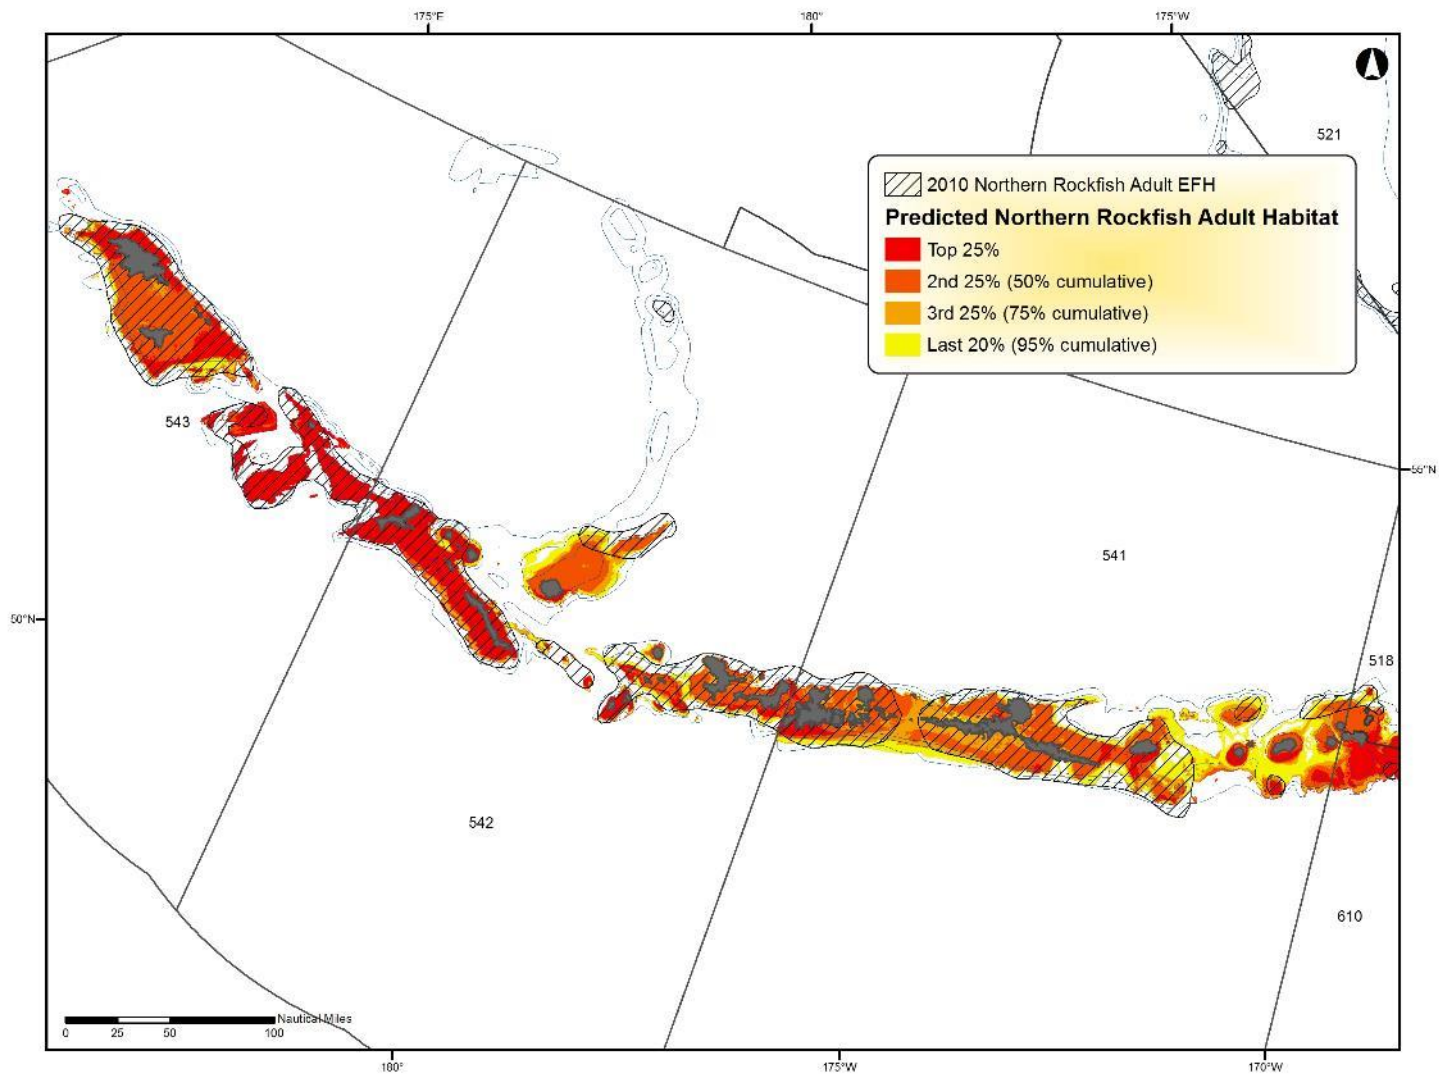

Figure D - 32 Predicted northern rockfish adult EFH in the Aleutian Islands

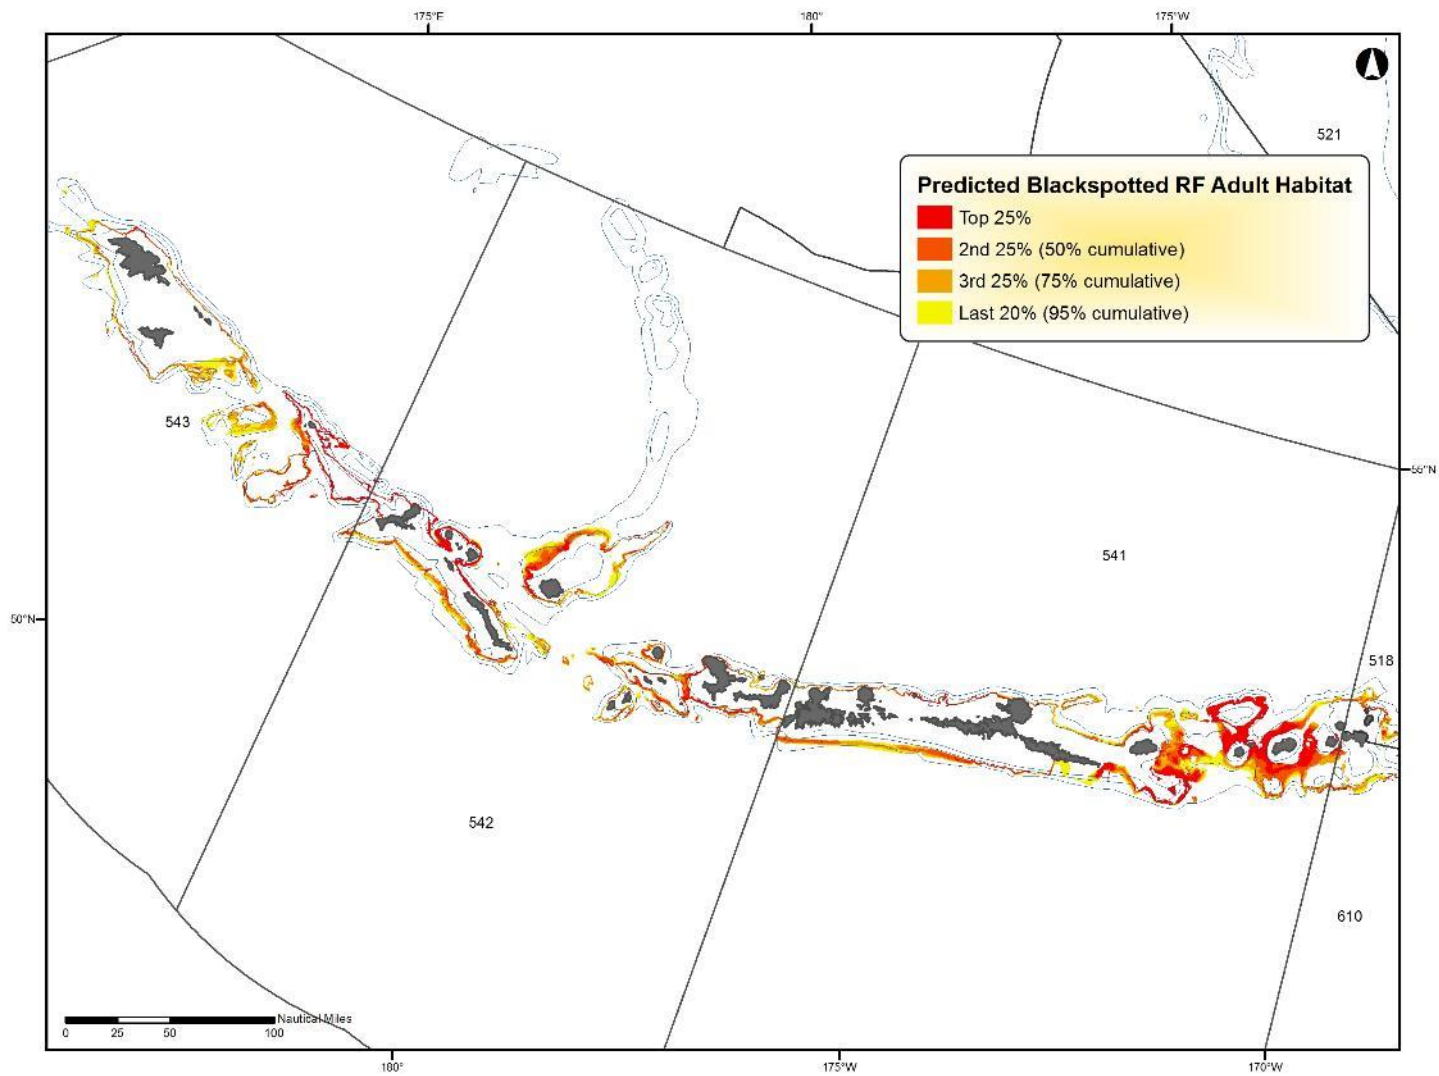

Figure D - 33 Predicted blackspotted rockfish adult EFH in the Aleutian Islands

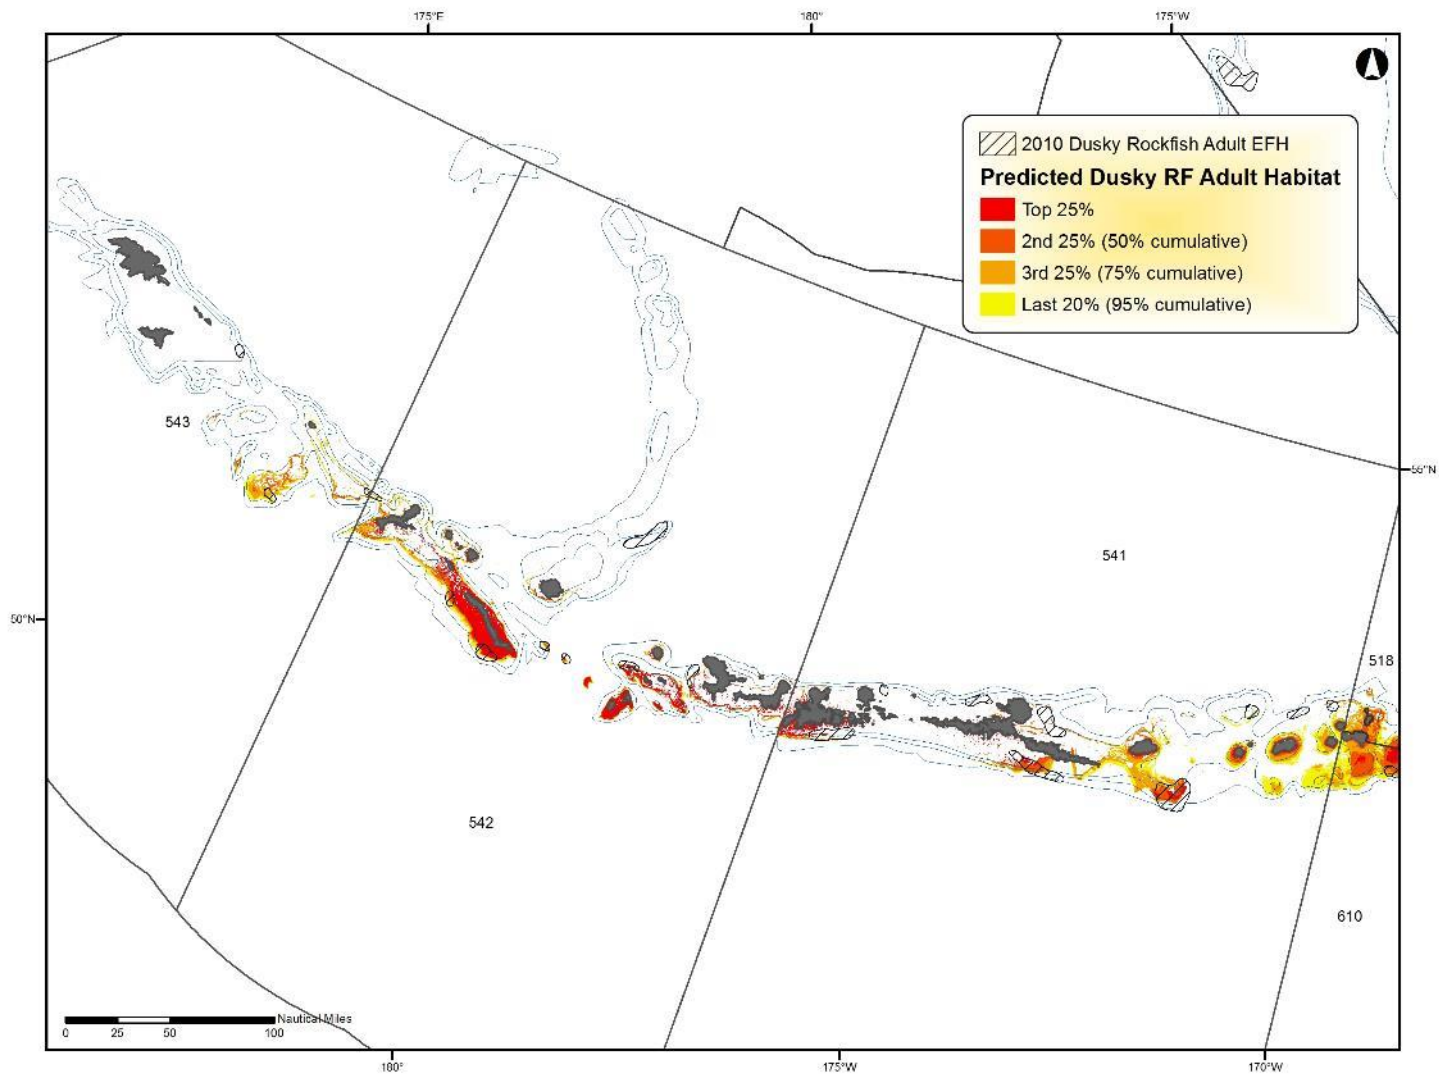

Figure D - 34 Predicted dusky rockfish adult EFH in the Aleutian Islands

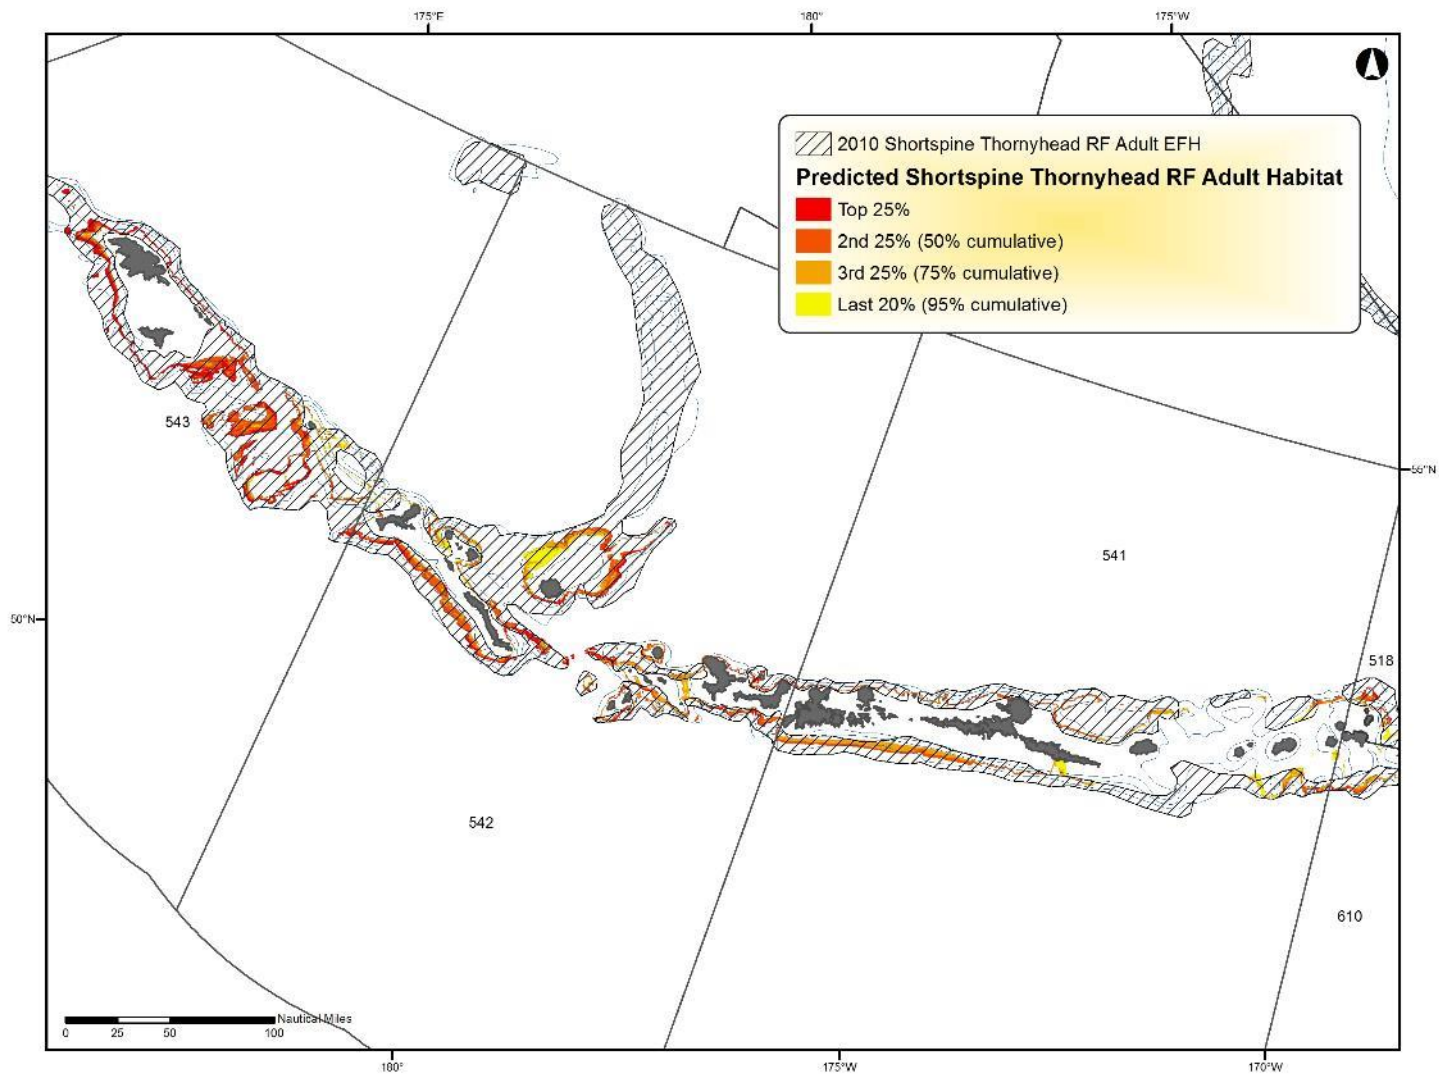

Figure D - 35 Predicted shortspine thornyhead rockfish adult EFH in the Aleutian Islands

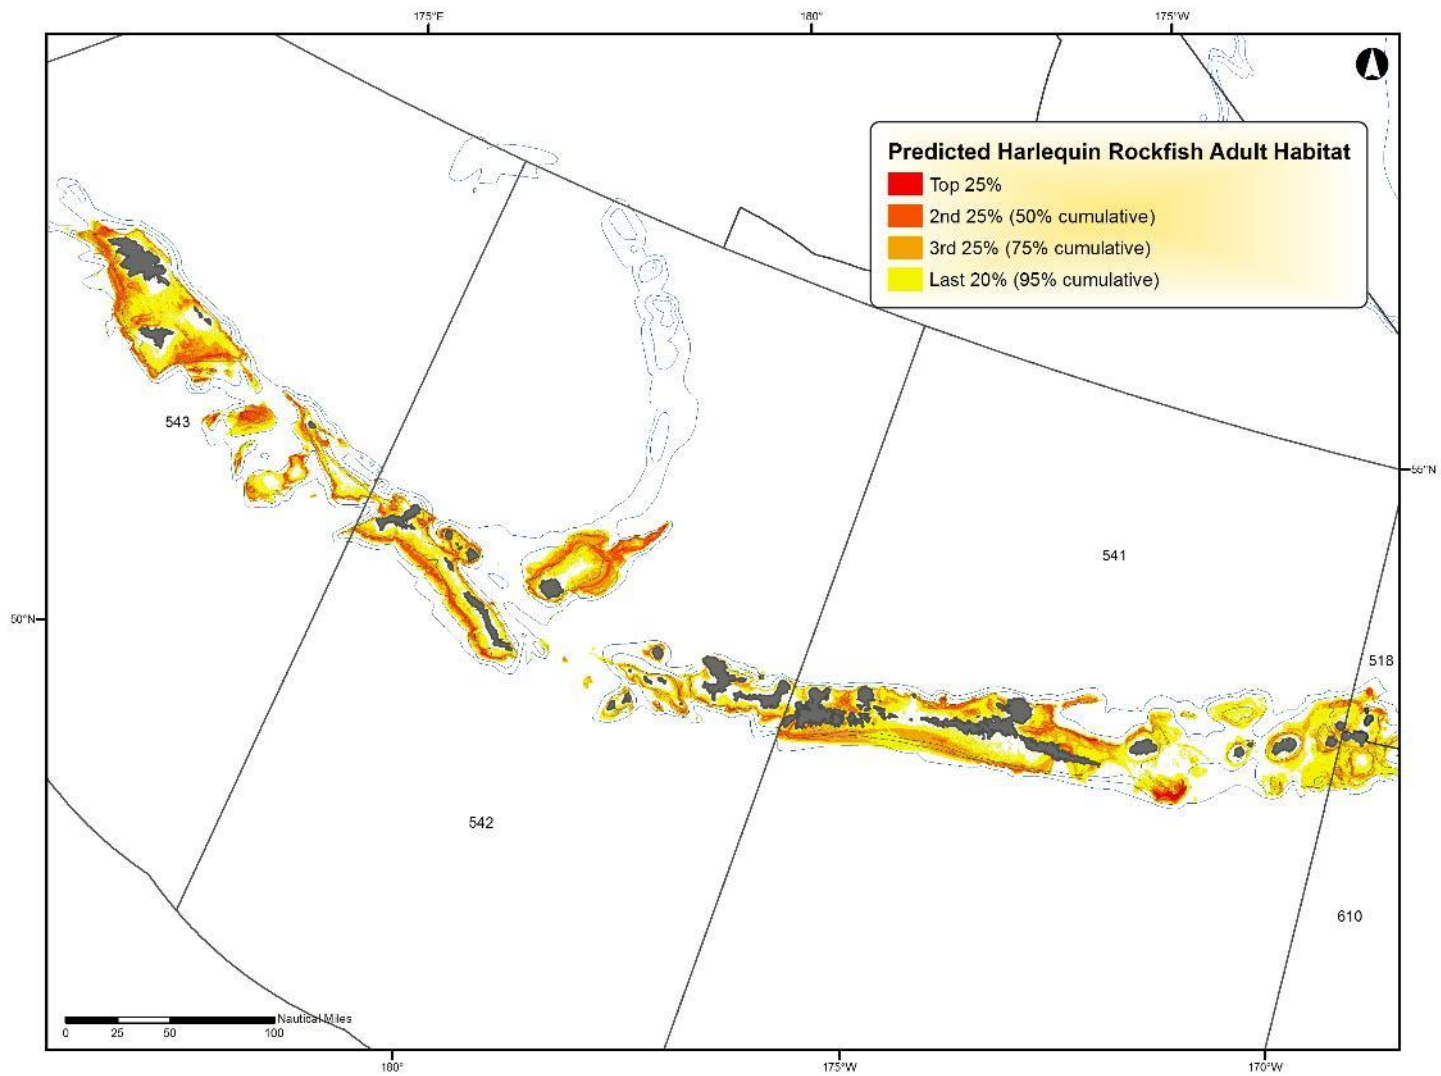

Figure D - 36 Predicted harlequin rockfish adult EFH in the Aleutian Islands

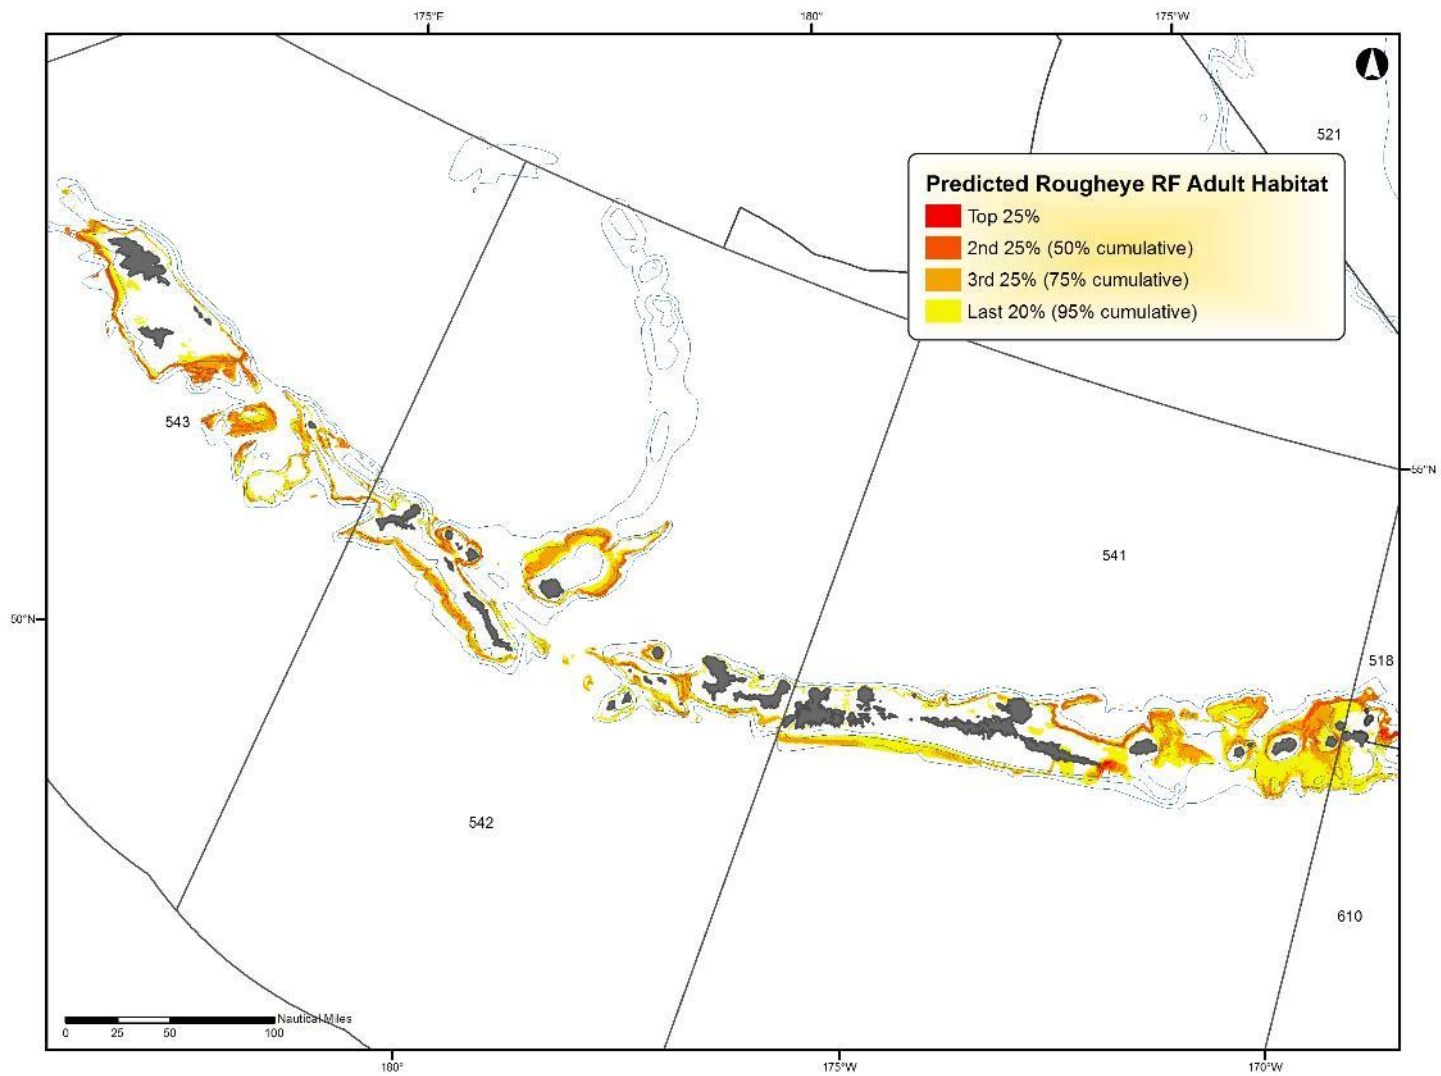

Figure D - 37 Predicted rougheye rockfish adult EFH in the Aleutian Islands

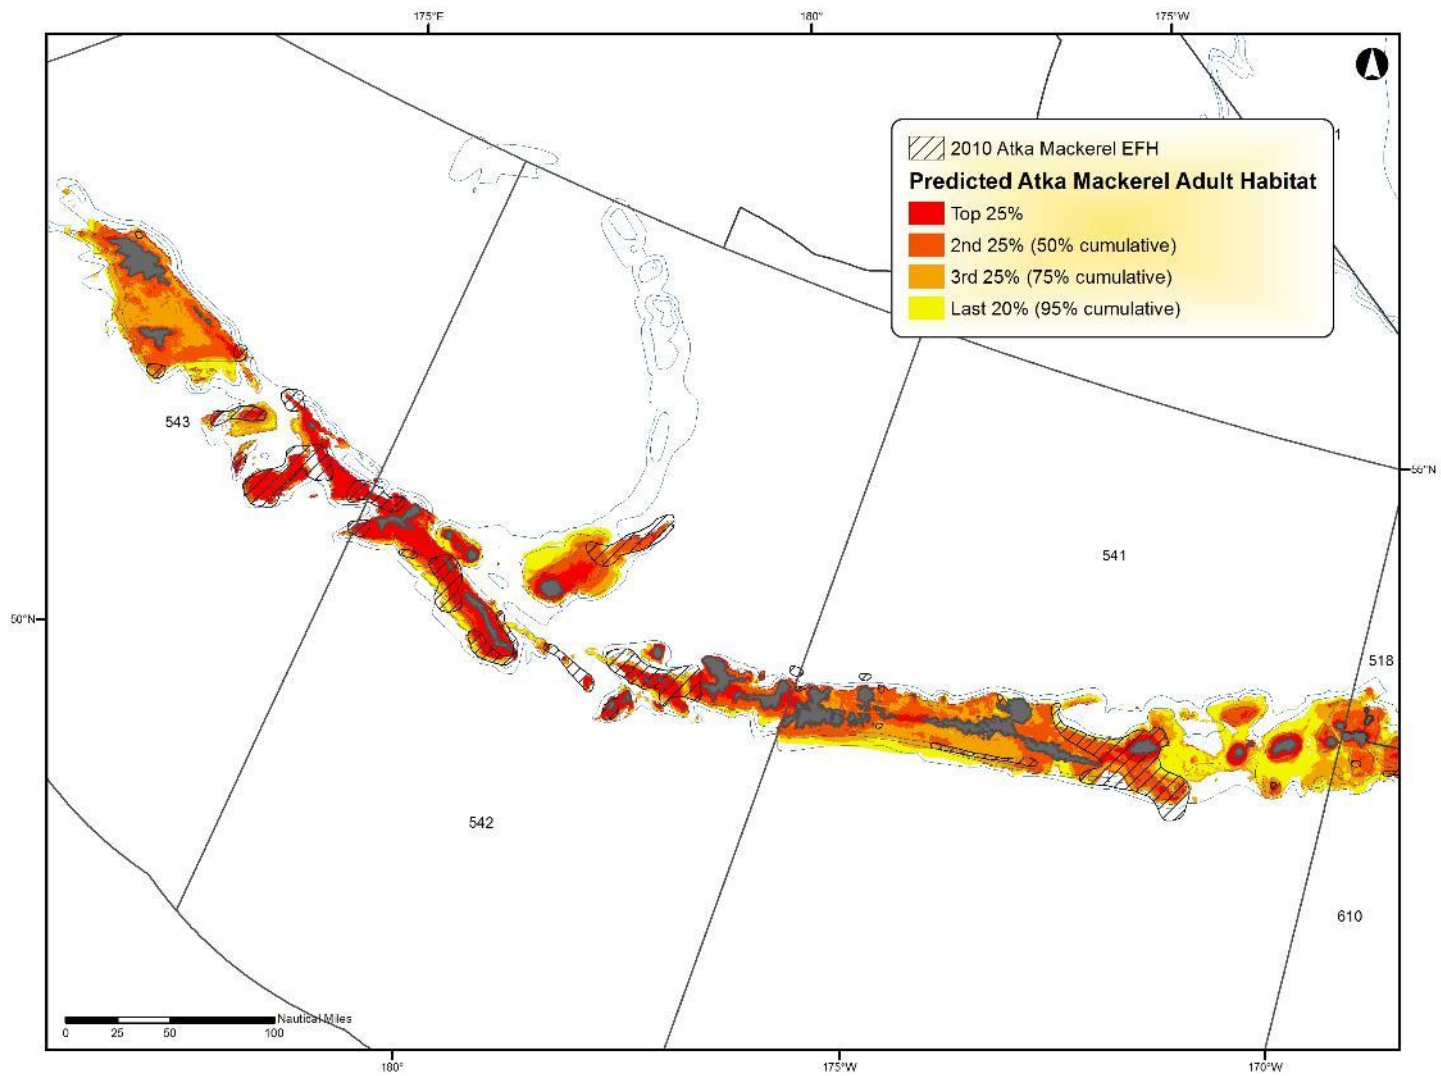

Figure D - 38 Predicted Atka mackerel adult EFH in the Aleutian Islands

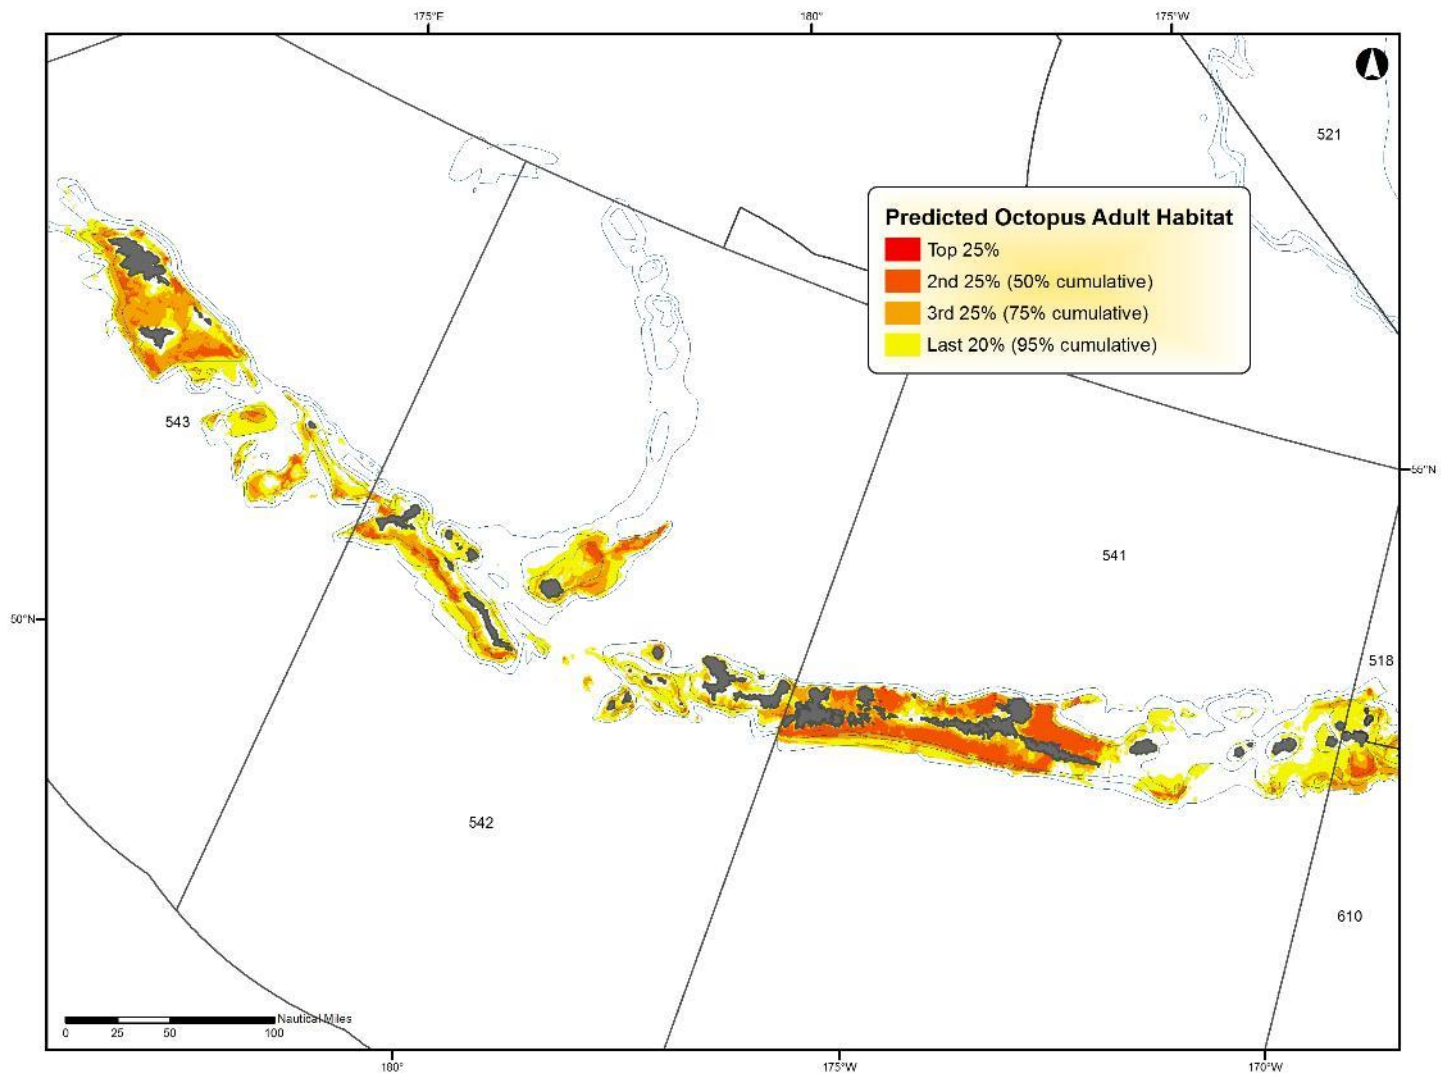

Figure D - 39 Predicted octopus adult EFH in the Aleutian Islands

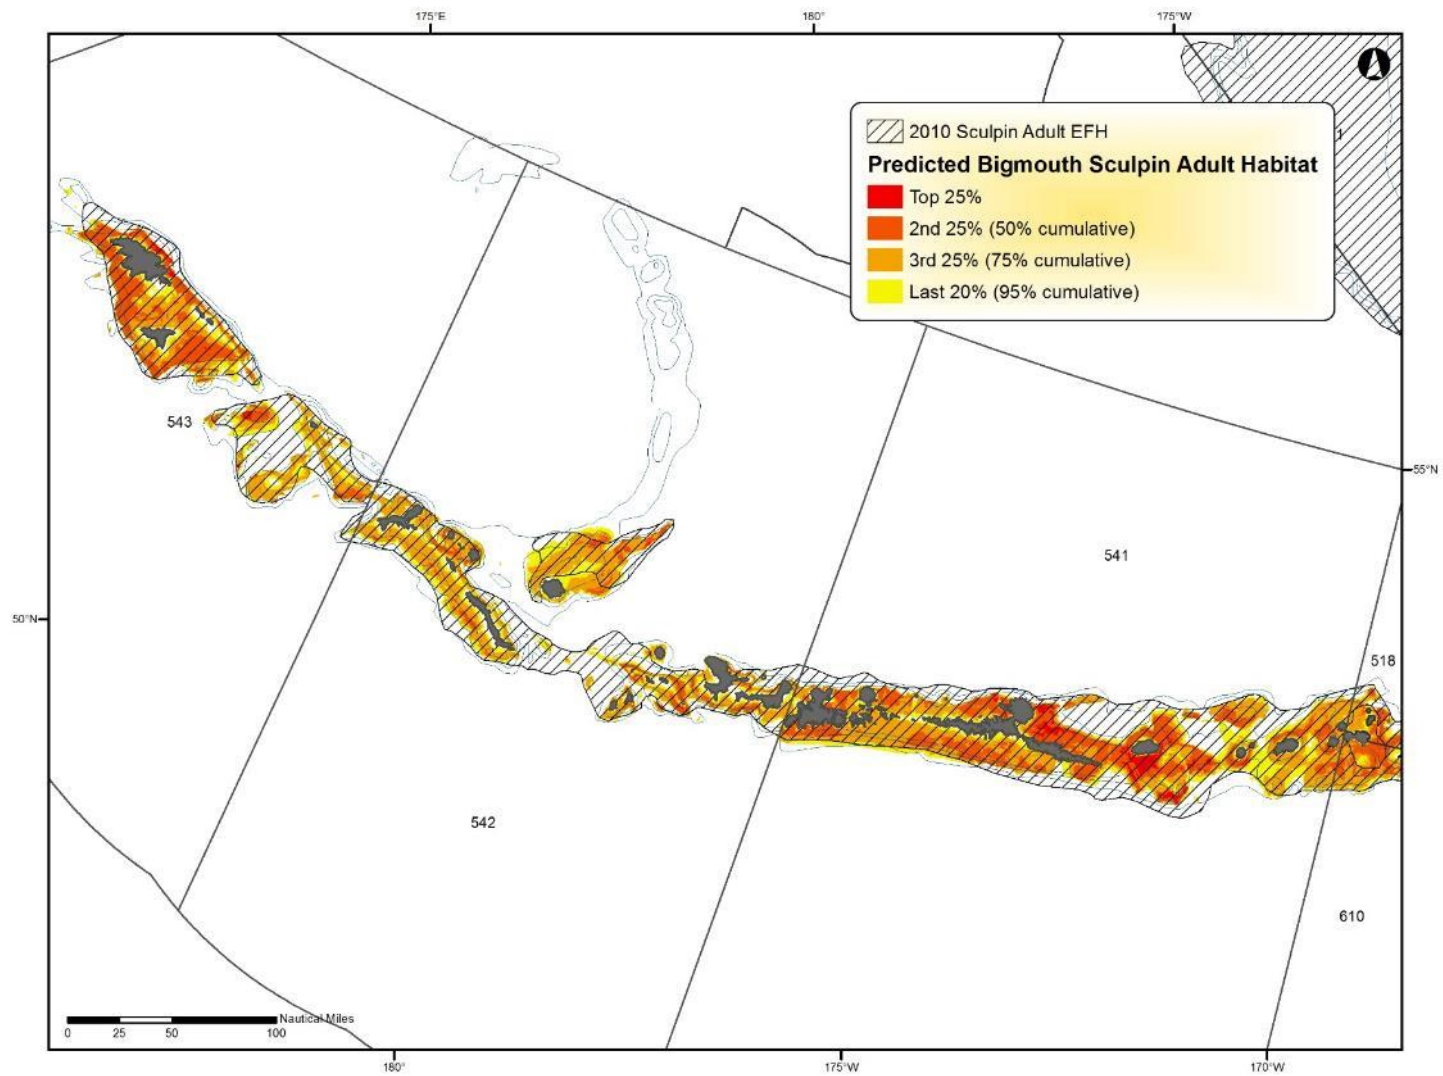

Figure D - 40 Predicted bigmouth sculpin adult EFH in the Aleutian Islands

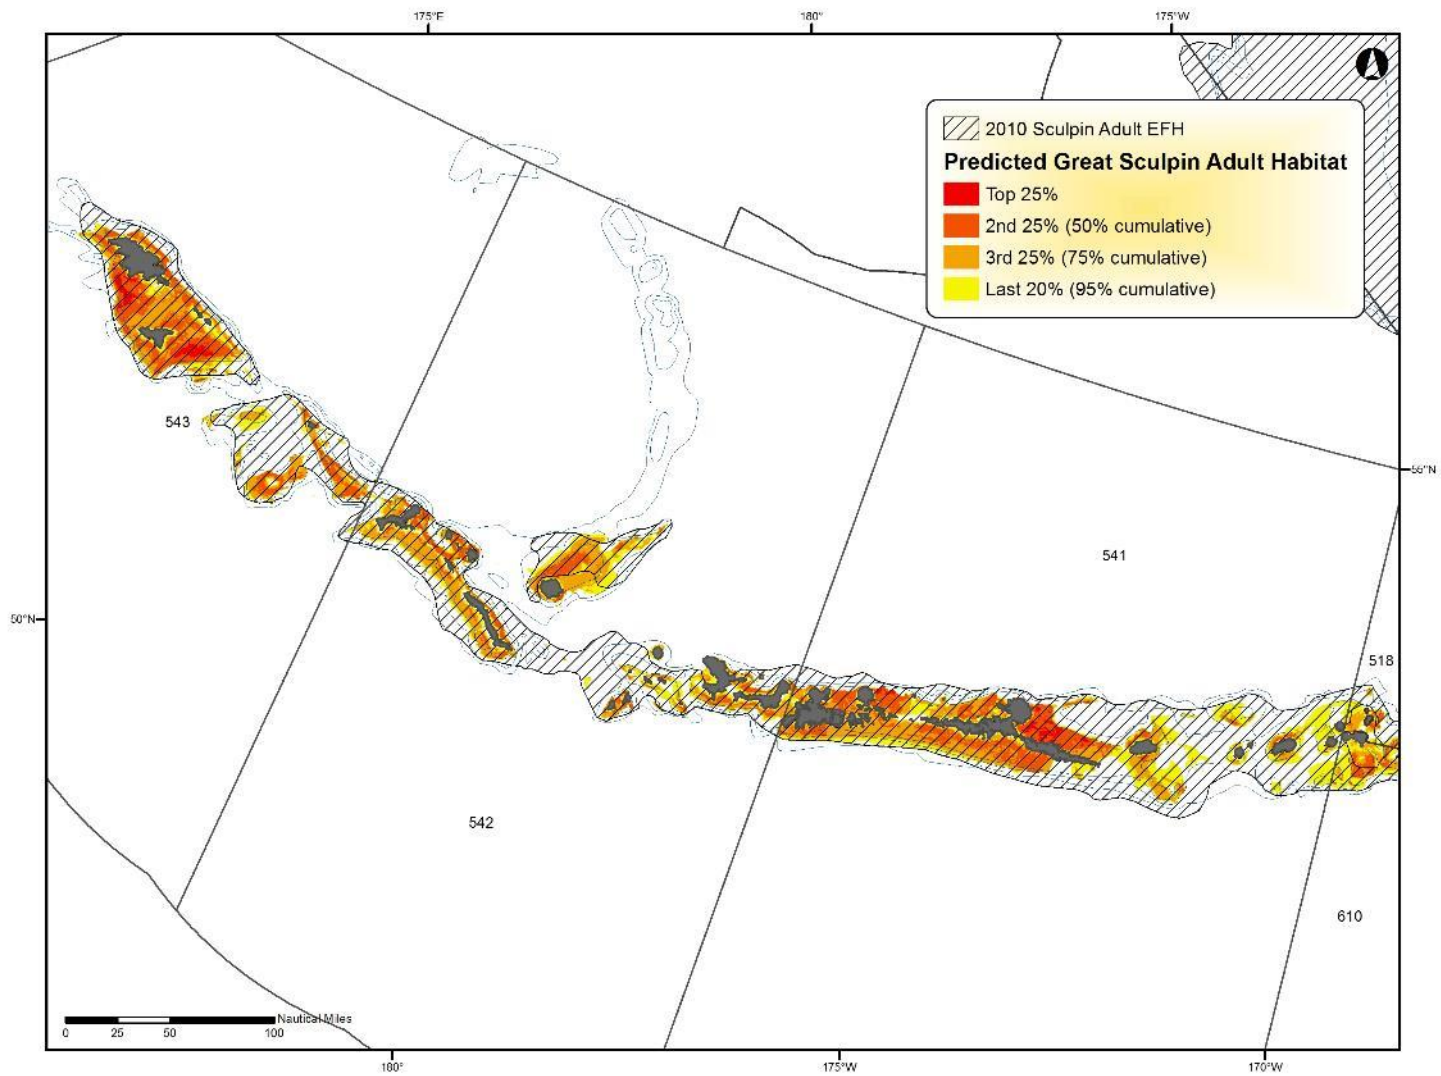

Figure D - 41 Predicted great sculpin adult EFH in the Aleutian Islands

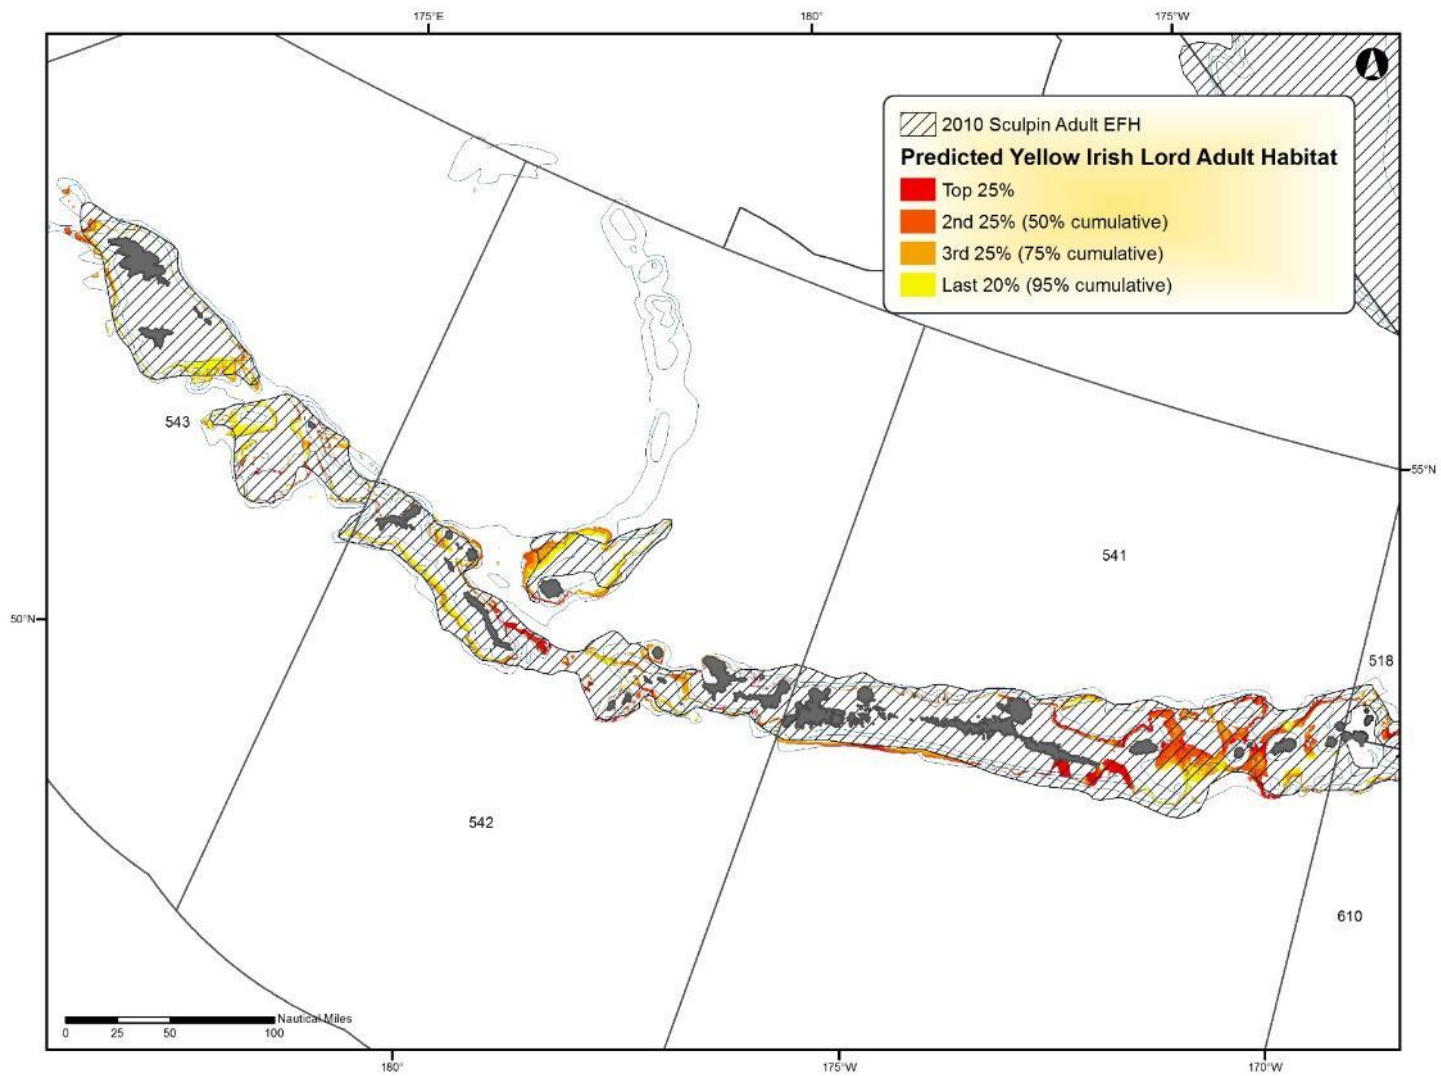

Figure D - 42 Predicted adult yellow Irish lord adult EFH in the Aleutian Islands

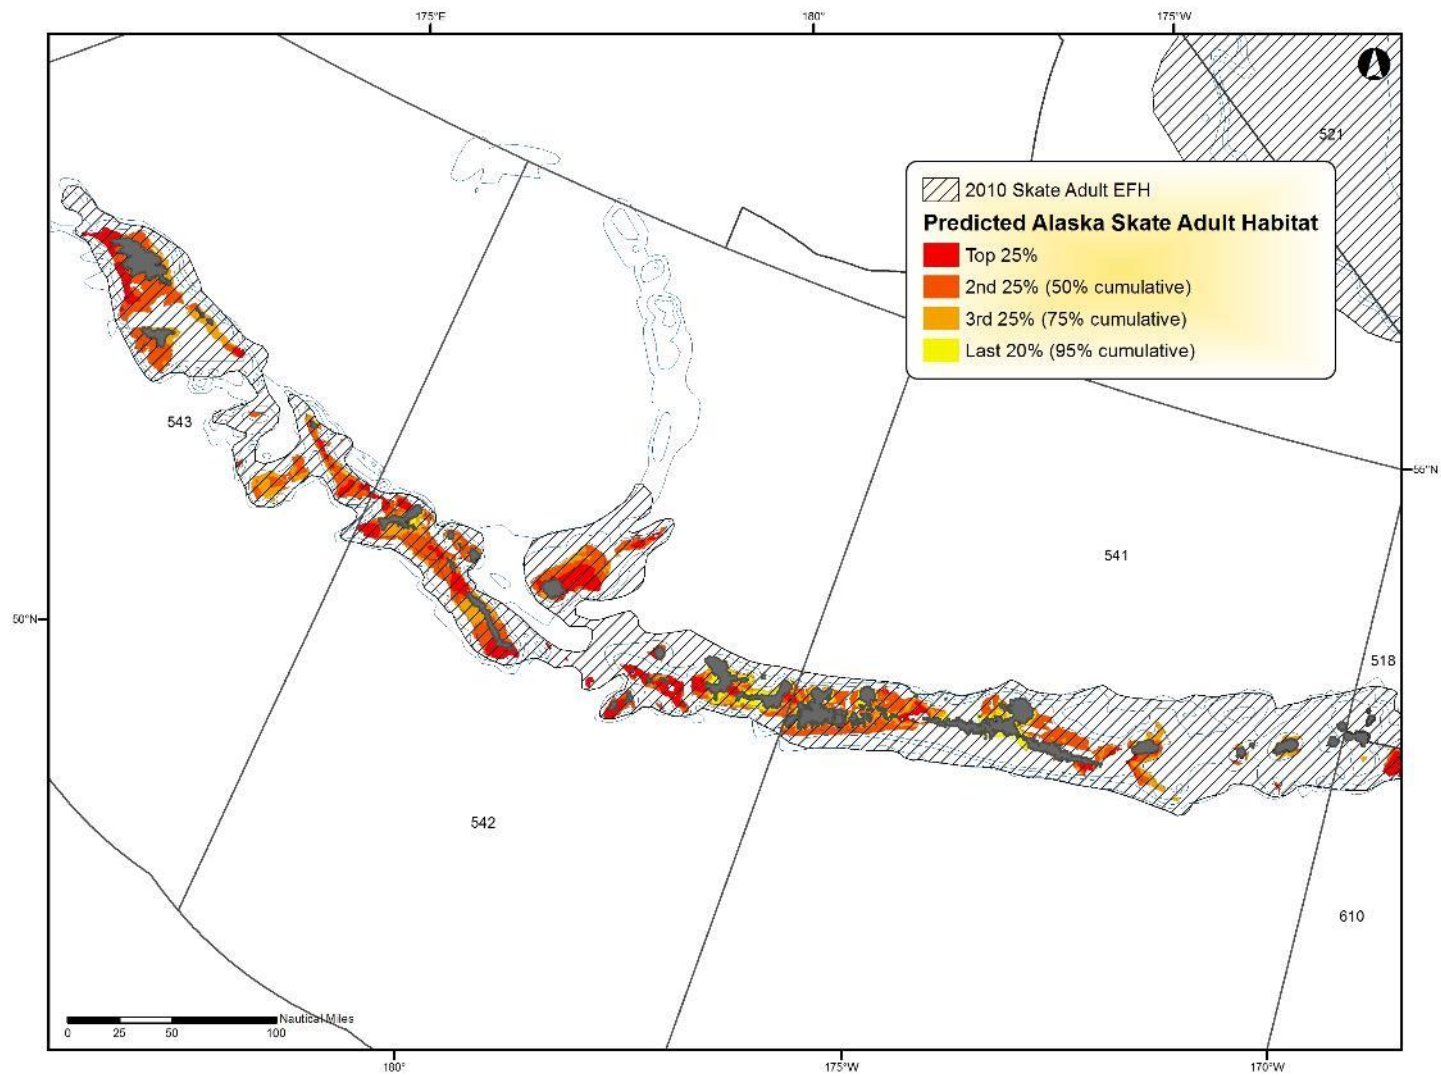

Figure D - 43 Predicted Alaska skate adult EFH in the Aleutian Islands

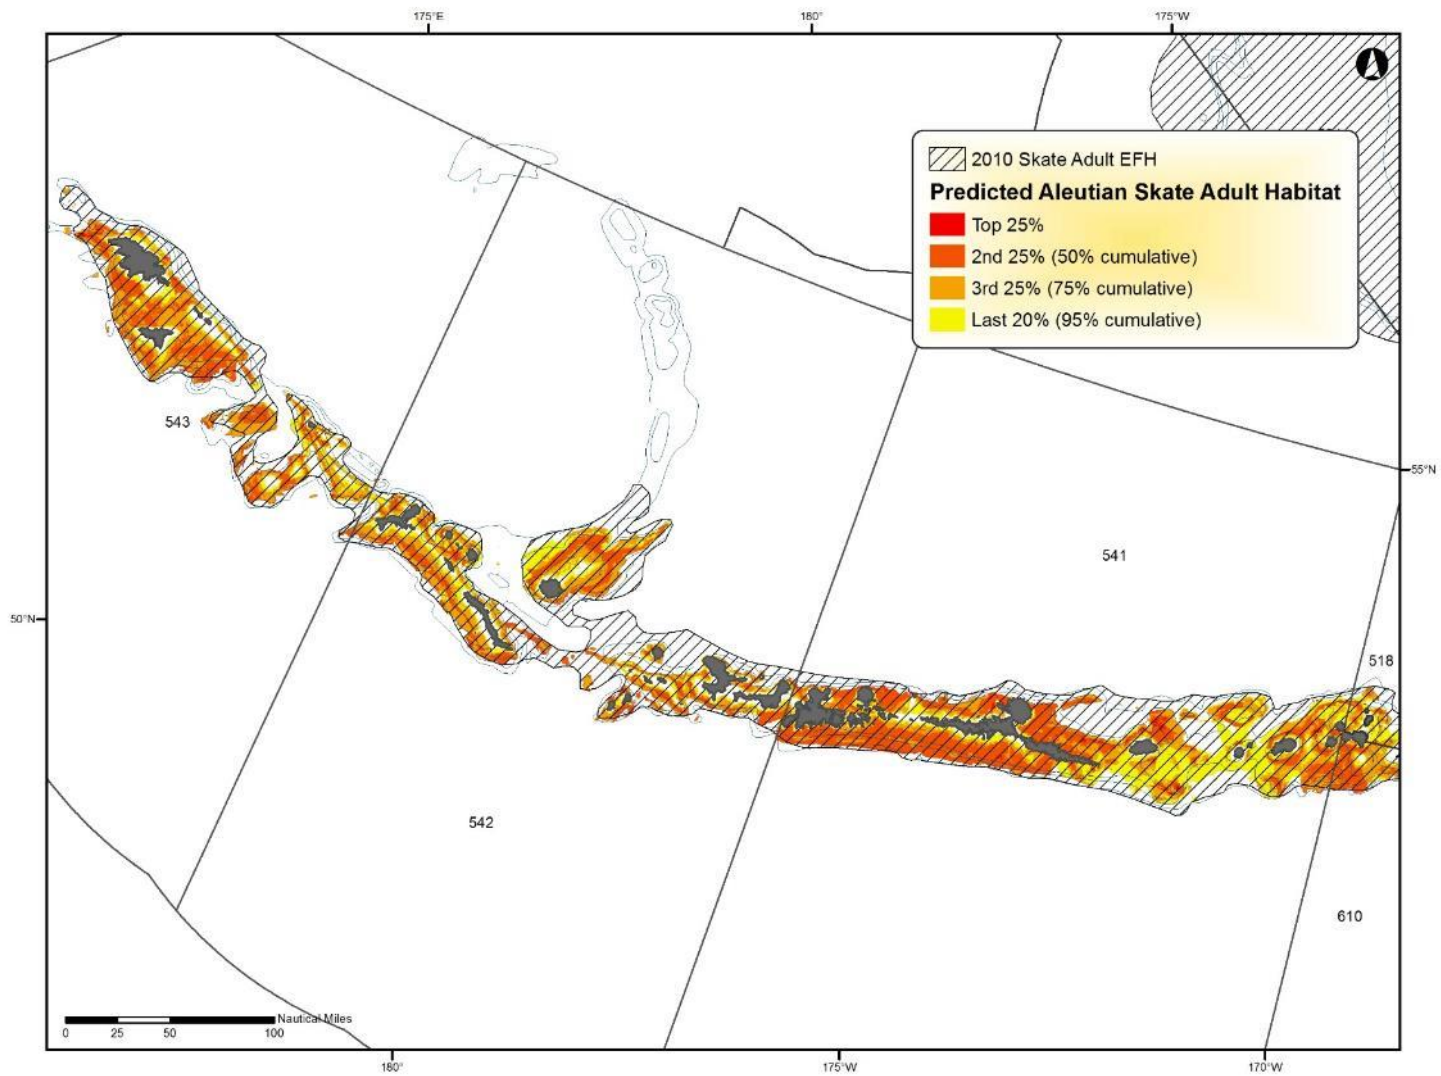

Figure D - 44 Predicted Aleutian skate Adult EFH in the Aleutian Islands
