

**Appendix H: Proposed marine Essential Fish Habitat for salmon species in
Alaska**

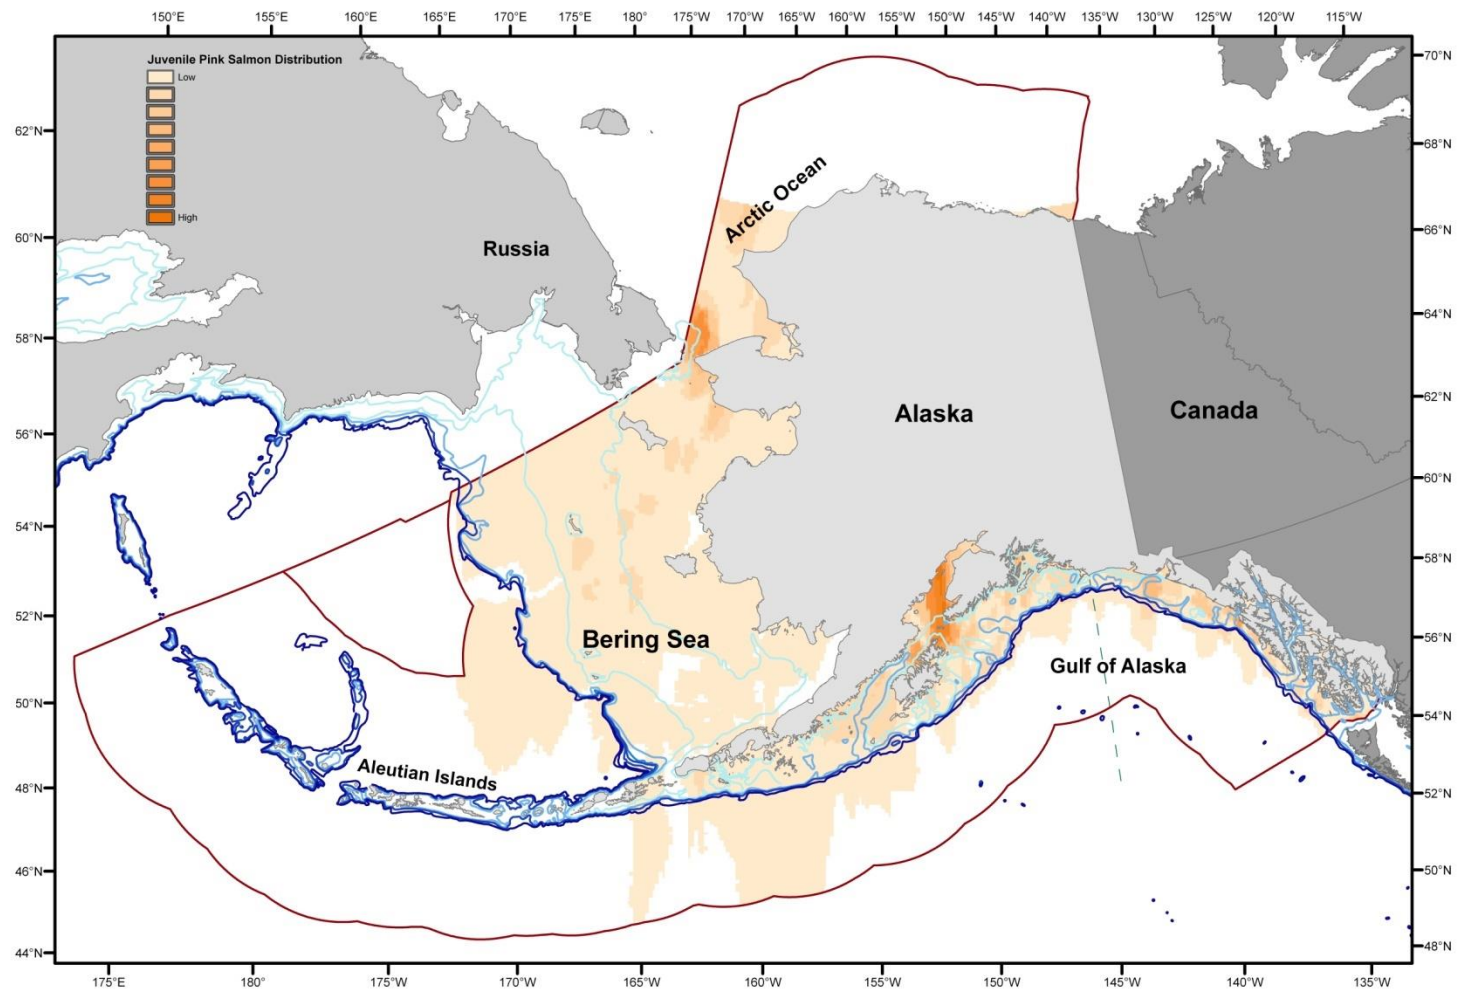

Figure H - 1 95% of the spatial distribution of marine juvenile pink salmon in Alaska

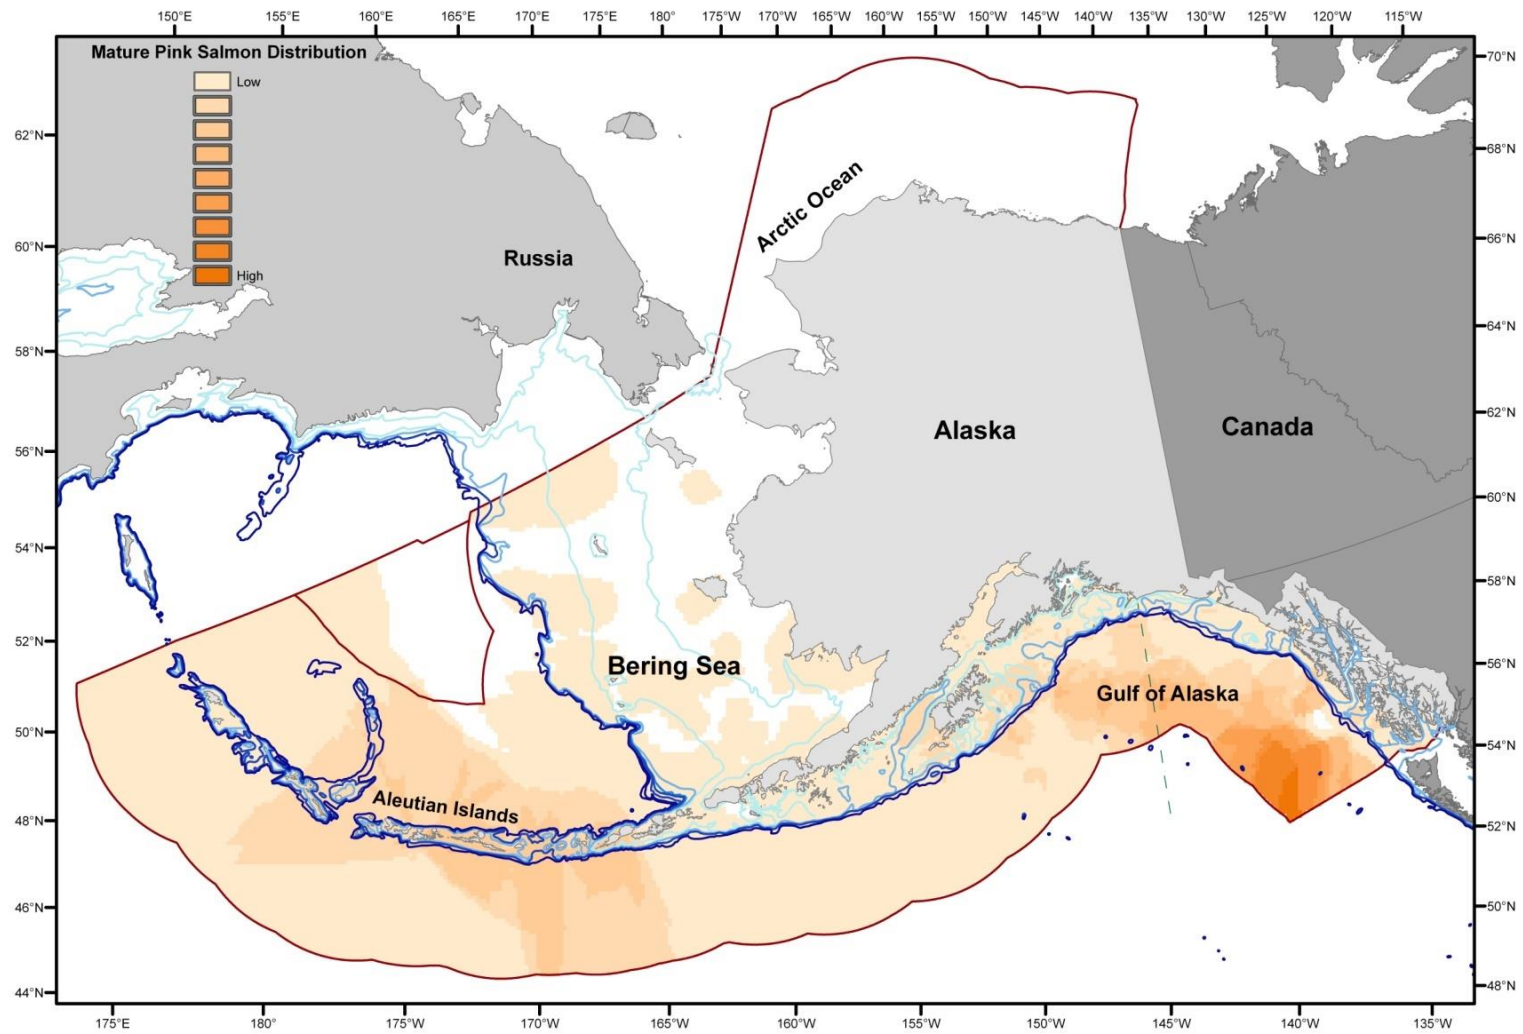

Figure H - 2 95% of the spatial distribution of marine mature pink salmon in Alaska

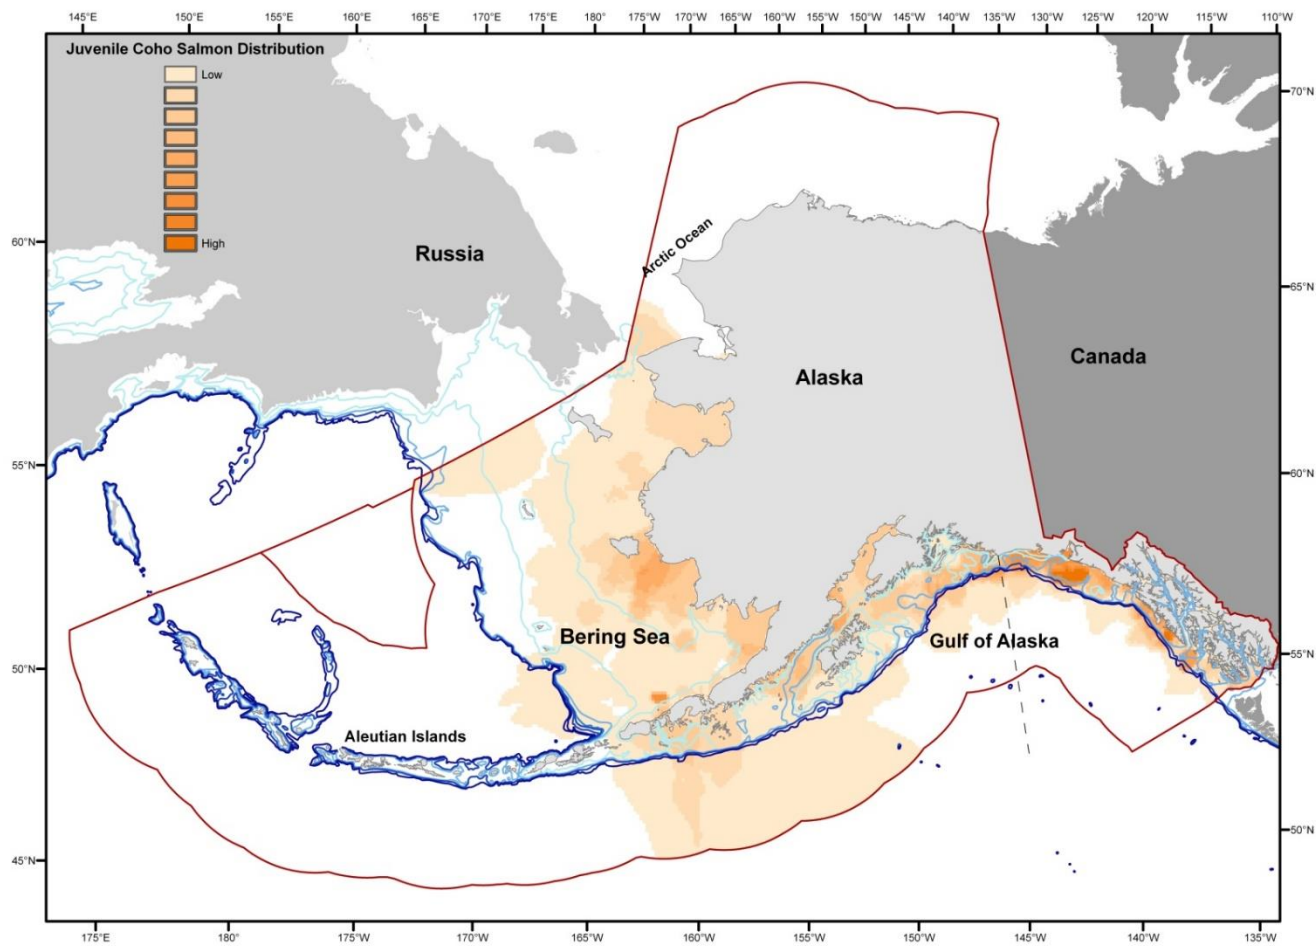

Figure H - 3 95% of the spatial distribution of marine juvenile coho salmon in Alaska

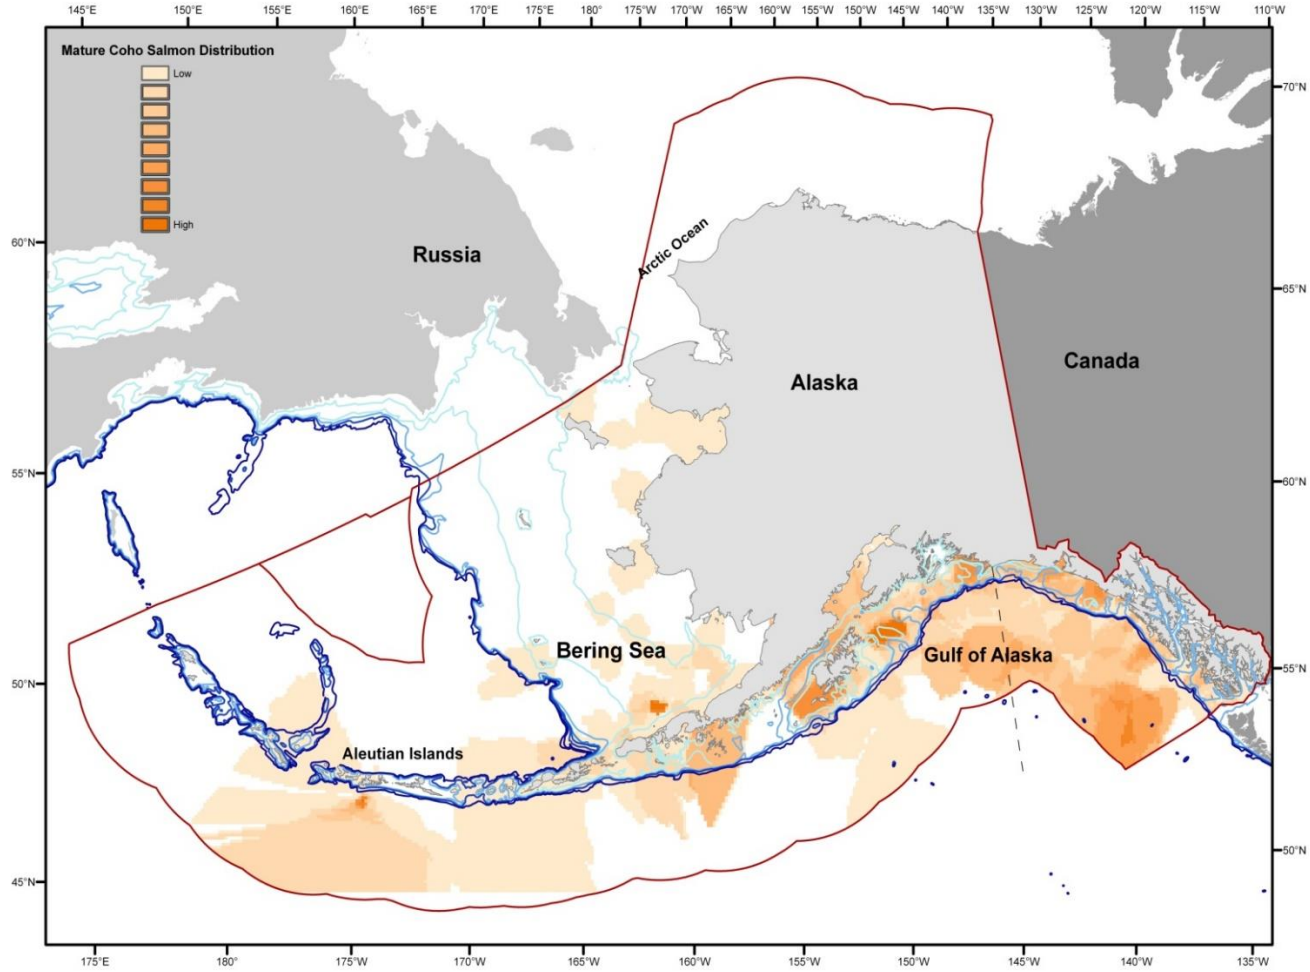

Figure H - 4 95% of the spatial distribution of marine mature coho salmon in Alaska

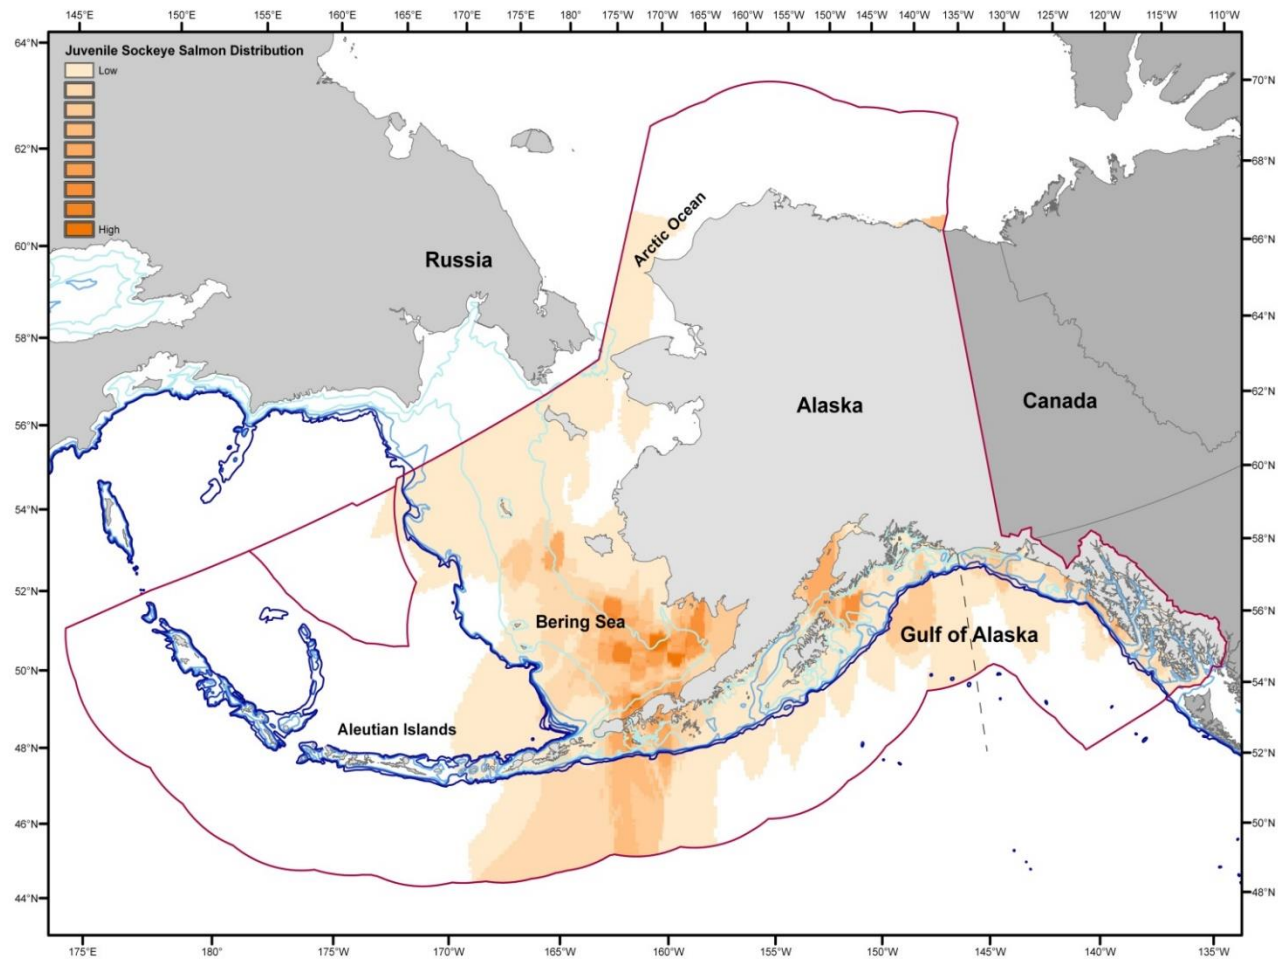

Figure H - 5 95% of the spatial distribution of marine juvenile sockeye salmon in Alaska

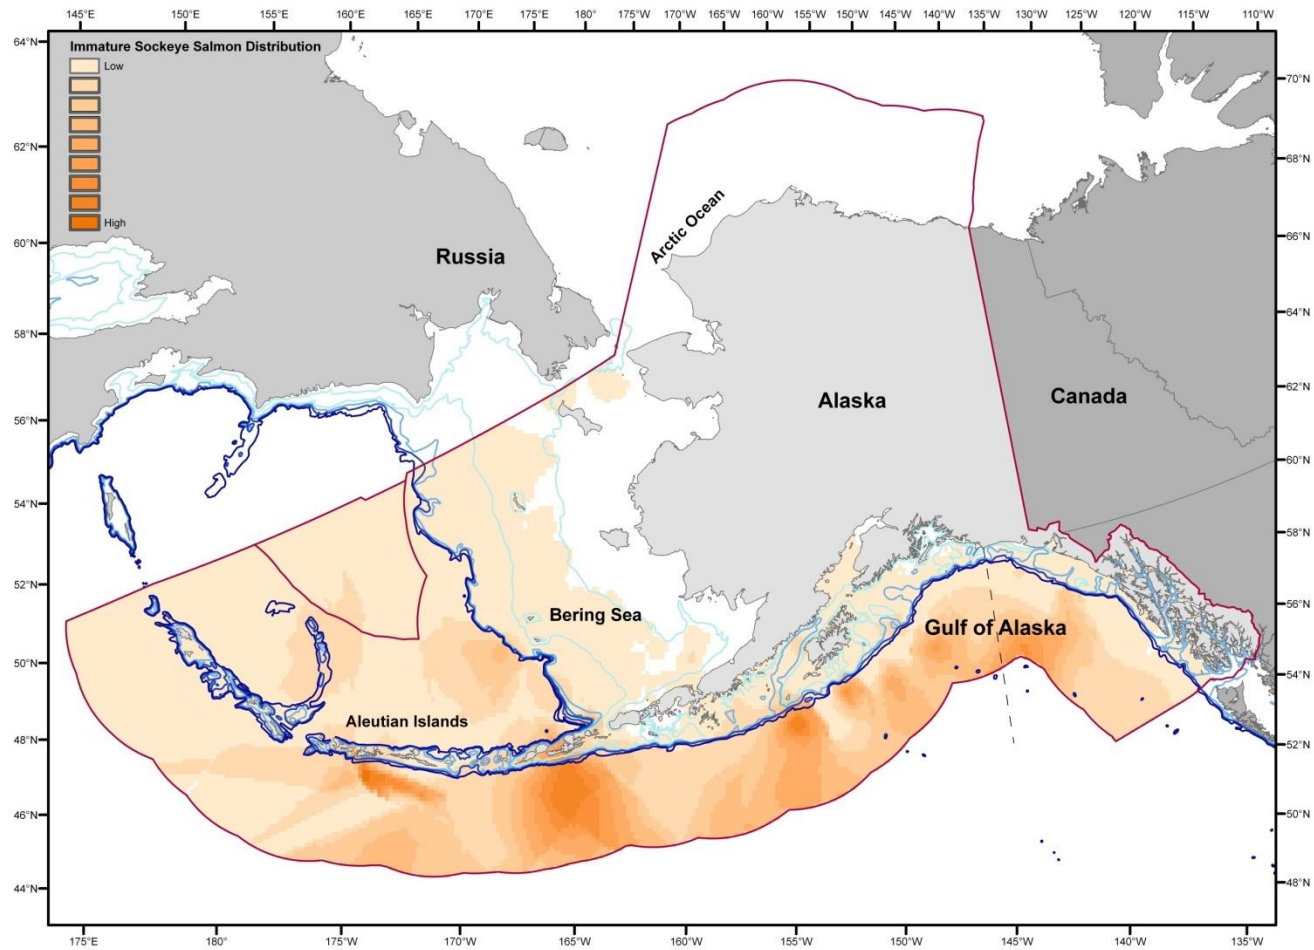

Figure H - 6 95% of the spatial distribution of marine immature sockeye salmon in Alaska

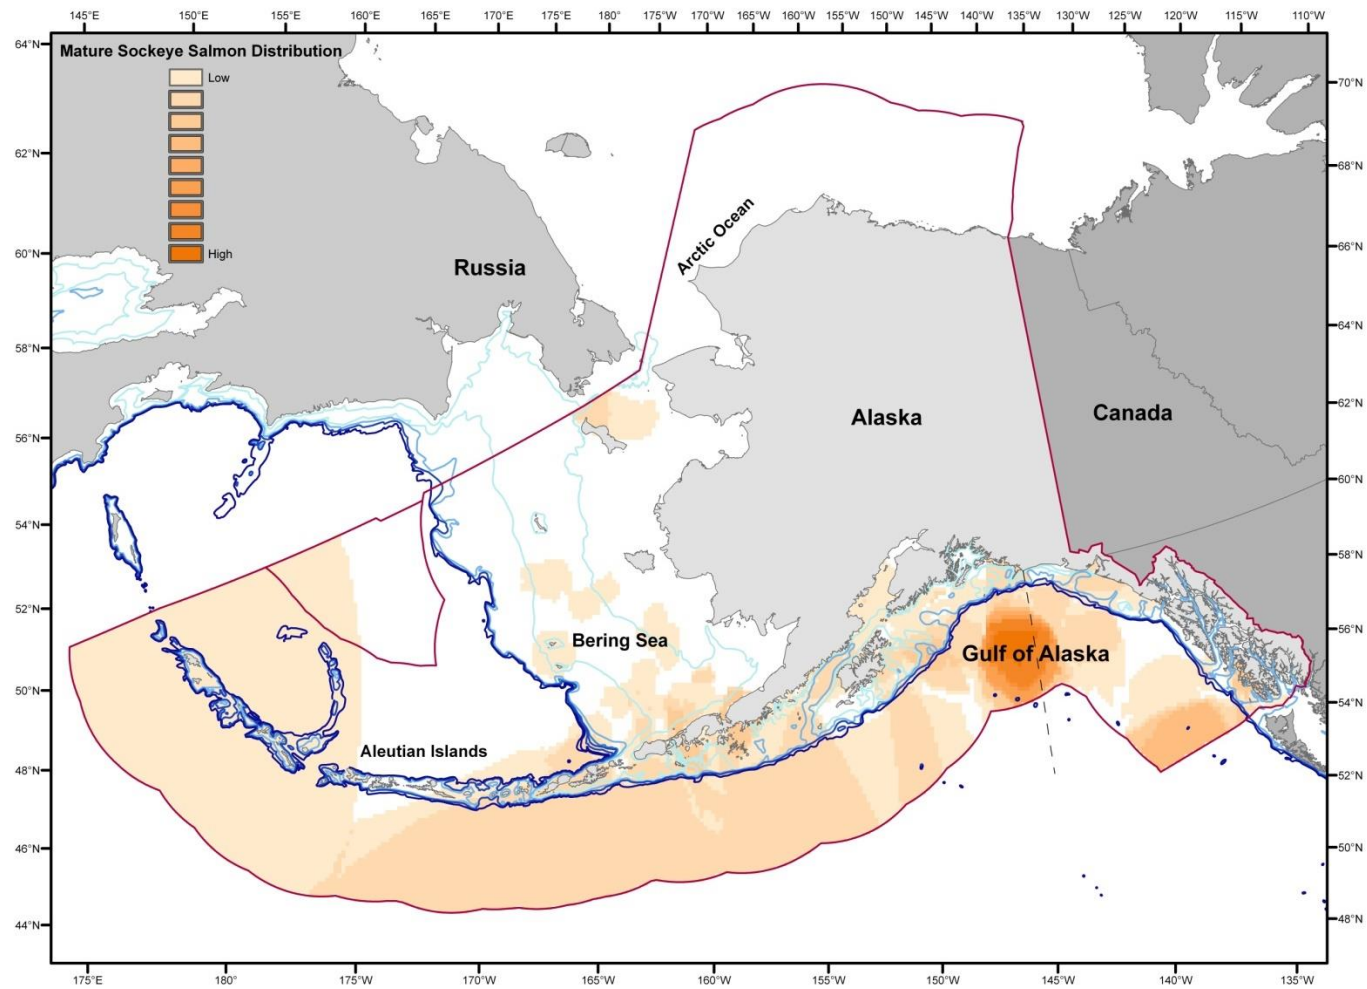

Figure H - 7 95% of the spatial distribution of marine mature sockeye salmon in Alaska

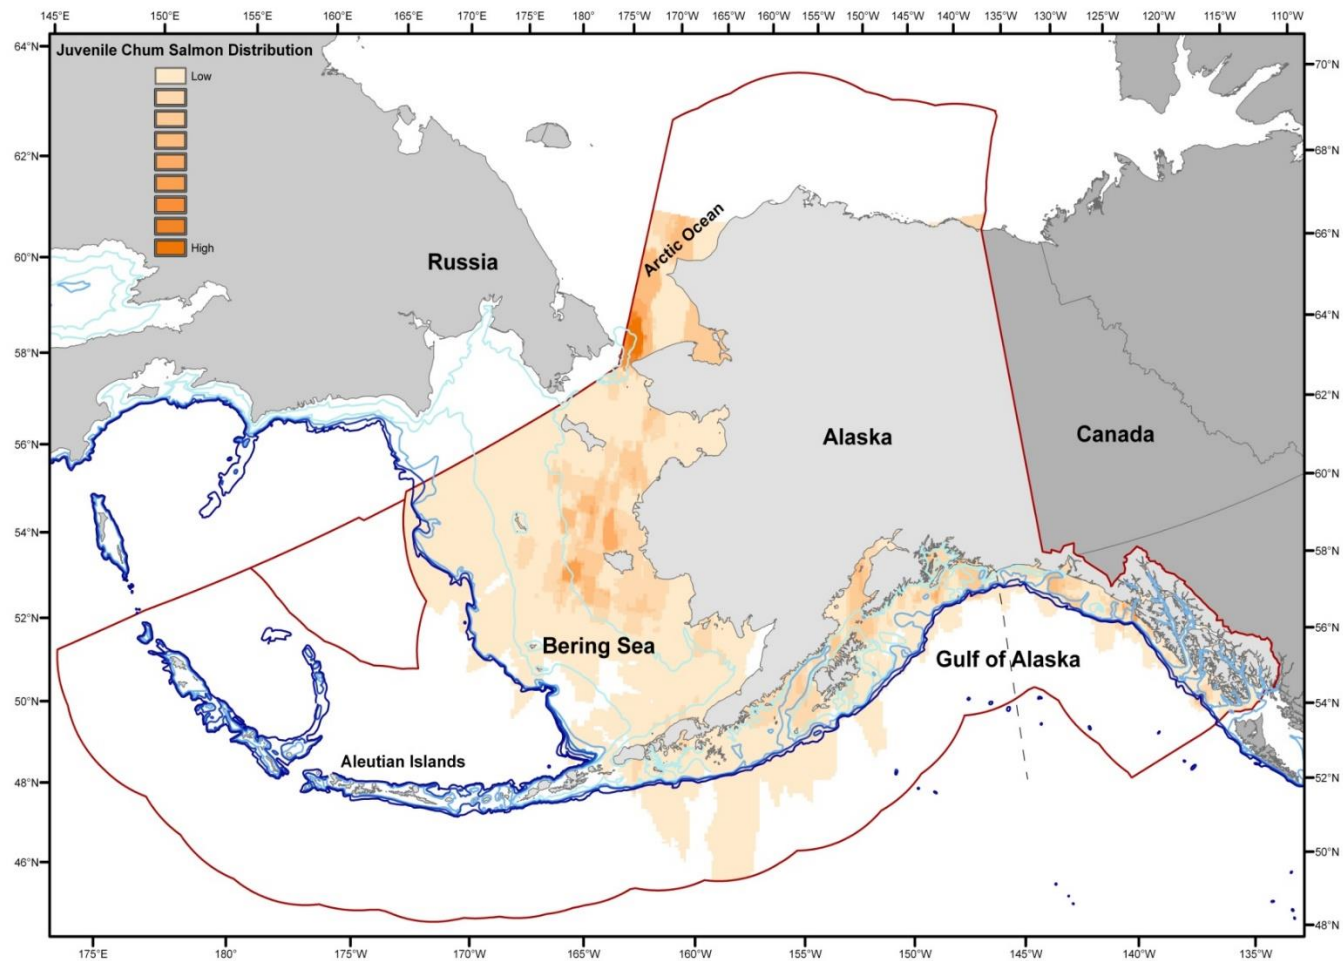

Figure H - 8 95% of the spatial distribution of marine juvenile chum salmon in Alaska

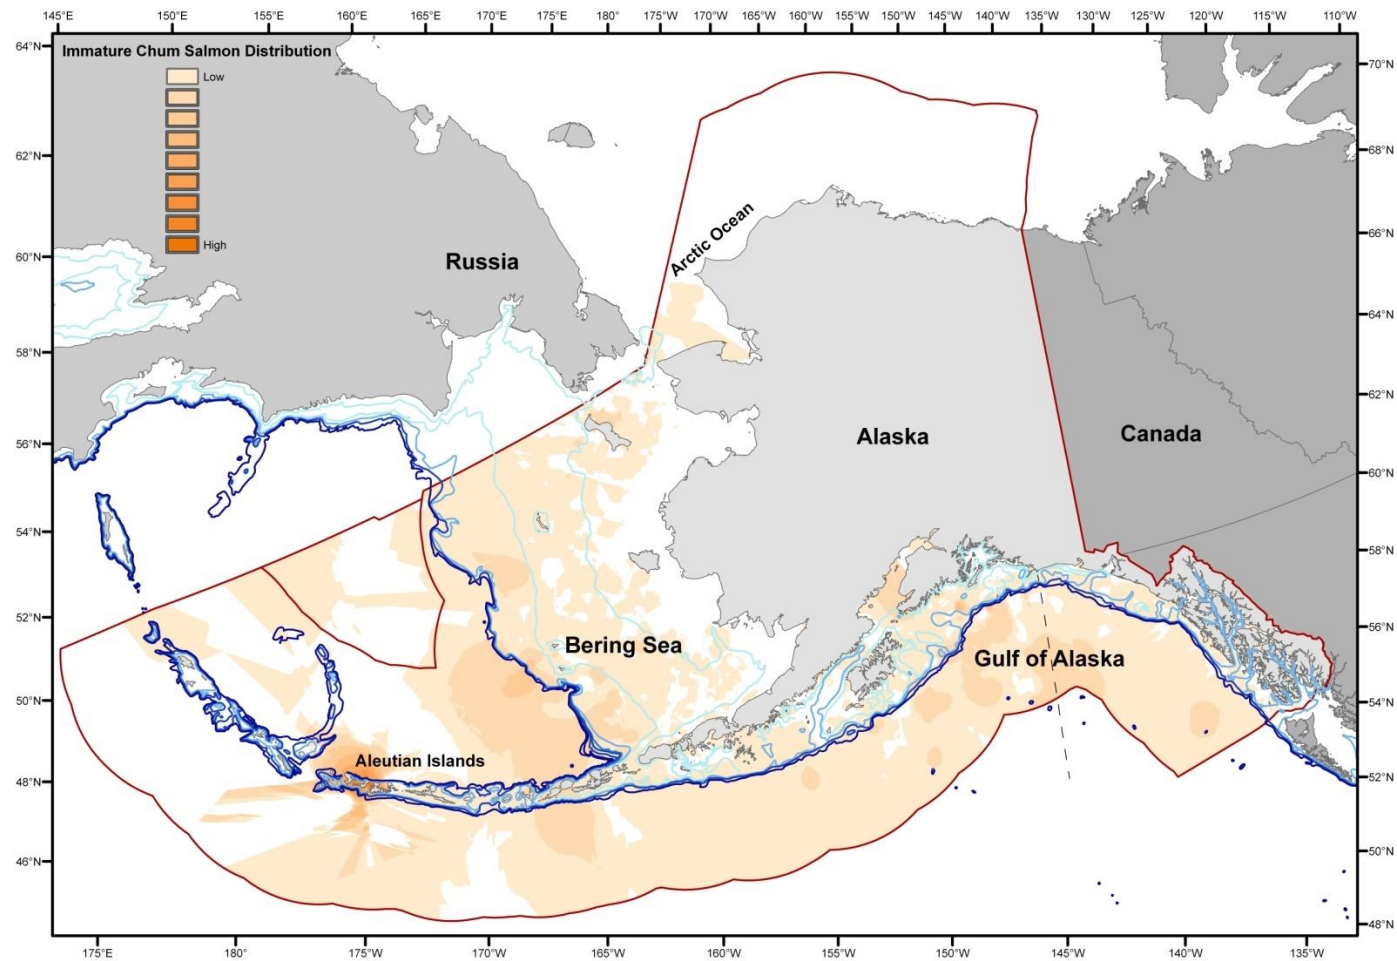

Figure H - 9 95% of the spatial distribution of immature marine chum salmon in Alaska

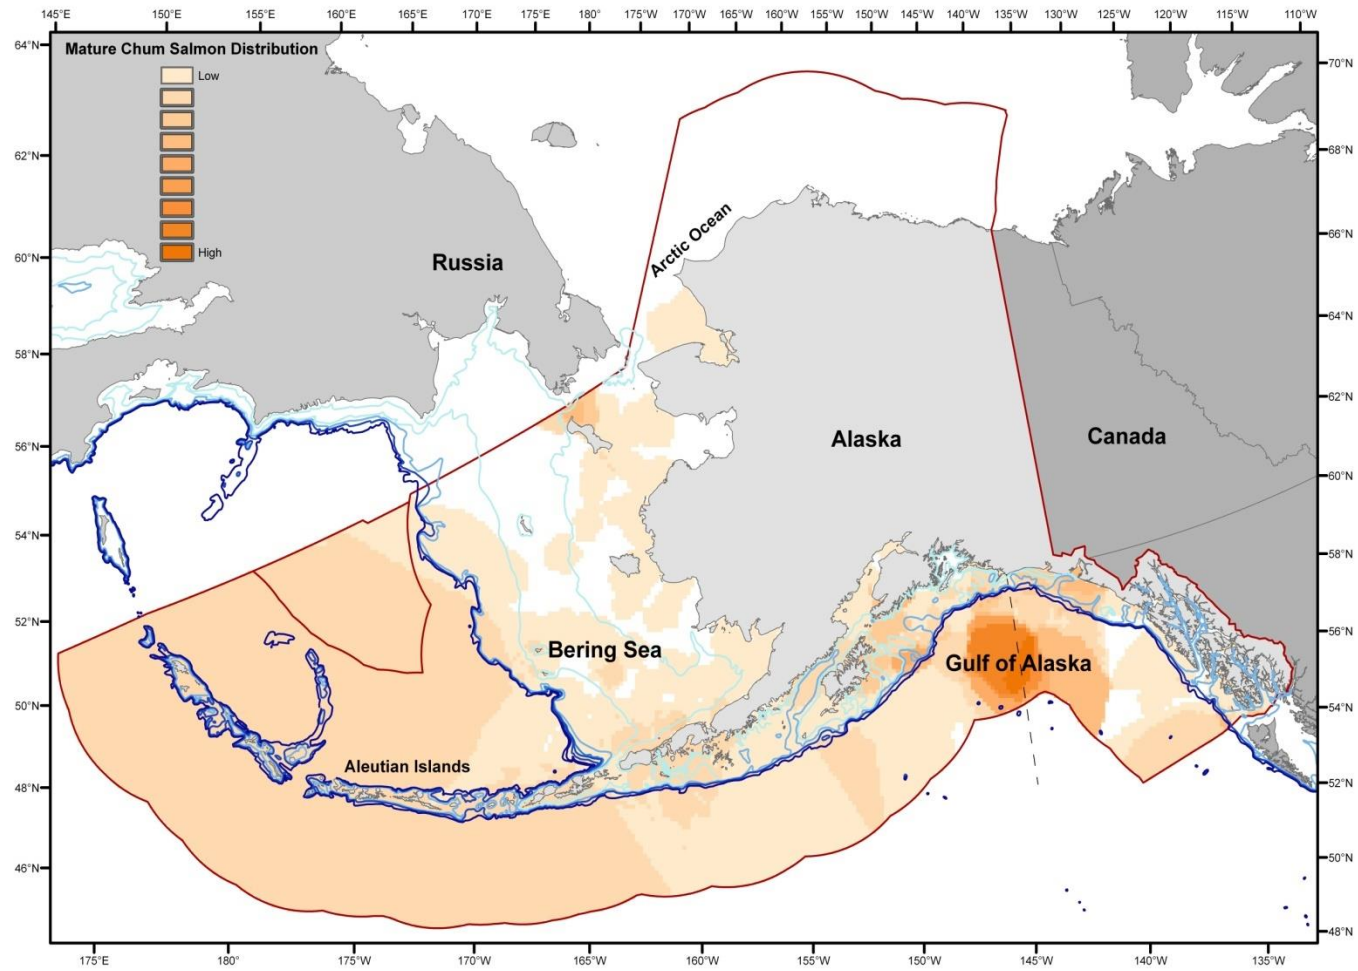

Figure H - 10 95% of the spatial distribution of marine mature chum salmon in Alaska

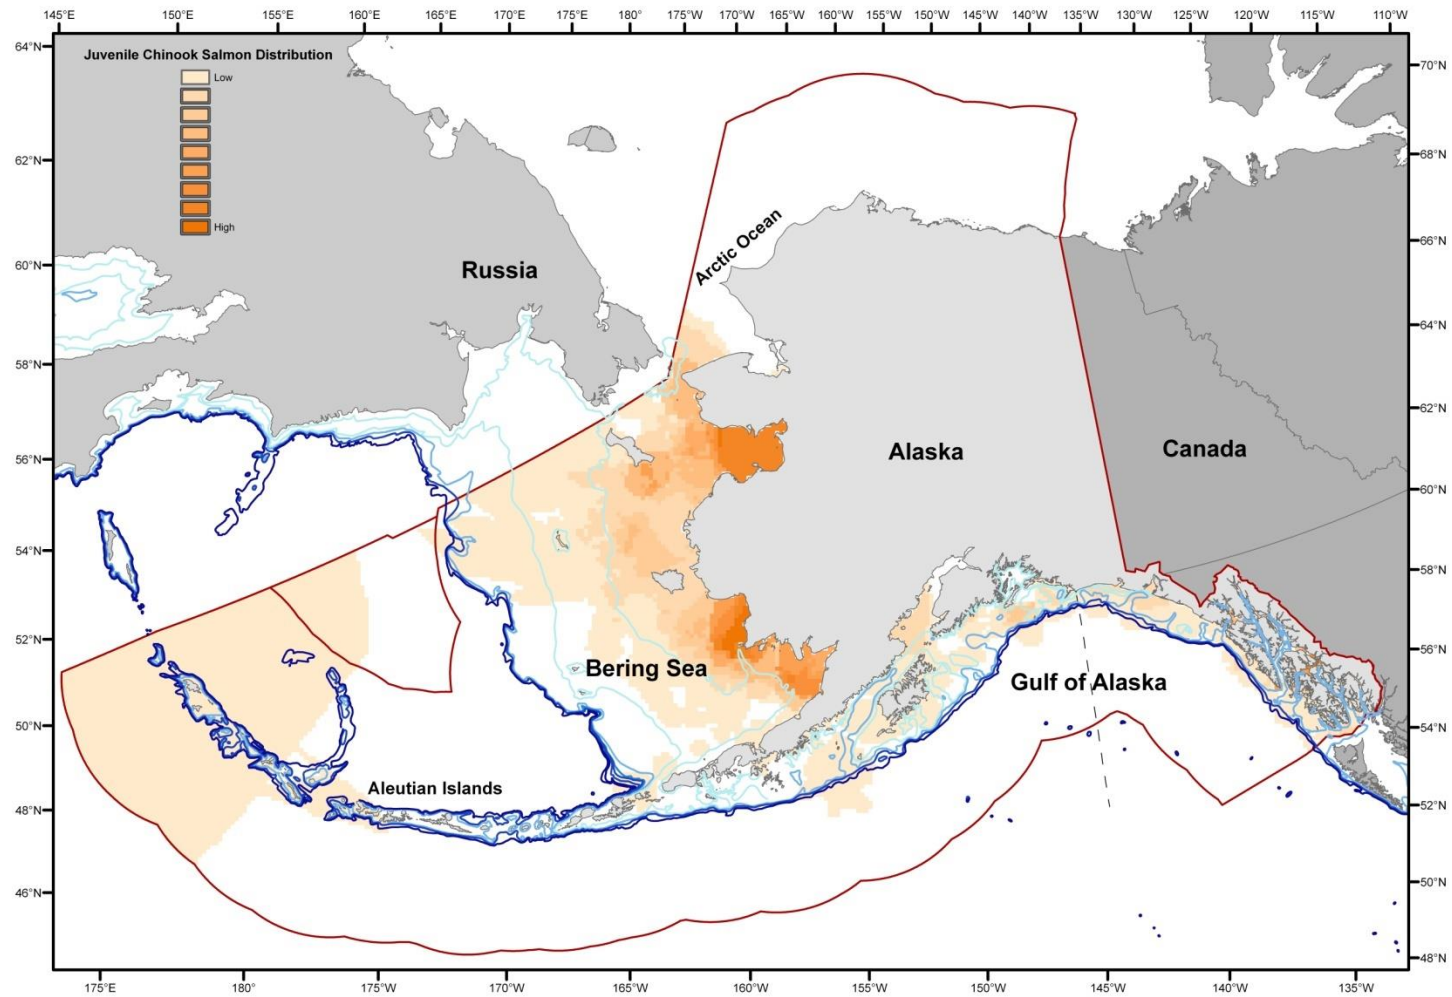

Figure H - 11 95% of the spatial distribution of marine juvenile Chinook salmon in Alaska

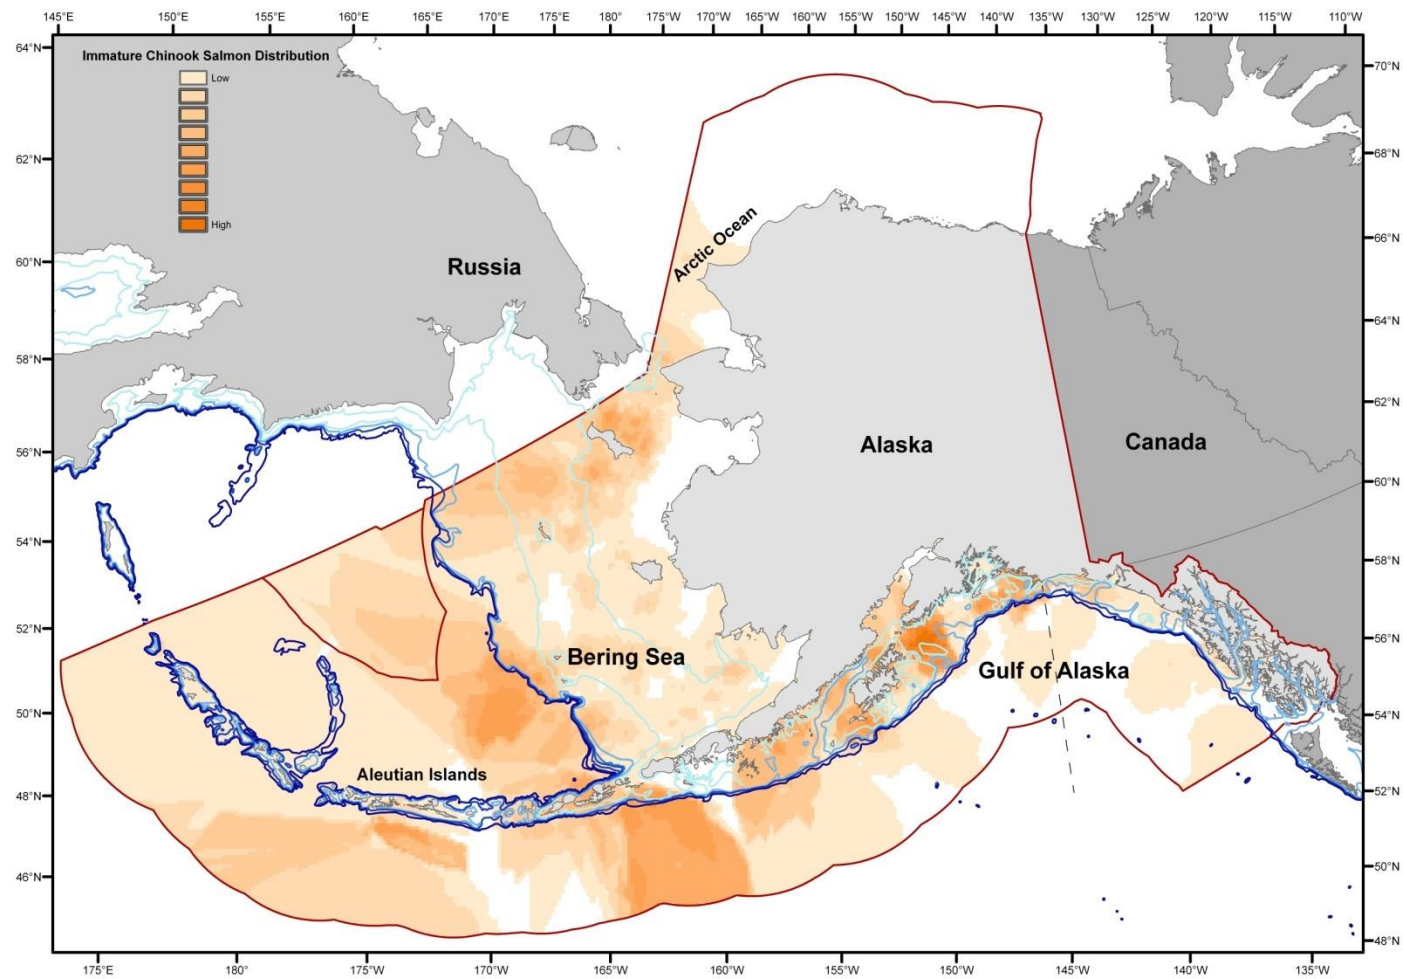

Figure H - 12 95% of the spatial distribution of marine immature Chinook salmon in Alaska

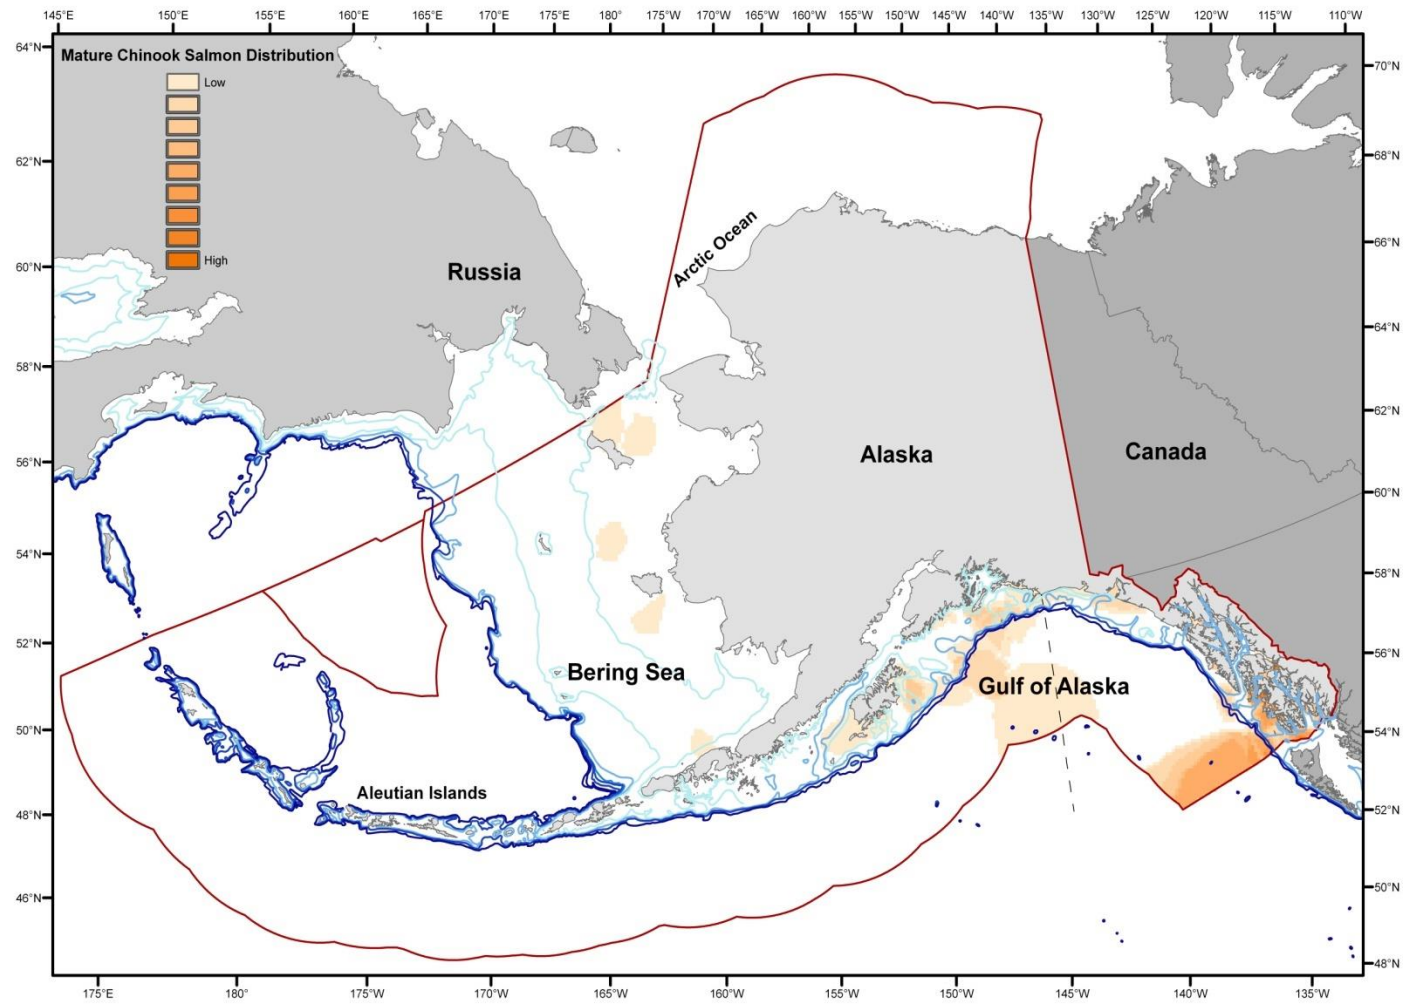

Figure H - 13 95% of the spatial distribution of mature Chinook salmon in Alaska
