

C-4 Mixing Guided and Unguided Halibut
Final Action
April 5, 2018
Council motion

The Council selects Alternative 3, with the following revisions (shown in bolded text), as its preferred alternative:

Alternative 3.

If halibut harvested using sport fishing guide services is possessed with halibut not using sport fishing guide services on Convention waters in Area 2C or 3A, the **following Federal or IPHC** annual management measures for guided sport fishing for the area that the halibut was harvested apply to all halibut onboard the fishing vessel: **carcass retention requirements, daily bag and possession limits, and size limits (if applicable).**
